**Business Report** 

# (I) Taiwan economic development

Due to the good practice in the pandemic prevention of coronavirus that led to continuous production, manufacturing, and livelihood consumptions, the Directorate General of Budget, Accounting and Statistics released the 2020 economic growth rate as 3.11%, which performance surpassed all developed countries.

Favored by the improvement of the economic environment and new vehicle purchase triggered by the uncertainty of new car purchase policy by the end of the year, the total sales volume for Taiwan's car market in 2020 was 444,000 vehicles, which increased by 4.1% compared with 2019. The sale of made-in-Taiwan vehicle had grown by 5.6%, imported vehicle grown by 2.5%; passenger vehicle declined by 8.3%, commercial vehicle grown by 11.8% and RV vehicle grown by 12.8%.

## (II) The Company's business report

The Company sold 36,200 vehicles in 2020 and representing 4.3% declined with the year of 2019. The marketing share of 8.2%, and representing 0.7% declined with the year of 2019. The operating income amounted to NT\$29.66 billion, the operating profit amounted to NT\$0.30 billion, the net income before tax amounted to NT\$8.16 billion, and the earnings per share after tax was NT\$21.8. The relevant business activities in 2020 are as follows:

### 1. New car models marketed

NISSAN launched the domestic ALL NEW SENTRA in Q4. With the brand-new wild and charming look, sophisticated interior compatible to that of luxurious car models, upgraded smart safety equipment, and superior fuel consumption performance, the sales order for ALL NEW SENTRA in the first month hit 3,000 vehicles and substantially surpassed the previous sales target.

The new-generation NEW JUKE import car was released in the same quarter, appealing with the unstrained new-general English charisma, incorporated with high-tech interior and 1.0 turbine engine. The new release became the most popular model in the market.

### 2. Corporate Social Responsibility

To implement the management concept of "Pursue of customer satisfaction, create corporate prosperity and contribute to social welfare," the Company invests resource over the long run and actively fulfill corporate social responsibilities, in order to foster talents for Taiwan's automobile industry. The Company has been recognized by the Ministry of Labor with "2020 National Talent Development Awards.

Apart from holding the largest automobile creative competition, "NISSAN Design Competition" in Taiwan for 15 years in a row since 2005, the Company also sponsored the INFINITI Engineering Academy - Asia & Oceania Final 2020, NISSAN Warrior Task, Children's Automobile Expert Experience Camp and other activities, which aimed to stimulate students with creativity and foster the potential seeds for the automobile industry. The Company intends to play the benchmark role in the development of national talent fostering, create social value and stride towards sustainable management.

Moreover, the Company has been sponsoring the insurance premium of "Employer Compensation Contract Liability Insurance" for the temporary cleaning workers at the Department of Environmental Production of Taipei City Government since 2004. The insurance provides protection for those nameless heroes who keep Taipei City clean. Over 30,000 people have benefited from this program.

The Company called for all employees of the Company and distributors to participate in book donations for charity. The rebate for books purchased was used in the funds for operating the "Physical and Psychological Restructuring Services for Those with Facial Burns or Other Burns" under Sunshine Social Welfare Foundation.

Yulon Nissan has been paying attention to environmental protection issues for a long time, committing to comply with the relevant law and regulations, and compiling corporate social responsibility reports annually to fully disclose the company's fulfillment of corporate social responsibility. The company also works with the suppliers to build up a green supply chain in order to substantiate the concept of "synergy of environmental protection and economic development" and contributes to the sustainable development of the earth.

### 3. Business operation in Mainland China

A total of 25.311 million vehicles were sold in Mainland China in 2020, representing 1.9% declined over the year of 2019. Of which, a total of 20.178 million (decreased by 6.0%) passenger cars and 5.133 million (increased by 18.7%) commercial vehicles were sold. For Dongfeng Nissan passenger cars, 1.199 million vehicles (decreased by 6.1%).

#### (III) The prospects

Due to the impact of supply shortage in vehicle chips worldwide, it is estimated that the market will face inadequate utilization of vehicle production in the first half of the year, which will thereby affect the sales momentum. Under adversity, our Company will do our best to work out and maintain stable development of the operation.

#### 1. Introduction of new products

NISSAN will launch the long-distance driving LEAF electric car by Q4. The battery capacity will expand by 50% compared with the previous model, which can become the best solution for consumers with the need for long-distance driving.

INFINITI launched the all-new Q50 300GT model in Q1: Equipped with the lightweight V6 double turbine engine for high efficiency, appealing the luxury car style through robust performance, racing appearance, quality interior, and high-tech entertainment. At the same time, QX55 SUV Coupe will be introduced before Q4 as an extension of the classic profile of FX luxury SUV, incorporated with VC-TURBO-variable compressor turbo to bring an exceptionally new driving experience for the consumers.

### 2. Improvement of Customer Service Satisfaction

NISSAN and INFINITI will continue to boost sales and service quality, improve hardware/software, and adopt innovative IT and fast services to supply consumers with superb products and services.

### 3. Export expansion

As a result of the global pandemic impact and many countries executed shutdown as well as other policies, the market demand drastically shrunk. The 2020 export revenue for spare parts was US\$70 million. The areas of export include Singapore, Egypt, Japan, Thailand, Indonesia, Philippines, Malaysia, Vietnam, India, South Korea, and countries in the Middle East. In 2021, the Company will initiate to expand in the new export market and meet the demand of existing clients, in order to generate a bigger growing force in revenue.

### 4. Business operation in Mainland China

According to the forecast released by the China Association of Automobile Manufacturers, the automobile sales volume in China will hit 26300 thousand vehicles by 2021, which will be up 4% compared to 2020. Under the factors such as a slowing pandemic, adjusted macroeconomics, and consumer policy, the sales volume for Dongfeng Nissan is projected to improve, compared with the 2020 performance, on a conservative basis.

With the support of all our shareholders and the concerted efforts of all our colleagues, Yulon-Nissan Taiwan is confident in creating the greatest benefits in a competitive market.

#### **Resolution**:

### **INDEPENDENT AUDITORS' REPORT**

The Board of Directors and Stockholders Yulon Nissan Motor Company, Ltd.

#### Opinion

We have audited the accompanying financial statements of Yulon Nissan Motor Company, Ltd. (the Company), which comprise the balance sheets as of December 31, 2020 and 2019, and the statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2020 and 2019, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

#### **Basis for Opinion**

We conducted our audit of the financial statement for the year ended December 31, 2020 in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. We conducted our audit of the financial statements for the year ended December 31, 2019 in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants, Rule of No.1090360805 issued by the Financial Supervisory Commission of the Republic of China. Our responsibilities under those standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended December 31, 2020. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matter of the Company's financial statements for the year ended December 31, 2020 is described as follows:

#### Depreciation of Molds and Dies

In accordance with IAS 16 "Property, Plant and Equipment", the depreciable amount of an

asset should be allocated on a systematic basis over its useful life. The Company depreciates molds and dies using the unit of production method, and reviews the estimated number of vehicles that are expected to be sold in the future for each vehicle model every six months based on market sales. The estimated number of vehicles to be sold is then used to calculate the amount allocated to each mold and die, and is used as the basis for the depreciation of molds and dies. The depreciation of molds and dies in 2020 was \$542,784 thousand. Since the amount of depreciation of molds and dies is significant and estimates of the units sold are highly dependent on management's judgment, the depreciation of molds and dies is considered to be a key audit matter.

The related accounting policies and critical accounting judgments are disclosed in Notes 4 and 5 to the financial statements, respectively; the related amounts are disclosed in Note 11 to the financial statements.

We understood the Company's depreciation process of molds and dies and related control systems, evaluated the design of the controls and tested the operating effectiveness of the controls. We also obtained the information and documents from management which is used as the basis for the estimated number of units of vehicles of each model to be sold in the future and assessed the rationality and reliability of the supporting information. In addition, we took appropriate samples of the transactions of molds and dies and checked them against the original documents and cash flows, performed inventory counts and sent confirmation requests. We also recalculated the amount of depreciation of molds and dies on the basis of estimated production volume and assessed the rationality of the calculated depreciation and the accuracy of the carrying amount of the molds and dies. Moreover, we determined that there was no significant difference between the amended estimated number of units of future sales of vehicles in the previous year's financial statements and the actual number of units sold, and confirmed the appropriateness of management's estimation.

# Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including independent directors and the audit committee, are responsible for overseeing the Company's financial reporting process.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1.Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

2.Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

3.Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

4.Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

5.Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

6.Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence,

and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the year ended December 31, 2020 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Wan-I Liao and Cheng-Chuan Yu.

#### Notice to Readers

The accompanying financial statements are intended only to present the financial position, financial performance and cash flows in accordance with accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such financial statements are those generally applied in the Republic of China.

For the convenience of readers, the independent auditors' report and the accompanying financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. If there is any conflict between the English version and the original Chinese version or any difference in the interpretation of the two versions, the Chinese-language independent auditors' report and financial statements shall prevail.

#### **INDEPENDENT AUDITORS' REPORT**

The Board of Directors and Stockholders Yulon Nissan Motor Company, Ltd.

#### Opinion

We have audited the accompanying consolidated financial statements of Yulon Nissan Motor Company, Ltd. and its subsidiaries (the Group), which comprise the consolidated balance sheets as of December 31, 2020 and 2019, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2020 and 2019, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

#### **Basis for Opinion**

We conducted our audit of the consolidated financial statements for the year ended December 31, 2020 in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. We conducted our audit of the consolidated financial statements for the year ended December 31, 2019 in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants, Rule No. 1090360805 issued by the Financial Supervisory Commission of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended December 31, 2020. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matter of the Group's consolidated financial statements for the year ended December 31, 2020 is described as follows:

#### Depreciation of Molds and Dies

In accordance with IAS 16 "Property, Plant and Equipment", the depreciable amount of an asset should be allocated on a systematic basis over its useful life. The Group depreciates molds and dies using the unit production method, and reviews the estimated number of vehicles that are expected to be sold in the future for each vehicle model every six months based on market sales. The estimated number of vehicles to be sold is then used to calculate the amount allocated to each mold and die, and is used as the basis for the depreciation of molds and dies. The depreciation of molds and dies in 2020 was \$542,784 thousand. Since the amount of depreciation of molds and dies is significant and estimates of the units sold are highly dependent on management's judgment. Therefore, the depreciation of molds and dies is considered to be a key audit matter.

The related accounting policies and critical accounting judgments are disclosed in Notes 4 and 5 to the consolidated financial statements, respectively; the related amounts are disclosed in Note 12 to the consolidated financial statements.

We understood the Company's depreciation process of molds and dies and related control systems, evaluated the design of the controls and tested the operating effectiveness of the controls. We also obtained the information and documents from management which is used as the basis for the estimated number of units of vehicles of each model to be sold in the future and assessed the rationality and reliability of the supporting information. In addition, we took appropriate samples of the transactions of molds and dies and checked them against the original documents and cash flows, performed inventory counts and sent confirmation requests. We also recalculated the amount of depreciation of molds and dies on the basis of estimated production volume and assessed the rationality of the calculated depreciation and the accuracy of the carrying amount of the molds and dies. Moreover, we determined that there was no significant difference between the amended estimated number of units of future sales of vehicles in the previous year's consolidated financial statements and the actual number of units sold, and confirmed the appropriateness of management's estimation.

#### **Other Matter**

We have also audited the parent company only financial statements of Yulon Nissan Motor Company, Ltd., as of and for the years ended December 31, 2020 and 2019 on which we have issued an unmodified opinion.

# Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including independent directors and the audit committee, are responsible for overseeing the Group's financial reporting process.

#### Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- 1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2020 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audits resulting in this independent auditors' report are Wan-I Liao and Cheng-Chuan Yu.
