## I. Letter to Shareholders

Dear Shareholders,

The global economy was affected by high interest rates, high inflation, and geopolitical conflicts last year (2023). Facing the situation of having strong domestic demand and sluggish investment and export, Taiwan's economic growth was only up 1.31%. Nonetheless, all car makers have restored their normal operation in the supply chain. To deplete the accumulated orders for long, the sales volume for Taiwan's compact car market reached 466,000 vehicles, up 12.2% compared with the previous year. In particular, the growth of domestic cars is up 6.6% and the growth of imported cars is up 18.8%.

Yulon Nissan's car sales in 2023 was 23,818 vehicles, driven by new car release, the investment in China and the proceeds from component exports, resulting in a market share of 5.1%. The consolidated sales revenue was NTD26.14 billion, operating income NTD120 million, net income before tax NTD1.47 billion, and earnings per share NTD3.87.

With regards to the release of new cars, the X-TRAIL e-POWER of NISSAN was imported from Japan and market launched in Taiwan in 2023 with the appeal of "a recharging-free electric vehicle" and an interior that is comparable with luxury brands, as a result, the model is sold out during the pre-sale promotion. Under the circumstances, the X-TRAIL light petrol-electric model, a domestic version, has been market launched with three new technologies, including "VC-TURBO power," "light petrol-electric system," and "ProPILOT intelligent travel safety," equipped to create a model that outperforms its competing domestic mid-size SUV models in the sense of power and safety specifications. KICKS e-POWER, a new energy crossover SUV model, was market launched with appeals of "electric car driving experience," "strong torque," "high efficiency and energy saving," and "quiet and

裕隆日產

comfortable driving experience” that received an enthusiastic response in the market. Meanwhile, limited-edition of KICKS, ALL NEW SENTRA Bright limited edition, KICKS limited radiance version and ALTIMA with minor design change, are also released. As for INFINITI, the brand released the 2023 QX60, 2023 QX55, and 2024 QX50, with the introduction of the caramel interior of QX60 and the bright special-edition of QX50S.

With regards to investment in mainland China, the automobile sales in China last year (2023) was 30.09 million vehicles, the sales volume of Dongfeng Nissan passenger vehicles was 723,000 vehicles. It is forecasted that this year (2024), the automobile market in China is projected to exceed 31.00 million vehicles. Under the continuous expansion of new energy fields and the investment in powered products, the sales performance of Dongfeng Nissan is expected to improve compared with last year.

With regards to spare part export, Yulon Nissan continued to expand its markets in Japan, China and other Asian countries in 2023, with fruitful results in general. In 2024, Yulon Nissan will cooperate with Japanese partners in developing the parts for optional purchase with competitiveness, which will help with future exports to Europe and North America and is expected to increase its export revenue.

The Company values corporate sustainable development while improving its operational performance. We were awarded with the 2023 TCSA Taiwan Sustainability Award and also received the “Sports Enterprise Certification” and “Healthy Corporate Citizen Certification.” In terms of social welfare, Each year, the Company donates the insurance premium of “Employees’ Indemnity Contract Liability Insurance” of temporary cleaning workers at Department of Environmental Protection, Taipei City, accumulating coverage for more than 34,000 people and organizes “Nature Travels” to promote the concept of environmental and sustainable management. In terms of talent cultivation, the company has made a contribution to the development of the automobile industry by arranging activities like “2023-2024 Nissan Design the Future Awards” and “NISSAN Children Camp.”

This year (2024), it is expected that the economic outlook of Taiwan will gradually rebound from the bottom. Yulon Nissan will continue to bring excellent car-purchase experience to customers through quality products and attentive services. NISSAN brand will launch two new models, whereas the ALL NEW SENTRA new design will be released to outperform the recreational vehicle market based on advanced design. ARIYA, the new-generation electric SUV, was released to the market officially. This mode represents the pioneering full-electric mode of NISSAN, which not only owns the full level-2 semi-automated driving systems, its appearance and internal seats present exquisite Japanese artistry and craft. In the second half of the year, two special editions of mainstream SUVs will be released, which are the joint special-edition model of X-TRAIL and KICKS. They adopt brand-new parts on the outside with personalized interior design as embellishment, which provides unique choices for consumers with appeal in excellent experience. Additionally, Yulon Nissan plans to launch the KICK e-Power new interior special edition, meeting consumer satisfaction for the requirement and appeal in interior quality through the new dual-color interior design. The INFINITI brand will continue to introduce models for the new year and strive for the introduction of new car models from the original maker, in order to boost its product competitiveness and satisfy consumers with a preference for INFINITI.

Looking into the future and under the support from all shareholders and efforts from all employees, Yulon Nissan will continue to increase revenue and profits through the strengthening of products, services and brand value. Yulon Nissan is confident in maximizing the benefits from the intensely competitive market.

Finally we would like to express our gratitude for the support from all shareholders on behalf of all employees at Yulon Nissan Motor Co., Ltd. We wish your health and success.

Thank you.

Chairperson: Yen Chen, Li Lien

TOTAL	415,439	100.0%	466,016	100.0%

## 2. Highlights of Business Operation Plans for 2024 :

### (1)Management Guidelines

Yulon Nissan integrates the abundant management resources from Nissan Motor Company Global and Yulon Group to develop the following company management guidelines:

1. Build strategy-oriented organizations to form sustained competitive advantage.
2. Lead the market trends and style through innovative products and services.
3. Use macro environmental resources to create synergies for business operation.
4. Implement profit growth model to maximize values for customers.

### (2) Expected Business Objectives

In response to the intensifying market competition and the continuous increase in demand for electrified products,we are not only enhancing brand communication and visibility but also continuing to develop “NISSAN INTELLIGENT MOBILITY” as the main focal point for promoting the brand

more widely. The introduction of brand concept propagation and performance promotions will bring more electric model products to meet consumer requirements, in addition to optimizing the combination of model sales through the supplementary strategy of domestic and imported vehicles. Owing to the prevalence of the digital marketing trend and mobile devices, we will continue to improve the digital marketing capabilities. To increase the percentage of digital sales through the model of online marketing and offline experiences and develop the Certified Pre-owned (CPO) car digital platforms. We are also promoting a sales mode “Mobile Showroom”, in which various electronic tools are applied to demonstrate the advantages and features of each car model. On the other hand, we optimize the company websites “NISSAN Care” and “INFINITI Care” as well as other new owner-dedicated APP functions. These mobile technologies are applied to interact with car owners and improve immediate and personalized service. We will keep putting efforts into pre-sales, in-sales and post-sales services and make them more comprehensive and of higher quality.

### **3. Future Development Strategy Of The Company :**

To sustain the demand for company growth, NISSAN Motor reexamines the mid and long-term internal and external environmental impact assessment and identifies the future potential market risks and opportunities. The Company prudently designs the Mid-Term Strategic Plan and expects to establish the core competitive advantage, in order to assure the accomplishment of mid-term strategic objectives.

The framework of Mid-Term Strategic Plan:

- (1)Product Development Strategy: Promptly introduce competitive new electric models to ensure the competitiveness in car market.
- (2)Revenue growth strategy: In response to digital sales trends, the Company devotes to digital transformation and expects to experience a brand-new sales model for improving revenue through an online sales line.
- (3)Cost rationalization strategy: Examine the total-value chain of the vehicle life cycle to manage the total delivery costs, in order to continue improving the cost competitiveness efficiency and benefits.
- (4)New business development strategy: Apart from currently available YULON NISSAN product lines, we are reaching out to NISSAN global car models and looking for opportunities to introduce more car models. In the meantime, we are also embarking on the EV maintenance & service business and progressively expanding more businesses to increase corporate continued growth.
- (5)Corporate governance improvement strategies: Adopted by the Board of Directors, the Company set up a dedicated corporate governance superior who meets the eligibility of “Regulatory Matters for Board of Directors by TWSE Listed Companies and the Board's Exercise of Powers” to protect the interests of shareholders and strengthen the function of Board Directors, in addition upgrading the corporate operational efficiency.

### **4. Impact of External Environment (including competitors, regulations, macroeconomics and other factors) :**

In recent years, benefited from many favorable factors like the car replacement boom encouraged by the policy “Out with the Old and In with the New” and new car models successively presented by car manufacturers, Taiwan car market was growing stably and steadily. With the electrification of the car market, competition among car manufacturers is gradually intensifying. In order to stabilize future corporate growth, we are progressively planning and stepwise developing the short-, medium-, long-term strategies and action plans from a broad perspective to assure corporate sustainable operation and long-range profit performance.

	Work experience: Independent Director, Carnival Co., Ltd.		

Note1: Directors who meet the following conditions 2 years prior to the election and during the post.

- (1) Not an employee of the company or its affiliates
- (2) Not a director or a supervisor of the company or its affiliates (excluding the independent directors of the company's or the mother company's subsidiaries that directly or indirectly hold over 50% shares of the voting right)
- (3) Not a natural person shareholder who or whose spouse, minor child, or who on behalf of other people, holds over 1% of the company's total issued shares or is one of the first 10 shareholders
- (4) Not a spouse, or within a second-degree relative or a fifth-degree direct relative of the above 3 parties
- (5) Not a director, supervisor, or employee of a corporate shareholder that directly holds 5% or more of the company's total number of issued shares, or that ranked among the top five in shareholdings, or that designated to serve as a director or supervisor of the company under Article 27, paragraph 1 or 2, of the Company Act. However, the independent directors appointed in accordance with the Act or the law and regulations of the local country by, and concurrently serving as such at, the company and its parent or subsidiary or a subsidiary of the same parent is not subject to this requirement.
- (6) A majority of the company's director seats or voting shares and those of any other company are not controlled by the same person who is a director, supervisor, or employee of that other company. (excluding the independent directors of the company's or the mother company's subsidiaries that directly or indirectly hold over 50% shares of the voting right)
- (7) The chairperson, general manager, or person holding an equivalent position of the company and a person in any of those positions at another company or institution are not the same person or are not spouses who is a director (or governor), supervisor, or employee of that other company or institution. (excluding the independent directors of the company's or the mother company's subsidiaries that directly or indirectly hold over 50% shares of the voting right)
- (8) Not a director, supervisor, manager or a shareholder with over 5% shares who are from specific companies or organizations that have that have financial or business transactions with the company
- (9) Not a professional individual who, or an owner, partner, director (or governor), supervisor or officer of a sole proprietorship, partnerships, company, or institution that, provides auditing services to the company or any affiliate of the company, or that provides commercial, legal, financial, accounting or related services to the company or any affiliate of the company for which the provider in the last 2 years had received cumulative compensation exceeding NT\$500,000 or a spouse thereof; provided this restriction does not apply to a member of the remuneration committee, public tender offer review committee or special committee for merger and acquisition, who exercise powers pursuant to the "Securities and Exchange Act" or to the "Business Mergers and Acquisition Act" or relevant law and regulations.
- (10) Neither a spouse nor within a second-degree relative of other directors
- (11) Without any of the circumstances mentioned in the provisions of Article 30 of the Company Law
- (12) Not a government, legal person or representative elected according to Article 27 of the Company Law

## 2. Diversification of Board members

Yulon Nissan Motor Co., Ltd. refers to the “Corporate Governance Best Practice Principles for TWSE/TPEx Listed Companies” and stipulates in its own corporate governance best practice principles that the composition of the Board of Directors shall diversify, including but not limited to basic requirements (e.g., gender and nationality) and professional knowledge and skills (e.g., professional background and industry experience). Relevant contents have been disclosed on the company website. According to the corporate governance best practice principles, the Company shall ensure that the Board of Directors shall include at least one woman, consist of more than two nationalities, and have professional backgrounds covering business judgment, management, finance, and law to maintain the breadth and depth of the Board’s decision-making. The incumbent Board members meet the aforementioned requirements for diversity (Note 1).

Name	Conditions			Industry experience				Professional ability

#### **(4) Analysis and description of the net profits macro or individual financial report after payment of remuneration made out to Directors, President, and Senior Vice President in the last 2 years.**

The percentages of the total remuneration amount paid to the company's directors, general managers and vice general managers against the net profit after tax are respectively compared and analyzed, and the relationship among the policies, standards and combinations of compensation payment, the procedures of the compensation establishment and the operational performance is also described.

Unit: NTD thousand

Title	2022 year			2023 year		
	Total Compensation (Note)	Net Profit After Tax	% of Total Remuneration against Net Profit after Tax	Total Compensation (Note)	Net Profit After Tax	% of Total Remuneration against Net Profit after Tax
Director	13,200	2,410,581	0.55%	13,200	1,161,025	1.14%
President and Senior Vice President	14,539	2,410,581	0.60%	11,222	1,161,025	0.97%
Total	27,739	2,410,581	1.15%	24,422	1,161,025	2.10%

Note : Compensation includes the company and all consolidated companies

The company's directors should receive a total of NTD 100,000 (including transportation allowances) per month. The chairperson's remuneration should be paid according to the negotiation of the authorized Board of Directors in terms of his participation frequency in the company's operation and the contributions without exceeding the standard of the highest salary level established by the company. In 2023, the directors remuneration were compliance with the articles of incorporation and there is no variable remuneration.

The remuneration paid by the Company to managers is determined by the Salary Remuneration Committee with routine review on the annual and long-term performance goals of managers as well as the policy, system, standards and structure of salary remuneration. Moreover, the company routinely evaluates the achievement of performance goals of managers with consideration of the amount, payment method and future operational risk of salary.

According to Article 31 of the Articles of Incorporation, remunerations appropriated for employees shall not be less than 0.1% of the annual business profit, if any. Remunerations for managers include the salary and bonus. The salary is determined by reference to the industrial standards as well as the individual's job title, rank, academic background, work experience, professionalism and responsibilities, while the bonus is based on the "Performance Evaluation Guideline" applicable to managers and general employees. The indicators for evaluating managers include department objectives of operations, e.g. operation profit, sales volume, new model introduction and customers' satisfaction etc.; management aspects, e.g. talent cultivation, promotion of cross-functional improvement activity etc. by taking into account the Company's overall profitability, target achievement rate, operating efficacy, and contributions, and then the remuneration is proportionately calculated and given for a reasonable distribution which, however, is subject to timely review of actual operational status and statutory regulations.

### 3. Operation of Corporate Governance

#### (1) Operational Status of the Board of Directors

There have been 6 annual meetings held for the Board of Directors recently. The attendance of directors and independent director is as follows:

Title	Name	Number of Times for Actual Attendance	Number of Times for Authorized Attendance	% of Actual Attendance	Note
Corporation Director	Yulon Motor Co., Ltd.

Corporation Director Representative	Hisano Takashi	0	0	-	Appointed on Apr. 26, 2024.
Corporation Director Representative	Masanari Ueda	6	0	100%	Resigned on Apr. 26, 2024.
Corporation Director Representative	Ishizuka Atsushi	0	0	-	Appointed on Apr. 26, 2024.
Corporation Director Representative	Hideki Kimata	0	1	0%	Resigned on Apr. 26, 2023.
Corporation Director Representative	Hiroshi Shirakami	5	0	100%	Appointed on Apr. 26, 2023. Resigned on Apr. 26, 2024.
Corporation Director Representative	Motoo Sato	1	0	100%	Resigned on Apr. 26, 2023
Corporation Director Representative	Koichi Kitazawa	5	0	100%	Appointed on Apr. 26, 2023.
Corporation Director Representative	Ozaki Kazuhiro	0	0	-	Appointed on Apr. 26, 2024.
Independent Director	Jung-Fang Kuo	6	0	100%	
Independent Director	Yun-Hua Yang	6	0	100%	
Independent Director	Hung-Wen Chang	6	0	100%	

**Other Notes:**

1. The board of directors operates in the following circumstances ,should specify the dates, terms, motion content, all of the independent directors' comments and the company's handling of these comments:
  - (1) Matters specified in Article 14-3 of the Securities and Exchange Act: For proposals relating to matters specified in Article 14-3 of the Securities and Exchange Act before the establishment of the Audit Committee, refer to the table below. After the establishment of the Audit Committee in June 2018, the Company should apply to Article 14-5 of the Securities and Exchange Act instead of Article 14-3 of the Securities and Exchange Act. For related resolutions, refer to the "Implementation of the Audit Committee" – "2. Summary of Proposals in the Audit Committee meetings."
  - (2) Resolutions of the Board of Directors with a record or written statement of dissent or reservations of independent directors in addition to the above: None.
2. When directors avoid attending the discussions about proposals that involve conflicts of interests, the name of directors, the proposals, and the reasons for avoidance, and participation in voting shall be specified: The Company has formulated the Rules of Procedures for Meetings of the Board of Directors, which specify that "the proposals involving conflicts of interests with directors or corporations which directors represent shall be explained in the meeting of the board of directors; if the proposals have a risk of damaging the interests of the Company, they shall be excluded from the discussion or voting, and the directors shall avoid attending the discussion or voting and are not allowed to vote on behalf of other directors", and abided by the Rules accordingly.

**3. Implementation Status of Board Evaluations:**

Evaluation Cycle	Implemented every year.																			
Evaluation Duration	January 1, 2023 to December 31, 2023.																			
Scope of Evaluation	Included performance evaluations of the Board, individual directors, and functional committees.																			
Method of Evaluation	Internal self-evaluations were conducted on the Board and Board directors.																			
Content of Evaluation	<p>(1) The result of the evaluation of the board's performance : 4.80 points (full score is 5.00 points) , the points of individual main aspects are as follows :            Participation in corporate operations : 4.80 points.            Board decision-making quality : 4.80 points.            Board composition and structure : 4.80 points.            Director elections and continued training : 4.80 points.            Internal control : 4.70 points.</p> <p>(2) The result of the evaluation of the individual directors' performance : 4.80 points (full score is 5.00 points) , the points of individual main aspects are as follows :            Understanding of corporate goals and tasks : 4.80 points. 4. The goals for strengthening the functions of the Board of Directors in the fiscal year and the recent fiscal year (e.g., establish an audit committee, increase information transparency, etc.) and the evaluation of the operation status:
- (1) Established functional committee: Yulon Nissan established the Salary Remuneration Committee upon adoption by the Board of Directors meeting on December 16, 2011 in accordance with the Securities and Exchange Act. Yulon Nissan is scheduled to establish an Audit Committee on June, 21, 2018 Board of the Directors re-election to continue improving the management quality of the company.
  - (2) Improve competencies of Member of Board of the Directors: Yulon Group holds independent advanced courses each year to improve the professional knowledge including management decision-making, risk assessment, regulation compliance, and corporate sustainability in the Board of the Directors. In September 2023, the “Advanced course for the directors of Yulon Group – A publicly listed company” was held with topics in “Discussion on Trends and Coping Strategies of Sustainability Risk” and “Strategies for Strengthening Digital Resilience and Building Information Security Governance Strengthening for Public Listing Companies”.
  - (3) Improving information transparency: Apart from the information disclosure in Chinese on the Public Observation Post System, the company also established the company website available in Chinese and English, which discloses required information on the Public Observation Post System in English language in step to enhance the understanding of our company by international investors.
  - (4) Evaluation of Execution: Yulon NISSAN developed the “Board of the Directors Performance Appraisal Procedures” on December 21, 2015. The Board of Directors members and meeting units shall routinely conduct performance appraisal and emphasize on the weakness to develop improvement practice. The latest performance evaluation of the board of directors was completed in January 2024. The self-evaluation of the board’s performance and both of the self-evaluation of the board members scored 4.80 points (full score is 5 points) respectively; the self-evaluation of the Audit Committee members scored 5.00 points (full score is 5 points) ; the self-evaluation of the Remuneration Committee members scored 5.00 points (full score is 5 points) ; the above result and subsequent remedial measures were reported to the Company’s board of directors on March 12, 2024.
  - (5) To make sure that the Company’s management constitution responds to the recent issues of social concerns and the global trend of corporate governance, the Company has approved the seventh amendments to the Corporate Governance Best Practice Principles on March 14, 2023. The Principles have been published on the Company’s website and the Market Observation Post System.

## (2) Operational Status of the Audit Committee: Nil.

The Audit Committee is composed of three independent directors of the Company. The Audit Committee is to assist the Board of Directors in overseeing the quality and credibility of accounting, auditing, and financial reporting procedures as well as financial controls performed by the Company. In 2023, the priorities of the Audit Committee were to examine the appropriate presentation of the Company’s financial statements, the independence and competency of the CPAs, and the modification of the internal control system. (3) Does the company pay attention on the impact of climate change on operational activating and execute strategies on greenhouse gas inventory, develop corporate energy-conservation and carbon emission reduction, and greenhouse gas reduction?	V		1.Yulon Nissan continues to pay attention on the global sustainability issues and the development trends of all industries, in attempt to integrate the latest automobile development trends of the market and provide the green products and after-sales services most suitable to consumer demand. The Company adopts various innovative technologies, lowers the impact of cooperate operation on the environment, and discovers new industry opportunities to constantly promote the goals related to environmental sustainability development.	
			2.The automobile industry will face the different regulations and policies implemented by countries worldwide when it comes to issues related to climate change. The entire industry will undergo a major transformation to cope with the possible risks and opportunities taking place in the future. We will adopt the TCFD (Task Force o Climate-related Financial Disclosures) announced by the Financial Stability Board (FSB), namely the core including: governance strategy, risk management, indicators, and goals as the four scope in disclosing climate related information.	
			Governance	The ESG Committee under the NISSAN MOTOR Board of Directors is the highest organization of management for “climate change,” which incorporates issues related to climate change in the goals and scope of performance management. The sustainability environment development and customer/partner relation team will propose the execution plan. Each year, the execution outcome of all plans will be followed-up to periodically report to the ESG Committee.
			Strategy	●Promote sustainable manufacturing/reuse and renewable energy ●Strengthen climate resilience ●Impel electric car technology ●Promote supply chain
			Risk Management	●Incorporate climate risk in corporate risk management ● (ERM) Management Process ●Interdepartmental collaboration and execute

## (8) Execution Status of Internal Control System

### 1. Statement of Internal Control System

Yulon Nissan Motor Co., Ltd.  
Statement of Internal Control System

Date: March 12, 2024

Yulon Nissan Motor Company (Yulon Nissan) has conducted a self-assessment of internal control for the period of January 1, 2023 to December 31, 2023. The results are as follows:

1. Yulon Nissan acknowledges that the Board of Directors and management personnel are responsible for establishing, performing, and maintaining an Internal Control System. The said system has already been duly established at Yulon Nissan. The purposes of the Internal Control System is to provide a reasonable assurance for the Company's efficient and effective operations (including profit, performance and safeguard of assets, and etc.), the reliability, timeliness, transparency, and regulatory compliance of reporting, and the compliance with applicable laws, regulations, and bylaws.
2. Yulon Nissan also acknowledges that the Internal Control System possesses inherent constraints irrespective of the intended impeccability of the system design and therefore could only provide a reasonable assurance of the three aforementioned goal. Due to the changes in environment and circumstances, the effectiveness of the internal control system may vary accordingly. Nevertheless, the Internal Control System is equipped with self-monitoring mechanisms. Should any flaws be recognized, the Company would enforce corrective measures immediately.
3. The company evaluates the effectiveness of the design and implementation of its Internal Control System in accordance with the Guidelines for the Establishment of Internal Control System by Public Companies (the "Guidelines"). The said Guidelines divide internal control into five components: (1) Control Environment, (2) Risk Assessments, (3) Control Operations, (4) Information and Communication, and (5) Monitoring. Each component comprises certain factors. More information regarding the said factors is available in the aforesaid Guidelines.
4. Yulon Nissan has assessed and evaluated the design and effectiveness in the design and performance of the aforementioned system.
5. Based upon the evaluation of the aforementioned system, Yulon Nissan considered the Internal Control System during the opening period (including supervision and management of subordinates), which included the Design and performance of the known operation effectiveness and the degree of reaching the efficiency goals, reliability, timeliness, transparency, and regulatory compliance of reporting and obeying the related internal control system of the relevant laws, regulations, and bylaws, are all effective, and it can ensure that the aforementioned goals can reasonably reached.
6. The Statement of Internal Control System will be a prominent feature of Yulon Nissan annual report and prospectus, and will be released to the public. Should any statement herein involve forgery, concealment or any other illegality, Articles 20, 32, 171 and 174 of the Security Exchange Law shall apply.
7. This Statement of Internal Control System has been approved by Yulon Nissan Board of Directors at the meeting of March 12, 2024 with 11 directors present at the meeting and none disagreeing with this Statement of Internal Control System.

Yulon Nissan Motor Co., Ltd.

Chairperson: Yen Chen, Li Lien

President: Wen-Chuan Chung

\* In case of surplus or capital reserve reinvested to allotment of shares, the number of shares to be distrusted should be disclosed with traced adjustment of market value and cash dividend information.

Note 1: Denotes the highest common shares and lowest market value for each year, calculated for the average annual market value for the trading value of each year and the trading volume.

Note 2: Please use the number of share outstanding by the end of the year and filled out by the distribution of the resolutions made by the Shareholders' meeting the second year.

Note 3: In the event of free allotment and requires tracing for adjustment, each EPS shall be listed before and after adjustment.

Note 4: In case the condition of outstanding equity security is distributed according to the undistributed dividends of that year accumulated to the year with surplus, the cumulative unpaid dividends of that year shall be disclosed respectively.

Note 5: Price-Earnings Ratio = Current average closing price per share / EPS

Note 6: Price-Earnings Ratio = Current average closing price per share / Cash dividend

Note 7: Cash Dividend Yield = Cash dividend / Current average closing price per share

Note 8: Each net value and EPS shall be filled to the print date of annual report with the data attested (reviewed) by the CPA in last quarter. The other columns should also be filled up to the current year data as of the print date of the annual report.

Note 9: The proposal to the Shareholders General Meeting for 2024 for the dividend distribution is cash dividend at NT\$3.48 per share.

## (6) Dividend Policy and Execution Status

### 1. Dividend Policy governed by this Company By-Laws

For the Company's surplus profit (The 'surplus profit' refers to the net income plus the amounts of the current retained earnings adjustments which are not counted in the net income) at the end of each fiscal year, it shall cover the accumulated losses first, then, appropriating 10% as legal reserve, and set aside or reverse special reserve in accordance with the law. The shareholders' dividend or bonuses out of

remaining current profit and undistributed retained earnings at the beginning of the year shall be proposed first by the Board of Directors and to be resolved in the shareholders meeting.

The Company is in a stable and mature industry. Factors such as Company's profitability, funding of future operation and change in industrial environment, shareholder's interest and long term financial planning shall be considered in planning the Company's dividend distribution scheme. The amount shall not exceed 90% of current net income as the principal, however, the final dividend distribution ratio shall be proposed first by the board of directors and to be resolved in the shareholders meeting, regardless of such principle. Distribution of dividend is in the form of cash or shares. Cash dividend each year shall not be less than 20% of the total amount of the appropriated dividend of current year.

2. The proposal to this Shareholders Meeting for dividend distribution as follows

The proposal to the Shareholders General Meeting for 2024 for the dividend distribution is cash dividend at NT\$3.48 per share.

**(7) The effect of the distribution of stock dividend as proposed by this Shareholders Meeting on operation performance and earning per share : Nil.**

**(8) Compensation of the Employee and Directors**

1. The articles of association indicate the percentage or scope of compensation for the employees and directors :

If the Company has profits for the current year, it shall be distributed not less than 0.1% as employees' compensation. The employees' compensation to be resolved in the form of shares or in cash, is agreed upon by a resolution of the Board of Directors and shall be submitted to the shareholders' meeting. However, if the Company has the accumulated losses, the profits must be reserved in advance to offset such losses. Then according to the ratio mentioned in preceding paragraph, to be reserved for such employees' compensation.

Apart from the appropriation of aforementioned employee remuneration, the Company also distributes three holiday bonuses, annual bonus, operating team growth performance bonus, and other incentive awards based on factors such as operation performance and the individual work performance of employees. The company intends to encourage employees with producing better performance for the company and shareholders.

Directors and of the Company may be paid NTD 100,000 (including the transportation allowances) monthly.

2. Yulon Nissan adopted the distribution proposal of the company's 2023 cash remuneration payable to employees at the Board of Directors Meeting on March 12, 2024 in accordance with the estimation of certain ratio from the profits of current year. In the event of discrepancy between the aforementioned estimation amount and the actual amount distributed, the accounting department shall process in according with variation in estimation and adjust to account in the year of distribution.

QX50: L4 2.0L CVT Continuously Variable Transmission, 5-door mid-sized luxury SUV.

QX55: L4 2.0L CVT Continuously Variable Transmission, 5-door mid-sized luxury sport SUV.

QX60: V6 3.5L 9AT Nine-speed self-exhaust five-gate large seven-seater luxury exercise car.

## (2) Industry Summary

### 1. Industry Environment Analysis

#### (1) Global Economic Environment

The global economy is aggravated due to geopolitical interference, volatility in financial markets, remaining pressure from inflation, and the tension between Ukraine-Russia and the situations in the Middle East. The estimation of the global economic growth in 2023 made by research institutions is shown in the following table:

2024 Global Economic Growth Rate Forecast		
Research Institute	Latest Forecast	Date of Announcement
IHS Markit	2.62%	Apr 2024
IMF	3.20%	Apr 2024

## (2) China Economic Environment

In spite of the various policies related to boosting property prices and saving local debts, the crisis with real estate still hit the confidence of consumers and companies. Consequently, private-sector consumption fell behind expectations, driving the overall economic momentum to slow down. 2023 economic growth in Mainland China estimated by each research institute is shown in the table below:

2024 China Economic Growth Rate Forecast		
Research Institute	Latest Forecast	Date of Announcement
National People's Representative Meeting	5.00%	Mar 2024
IHS Markit	4.71%	Apr 2024
IMF	4.60%	Apr 2024

## (3) Domestic Economic Environment

Favored by the recovery of trade for global commodities, reviving business opportunities for emerging technology and application as well as the investment demand spurring the consumption momentum of the private sectors, the overall economic performance gradually rebounds. 2023 economic growth in Taiwan estimated by each research institute is shown in the table below:

2024 Taiwan Economic Growth Rate Forecast		
Research Institute	Latest Forecast	Date of Announcemt
Directorate-General of Budget, Accounting and Statistics, Executive Yuan.R.O.C.(Taiwan)	3.43%	Feb 2024
Chung-Hua Institution for Economic Research	3.38%	Apr 2024
IHS Markit	3.41%	Apr 2024
IMF	3.10%	Apr 2024

## 2. Industry Overview and Development

Due to the Favored by the post-pandemic supply chain recovery and the introduction of multiple new car models, sales increased by 12.2% from 2022. In 2023, the total sales was 466,016 cars. The sale of made-in-Taiwan vehicle was 241,539 cars, which higher by 6.6% than 2022; market share to 51.8%. The sale of imported vehicle was 224,477 cars, which increase by 18.8% than 2022; market share to 48.2%.

## 3. Relationships of the industry's upper, middle and down streams.

Upper streams: partners of manufacturing car parts and components.

Middle streams: center of manufacturing, R&D, and marketing.

Down streams: dealers directly dealing with customers and being responsible for car sales and after-sale services.

## 4. Development trend and competition by each product line

### (1) Small family car(1600cc below):

In 2023, 23,214 domestic small saloon cars under 1600cc were sold, indicating a decreased rate of

22.4% compared to 2022, accounting for 39.8% of the domestic passenger car market.

(2) Medium-and-large family car (1600cc above):

In 2023, The medium-and-large sedan market sales reached 35,093 cars , indicating a decreased rate of 9.2% compared to 2022, accounting for 60.2% of the domestic passenger car market.

(3) Small Sport Utility Vehicle car:

In 2023, The small Sport Utility Vehicle car market sales reached 26,903 cars , indicating a increased rate of 23.6% compared to 2022.

(4) Medium-and-large Sport Utility Vehicle car:

In 2023, The medium-and-large Sport Utility Vehicle car market sales reached 86,855 cars , indicating a increased rate of 14.0% compared to 2022.

### (3) Technology, Research and Development (R&D)

1. As of the most recent years and Printing of the Annual Report, the total R&D expenditure invested

Unit : NTD thousand

Item \ Fiscal Year	Fiscal year 2022	Fiscal year 2023	Current Fiscal Year and before May 08, 2024 (Note)
R&D expenditure	537,954	555,668	104,606
Net Sales	23,607,191	26,136,197	9,473,313
Percentage of R&D expenditure over Net Sales	2.3%	2.1%	1.10%

Note : The figures are self-totaled number

2. The technology and product successfully developed

- (1) September 2007: Completed the development of LIVINA new model.
- (2) November 2007: Completed the development of CABSTAR new model.
- (3) February 2009: Completed the development of new TEANA model.
- (4) October 2011: Completed the development of new NEW MARCH model.
- (5) October 2012: Completed the development of new BIG TIIDA model.
- (6) October 2013: Completed the development of SUPER SENTRA model.
- (7) October 2013: Completed the Taiwan emission phase 5 development of TEANA / MARCH / TIIDA 4-door.
- (8) January 2014 :Completed the development for ALL NEW LIVINA.
- (9) October 2014 :Completed the development for modified model of SENTRA AERO.
- (10) March 2015: Completed the development of new-generation X-Trail model.
- (11) April 2016 :Completed 6 car models, TEANA / MARCH / TIIDA 4-door/BIG TIIDA / SUPER SENTRA / ALL NEW LIVINA in accordance with the TPMS regulations.
- (12) Febuary 2017 completed the development for modified model of iTIIDA.
- (13) October 2017: Completed the development of remodeled SENTRA.
- (14) May 2018: Completed the development of remodeled X-TRAIL.
- (15) September 2018: Completed the development of remodeled SUPER SENTRA / BIG TIIDA.
- (16) October 2018: Completed the development of remodeled A ALL NEW LIVINA '19 in accordance with the TPMS regulations.
- (17) Novenber 2018: Completed the development of remodeled NEW MARCH '19 in accordance with the TPMS regulations.

- (18) November 2018: Completed the development of new KICKS model.
- (19) July 2019: Completed the development of remodeled KICKS '19
- (20) October 2019: Completed the development of remodeled SUPER SENTRA / BIG TIIDA '20
- (21) November 2019: Completed the development of remodeled X-TRAIL '20
- (22) June 2020: Completed the development of Euro 6 KICKS model.
- (23) September 2020: Completed the development of ALL NEW SENTRA model.
- (24) September 2020: Completed the development of Euro 6 BIG TIIDA model.
- (25) October 2020: Completed the development of Euro 6 X-TRAIL model.
- (26) April 2021 : Completed the development of TIIDA J model.
- (27) July 2021 : Completed the development of KICKS commemorative model.
- (28) September 2021 : Completed the development of ALL NEW SENTRA “Black Belt” model.
- (29) January 2022 : Completed the development of X-trail and KICKS “Night special edition” model.
- (30) April 2022 : Completed the development of ALL NEW SENTRA “Black Night” model.
- (31) July 2022 : Completed the development of KICKS model.
- (32) November 2022 : Completed the development of KICKS “Trend” model.
- (33) April 2023 : Completed the development of ALL NEW SENTRA “Bright Black” model.
- (34) July 2023 : Completed the development of ALL NEW X-TRAIL Hybrid New Design model.

### 3.R&D Plan

#### (1) Products to Be Developed & Time

Our Company continues to collaborate and communicate with NISSAN Japan closely to introduce new products that meet the market demand, on the basis of Taiwan market trend analysis and consumer requirement. The current selling models of KICKS, SENTRA, TIIDA, and X-TRAIL are all best-selling models in the market. In response to the rise of energy saving and environmental awareness, not only will our Company follows NISSAN’s global product strategy by launching the EV/HEV models in near future, but we will also strengthen the SUV/e-Power product lines to cope with the increasingly booming SUV market in order to continue expanding the market share.

#### (2) Expected Development Costs

Unit : NTD thousand

2024	2025	2026
411,148	412,091	471,000

### (4) Long, short term business development plan

While the pandemic situation is subsiding, the global economy bottoms out. Meanwhile, the global car market has also ushered in a once-in-100-year opportunity. Trends of intellectualization and motorization prompt each car manufacturer to transform themselves. Each brand adapts itself to the above-mentioned trends and rolls out all-new car models in succession. Therefore, in order to sustain corporate growth, we have to progressively plan and stepwise implement the short-, medium-, long-term strategies and action plans so as to assure corporate sustainable operation and long-range profit performance.

#### 1. Short -term business development plan

#### (1) Product strategy

Speeding up the introduction of electric cars to cope with market demand and design the optimal combination of car models and boost market share via a complementary strategy with domestic made car and imported car models incorporated.

Meanwhile, we also plan product lines close to the market trends , strive to produce the most attracting and needs-based products with an emphasized vehicle core value on better appearance, more durable usability, advanced technology and higher performance.

#### (2) Marketing strategy

##### A.NISSAN:

- (A).NIM (NISSAN INTELLIGENT MOBILITY) include the three core technologies for “smart driving,” “smart energy” and “smart integration,” which will re-shape brand value and drive brand rejuvenation for expansion in target customers.
- (B).To advocate activities of “promoting brand image,” “enhanced internal consensus,” “promotion activities for all car models/CRM” and “promotion activities for car types” to increase the brand penetration for our goal.
- (C).In order to enhance Car Advisor competitiveness, improve successful transaction rate, and provide more convenient purchasing experience, “interactive experience platform” , “test drive at your home” ,and ICT ( Information and Communication Technology ) tools such as "Nissan PAD APP" are introduced.
- (D).The introduction of the “i-NISSAN Sales Platform” has not only promoted the transparency of consumer trading conditions, but also improved the efficiency of the company’s order operations.
- (E).Execute Public Audience Push/ Specific Audience Push by leveraging NISSAN CARE APP, lock on target customer bases via precision selling, and thereby increase the success rate.
- (F).Owing to prevalence of the digital marketing trend and mobile device, we continue to build and optimize functions on the CDP platform in order to improve the digital marketing capability and boost the percentage of digital sales through the mode “online marketing and offline experiencing”.

##### B.INFINITI:

- (A).To stress activities of “product experience marketing development,” “well-defined brand orientation” and “increased promotion effectiveness” to raise brand awareness.
- (B).To strengthen its distribution, NISSAN will continue to expand digital assisting tool application and five-star prestigious services with continuous improvement on SSL and CSI.

#### (3) Customer satisfaction strategies

- A.Sales Service Satisfaction: Speed up and improve sales satisfaction through marketing management campaigns such as brand propaganda, elite sales cultivation, customer care and information, and aid tools (i.e. NISSAN PAD and interactive experience platform).
- B.Post-Service Satisfaction: Develop CSI (NISSAN CARE APP/INFINITI CARE APP) in attempt to become the leading brand in domestic post-sales service satisfaction in addition to reengineer customer issues quickly and customer relation management to enhance customer service satisfaction.

#### (4) Profit increasing strategies

To achieve the best profit efficacy by enhancing car model combination management, and to effectively increase car model sales and profits by continuous implementation of car

model profit and cost management.

- (5) Strengthening corporate governance and optimizing human resource system: The Board of Directors adopted the setup of a dedicated corporate governance superior who meets the eligibility of “Regulatory Matters for Board of Directors by TWSE Listed Companies and the Board's Exercise of Powers” to protect the interests of shareholders and strengthen the function of Board Directors, in addition upgrading the corporate operational efficiency.

## 2. Long-term business development plan

To sustain the demand for company growth, NISSAN Motor reexamines the mid and long-term internal and external environmental impact assessment and identifies the future potential market risks and opportunities. The Company mid-term strategic objectives as described below:

### A. Product development strategy

Permeable and time-introduced competitive new car model, secure car market competitiveness.

### B. Growth strategy

In response to the digital sales trend, we are now proactively engaging in digital transformation. Our revenue is expected to increase through this all-new mode “online marketing and offline experiencing” in the future.

### C. Cost Rationalization Strategy

We will review the whole value chain of automotive lifecycle and manage it with respect to its total delivery cost so as to continue to improve the cost competitive efficiency and benefit.

### D. New business development strategy

Except for currently available YULON NISSAN product lines, we are reaching out to NISSAN global car models and looking for opportunities to introduce more car models. In the meantime, we are also embarking on the Electronic trading platform and progressively expanding more businesses to increase corporate continued growth.

### E. Strengthening corporate governance and optimizing human resource system

(A) Strengthening corporate governance :The Board of Directors adopted the setup of a dedicated corporate governance superior who meets the eligibility of “Regulatory Matters for Board of Directors by TWSE Listed Companies and the Board's Exercise of Powers” to protect the interests of shareholders and strengthen the function of Board Directors, in addition upgrading the corporate operational efficiency.

(B) Optimizing human resource system :The Company strives to explore the potential and value in employees by encouraging them to constantly engage in innovation and take challenges. The Company forms cohesion among all employees to reach a consensus through close communication and excellent interaction, which becomes the driving force of constantly promoting corporate development.

■Remarkable marketing team plan: Update capacity of marketing team.

■Distinguished supervisor plan: Intensify the managerial capacity of management.

■Supervisor successor plan: Develop entry-level officers and successor for mid-level supervisor.

■Key talent retention: Retain the core talents for the company effectively through reasonable and transparent assessment system.

■Dual-track system: Build professional technological position and managerial positions in terms of long-term development orientation so employees will receive explicit development path.

F. Introduce next-generation information system

The Company introduces an enterprise information sharing platform that integrates and shares information in real time without qualitative change to provide value-added applications and management in line with industry trends and effectively eliminate business risks and threats; in addition, the Company develops CDP(Customer Data Platform ) that analyzes and computes customer preferences for precision marketing and tracks customers' network activity for prospects to increase sales. Moreover, the company also continues to develop and improve Smart DMS to strengthen the competitiveness in distributors, upgrade the sales power in distributors, customer satisfaction and operational benefits, and thereby improve the overall operational performance of the company.

G. Continue to refine “innovative” corporate culture

The future core competitive advantage will continue to develop from “innovation” with introduction of innovative products and services to effectively utilize the core intelligence capital of the company and comprehensively build customer values.

In terms of product innovation, the company will collect and manage customer opinions with introduction or mainstream models into process management, thereby to discover the potential demand for consumers, develop and introduce products meeting customer expectation, and create maximum values for customers and shareholders.

Continue to strengthen “quick service” in terms of service innovation: Effectively improve customer satisfaction through professional and trustworthy after-sales service and quick solution of customer problems.

## 2. Market, Production & Sales Review

### (1) Market Analysis

1. Sales Area of company's Main Products

This company's products are designing, R&D, Sales of Sedan, RV vehicles and commercial vehicles, and sales of other components. Taiwan area is our main sales area and continue to expand the Asian market, like the export of the parts in Japan and China areas.

2. Market Share

In 2023, we sold 22,747 NISSAN brand and 1,071 INFINITI brand ones. The total sales volume is 23,818 units and the market share is 5.1%.

3. Analysis and Description of 2023 Market Sales Status and Growth

Due to the large sales by the imported cars and the SKD model cars from China, the number of new cars registered in Taiwan in 2023 was higher 12.2% than 2022. In 2023, the sales volume of domestic passenger cars was 58,307, which was 15.0% lower than 68,591 in 2022. The sales volume of domestic RV was 125,617, which was 19.3% higher than 105,283 in 2022. The market share of annual domestic cars to 51.8% in 2023, down 2.7% compared with 54.5% in 2022.

#### 4. Market Sales Forecast for This Year (2024)

Subject to the impact of various reasons, including international inflation, continuous pressure from interest rate lift, plus the sustained stalemate of the Ukraine-Russia war and the Israeli-Palestinian conflict, the uncertainty of global economic performance remains high. Fortunately, Taiwan is favored by the reviving business opportunity for emerging technology and application, the investment demand spurring the consumption momentum of the private sectors, as well as the continuous expansion of semiconductors and green energy investment, it is expected that the overall economic performance will likely rebound in 2024. Cumulative total market sales from January to March are 110,628 units, 1.1% YOY growth. Compared to the first quarter last year, domestic and import vehicles grow 1.3% and 0.9% respectively.

It is expected that the economic outlook of Taiwan will gradually rebound from the bottom. The Company will continue to bring excellent car-purchase experience to customers through quality products and attentive services. NISSAN brand - ALL NEW SENTRA New Design was released to take up the share of the recreational vehicle market through the “three new features and eight major new upgrades” of the model. New-generation full-electric SUV ARIYA will be released in the second half, featuring the full Level 2 semi-automated driving systems, while the appearance and the internal seats present exquisite Japanese artistry and craft.

#### 5. Competitive Niche

##### (1) Advantageous Operation and Management Ability

- A. Expand combined operational effects across the strait and of the group.
- B. Leverage Nissan’s global resources to reduce part costs.
- C. Strengthen our financial management ability and investment performance.

##### (2) A Superior and Complete Product Line

- A. Introduce products that meet market and customer needs to create customers’ value.
- B. Innovate IT to strengthen product variation and competitive advantages.
- C. Increase brand name celebrity of our imported cars to continuously grow our sales volume.
- D. To develop a green brand image and increase product value and brand awareness

##### (3) Chinese Style of Design Ability

- A. Play an important role in Nissan’s global R&D centers and dominate the design of some of our car models.
- B. Create profits through our technical output.
- C. Cater to the tastes of the Chinese market and design/develop products that can better meet customers’ needs.

##### (4) Comprehensive Service System

- A. Provide real-time and comprehensive value-added services through our e-platform including the digital platform for online car purchases, the digital platform for certified second-hand cars, the data middle office, and a diversity of services.
- B. Increase our dealers’ overall operating and management ability.
- C. To promote “Service Express” to effectively increase customer satisfaction

##### (5) Learning Organization

- A. Increase our employees’ core, management and professional competency.
- B. Increase the use of Nissan’s V-UP system problem solving approach and gradually

accumulate our acquired successful experience to form an innovative learning organization and establish long-term competitive advantages.

C.Set up a KMS knowledge base and concretize successful experience to build a long-term competitive advantage.

D.Improve the operating efficiency through continuous process checks and reengineering.

#### 6. Advantageous and Disadvantageous Factors of Perspective Development and Strategies to Address

##### (1) Advantageous Factors

Our company will continue to use “innovation” as the core of our entire development, and center on our consumers’ value to increase our “product power” and “service quality” to create a higher competitive edge. For our “product power”, we will successively introduce Nissan’s quality car designs (NISSAN and INFINITI brands) and combine the personalized IT interface with our products to provide our consumers with a more convenient and mobile life.

A.In respect to NISSAN service, For our “service quality”, we will continue to provide our consumers with “genial”, “speedy”, “professional”, and “reliable” service with our thoughtful service ideal.

B.In terms of service, INFINITI will continue to build offices meeting the specification of IREDI (INFINITI Retail Environment Design Initiative)” in addition to offering P.C.E (Premium Customer Experience), 5-star prestigious services for car owners to experience premium service quality. Meanwhile INFINITI will introduce digital assisting tools to provide more superior service experience, creating higher added-value and customer satisfaction for consumers.

##### (2) Disadvantageous Factors

A.Imported China cars components for assembly in Taiwan is taking up a share of the market using low price and the expansion of imported luxury brands with introductory entry-level car models with lower price consumes the price and market of existing domestic cars.

B.The proportion of old vehicles in Taiwan is too high. This had a negative impact on driver safety and environmental protection and also affected consumers’ willingness to buy new cars.

##### (3) Countermeasures

Nissan Motor Co., Ltd. will continue to uphold to “innovation” and introduce superior products and services in order to strengthen its competitiveness. The company will devote in creating higher values for consumers and thoroughly implement customer-oriented management philosophy to fully achieve the corporate vision in “becoming the benchmark enterprise of cross-strait automobile industry in “product innovation” and “service innovation.”

**(2) The major usage and production processes of main products: The company’s main business is design, research, develop, sale and components sales of car products, and there are no production processes, therefore it’s not applicable.**

**(3) Supplies of main raw materials: The company is not a production manufacturing industry; therefore it’s not applicable.**

### 4. Expenditures on Environment Protection

(1) Losses and Disposal caused by environmental pollution over the recent 2 years:  
Nil.

(2) Probable environmental expenditures:

The Company has passed the ISO 14001 certification in Nov. 2015, and the ISO 14001 : 2015 certification in Nov. 2023 and will continue to support the environment protection in the future. No major probable environmental expenditures are expected in the future. Expect future environmental protection expenditure: 320 million /year.

### 5. Labor-Capital Relationship

(1) Current Prominent Labor-Capital Agreements, Employee Benefits and Their Implementation

1. Status of Labor-Capital Agreements

- (1) This company holds a monthly meeting with the labor representatives for proper communication of problems and improvements between the proprietor and the laborers.
- (2) Understand and pay more attention the needs and voice of the employee to promote the Labor-Capital harmony.
- (3) Ask for the opinions from the officials of the labor authorities, scholars or lawyers on relevant issues and hold seminars of relevant topics regularly.
- (4) Continue to strengthen our effort in educating the employees to enhance convergence.

2. Employee Benefits

- (1) Set the flexibility in working hours.
- (2) New employees enjoy special leave upon arrival

- (3) Provide commuter's transportation and scheduled home-returning transportation free of charge before holiday.
  - (4) Provides safe, convenient, quiet dormitory environment and free of charge.
  - (5) Establish employee welfares zone, which includes tennis court, indoor and outdoor basketball court, warm water swimming pool, sauna facilities, gymnasium, etc.
  - (6) Hold family day on May 1 labour day, annual domestic and foreign tourism, year-end lucky draw and banquet.
  - (7) Set up Worker's Complaint Handling System to assist colleagues to solve working problems and to maintain their rights and privileges.
  - (8) The Employee Assistance Program (EAP) was set up, with specialized professionals to assist employees with consultations on various problems encountered in their work and life, so as to relieve employees' work-life pressure and maintain their mental health.
  - (9) Institutionalize regulations on the prevention of sexual harassment to provide a harassment-free environment for the employees and employee-to-be. Necessary actions would be taken to prevent, correct, punish and handle acts of harassment, and to ensure the protection of the privacy of the victims as well as the rights of all employees.
3. Retirement System
- (1) This company complies with the requirements set forth in the Labor Standards Law and institutionalized relevant regulations on retirement and pecuniary aid in case of death.
  - (2) For enhancing the quality of human resources and proper mechanism for replacing the old with the young employees, we have institutionalized a flexible retirement and resignation program.
  - (3) The employee retirement regulations developed in accordance with "Labor Pension Act" belongs to the regulation governing pension appropriation. The Company has appropriated 6% from the monthly salary of employees to the individual pension fund accounts at the Bureau of Labor Insurance since July 1st, 2005. The 2023 and 2022, the Company has recognized the amount of appropriation according to the ration stipulated in the appropriation program to the Statement of Comprehensive Income in the amount of NT15,514 thousand and NT14,777 thousand, respectively.
  - (4) The Company adopted the defined benefit plan under the Labor Standards Law, under which pension benefits are calculated on the basis of the length of service and average monthly salaries of the six months before retirement. The Company contributes amounts equal to 2% of total monthly salaries and wages to a pension fund administered by the pension fund monitoring committee. Pension contributions are deposited in the Bank of Taiwan in the committee's name.

## **(2) Labor Dispute**

Harmonized Labor-Capital has been maintained since the very beginning, and labor dispute that had caused company loss has never happened.

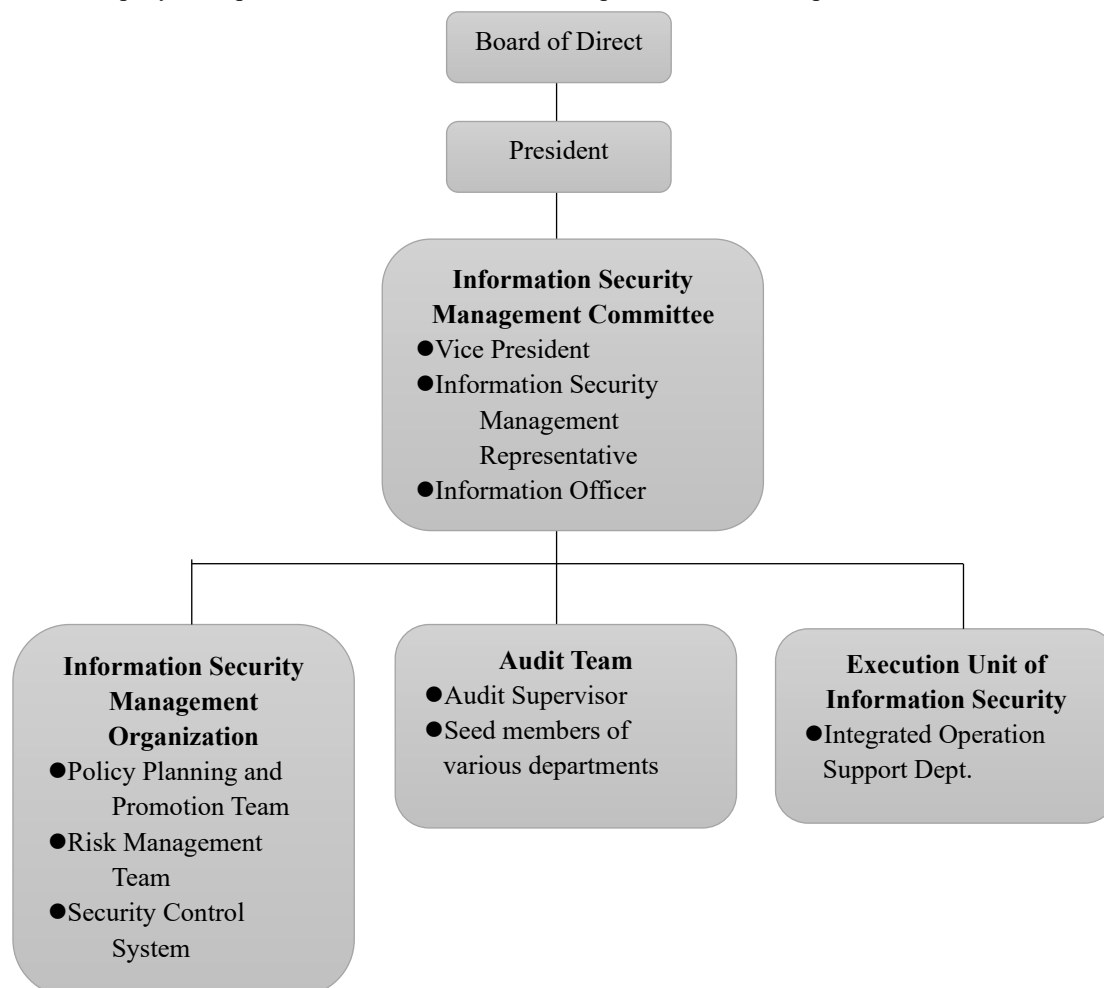

In 2023, there was no loss due to labor disputes.

## 6. Cyber security management

**(1) Describe the cyber security risk management framework, cyber security policies, concrete management programs, and investments in resources for cyber security management.**

Our company has passed the annual external independent audit for persistent maintenance of the

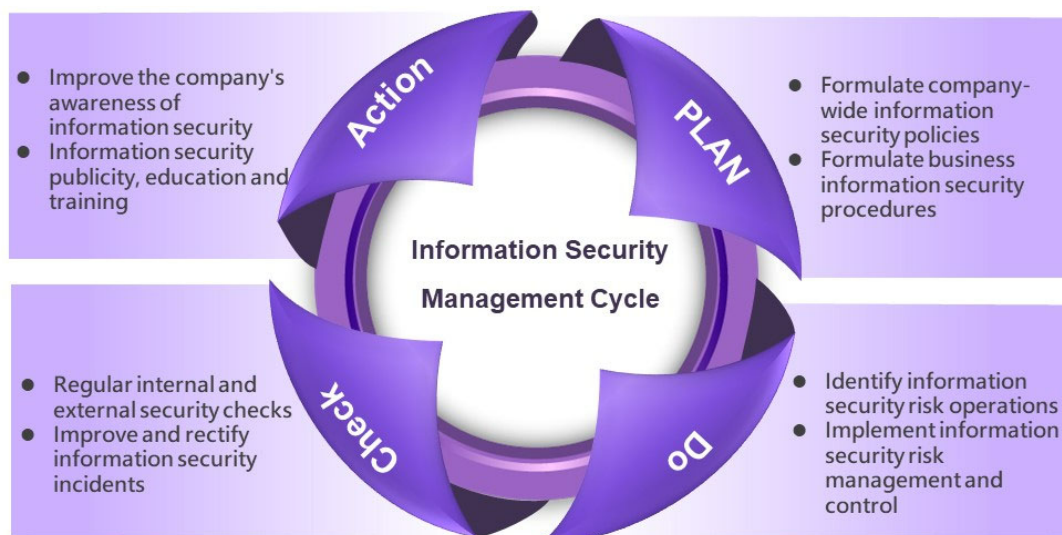

international information security standards as outlined in the ISO27001 certification. An independent information security department “Information Security Organization Structure” has also been established, with Information Security Representatives to plan the information security operations for our company. Yulon Nissan Motors, to secure our company's business secrets and follow the guidelines of Personal Data Protection Law as set forth by the government, will continue to proactively manage our information security and strengthen our defense capability. We will ensure all our information operations not only comply with the international information security standards, but are also in conformance with domestic and foreign information security acts and regulations. We will invest more in the research of information security and make it a way of life in our daily business operations.

Our information security-related management measures are as follows:

A. Establish “Yulon Nissan Information Security Management Committee” to review the company information security governance policies, audit the company information security management operations, and periodically report the information security governance status to the Board of Directors.

**B. Draw up information/communication security policies:**

The information security management mechanism, following the steps of PDCA and the axis of the information security strategies, will be executed in three aspects, ie., information security governance, legal compliance, and technology implementation. From systems to technologies, personnel to organizations, we will improve our information security protection capability in all dimensions.

Information Security Policy		
Information Security Governance	<ul style="list-style-type: none"> <li>Proactive improvement of the management systems</li> <li>Control of the risks</li> <li>Strengthening of the prevention mechanism.</li> </ul>	Continue to proactively improve the management systems, including the reinforcement of education and training, design of information security infrastructure, and the strengthening of the protection technologies.
Legal Compliance	<ul style="list-style-type: none"> <li>Periodical review</li> <li>Modification</li> <li>Establishment of a law-abiding mechanism</li> </ul>	Establish a law-abiding cyclical mechanism to review, and modify internal operation protocols so as to comply with the international information security standards.
Technology Implementations	<ul style="list-style-type: none"> <li>Internal and external data collection</li> <li>Data analysis utilization, forecast of the weakness of threats</li> <li>Control of risk management.</li> </ul>	Utilize the data analysis technology to predict the information security risks and minimize thereof, so as to ensure the information security.

**C. Obtain International Certification in Information Security:**

Continuous passing of the annual ISO27001 information security management certification, and implementation of the information security evaluation procedures.

**D. Implement an annual information security evaluation management process:**

The purpose of this is to utilize a systematic risk evaluation methodology to clarify the possible risks to our information assets, so that we can take appropriate measures for containment, so as to minimize the risks to a bearable level to ensure that the business operation continues without obstacles.

E. Investment of resources in information security:

Continuously invest resources in information security-related implementations. Resources will be invested in areas such as the security infrastructure for perfect governance and technology, the defense mechanism for information security improvement, the analysis of security intelligence, and education/training. The goal is to improve the information security capability in all dimensions, from the aspect of management to technology.

F. Strengthen safety awareness

In order to implement the concept of information security to every employee, the company raises employees' awareness and vigilance of information security through annual staff training and social engineering simulation exercises. At the same time, when employees violate the information security policy, they will be punished according to the employee penalty rules to reduce the risk of information security and the impact on the company's operations.

G. Capital security incident reporting procedure

In recent years, hacker attacks have been diversified. The company conducts business continuity drills for all information systems every year, and establishes a complete set of information security notification procedures as follows. The notification and handling of information security incidents are carried out in accordance with the specifications of the procedures.

**(2) List any losses suffered by the company in the most recent fiscal year and up to the annual report publication date due to significant cyber security incidents, the possible impacts therefrom, and measures being or to be taken. If a reasonable estimate cannot be made, an explanation of the facts of why it cannot be made shall be provided.**

In 2023, there was no loss due to significant cyber security incidents.

## 7. Prominent Contracts

Contract	Counter party	Contract Period	Highlights of Provisions	Restrictive Terms
Technical cooperation agreement	Nissan Motor Co., Ltd.	2003.11.01~2008.10.31	Technical cooperation to develop and manufacture a variety of vehicles	1. Restriction on sub-licensing to a third party 2. Restriction on sales beyond licensed territories
Dealing agreement on import cars	Nissan Motor Co., Ltd.	2003.11.01~2008.10.31	Dealing matters with import cars	1. Restriction on sales beyond licensed territories 2. Confidential responsibility on third party business

Cash Flow	Cash flow from operations ratio (%)		NOTE3	10	NOTE3	NOTE3	68	0.1
	Cash flow adequacy ratio (%)		7	11	13	10	27	22
	Cash Flow Re-investment Ratio (%)		NOTE3	NOTE2	NOTE3	NOTE3	NOTE2	1
Leverage	Operating leverage		1	3	5	5	4	1
	Financial leverage		1	1	1	1	1	1

Explanation of the changes in each financial ratio in recent two years:

- 1.Current Ratio and Quick Ratio were increased compared with the same period last year due to the increase amount receiving from JetFrod.
- 2.The increase in Cash flow from operations ratio was because of redeeming investment funds.
- 3.The increase in Return on equity and Pre-tax Income to Paid-in Capital Ratio was because of the increase in operating revenue.

Note1: Financial Statement of 2019- 2023 has been reviewed by CPAs. Quarterly individual Statement of the First Quarter in 2024 has not been reviewed by CPAs.

Note2: 2020 & 2023 cash flow from operating activities subtracting cash dividends becomes negative value and is hence not calculated.

Note3: 2019, 2021 and 2022 was a net cash outflow from operating activities, therefore it is not counted.

Note4: The formula is as follows:

1. Finance structure

- (1) Debt to assets ratio = total liabilities/total assets.
- (2) Long term funds to property, plant and equipment ratio = (net shareholders' equity + Long term liabilities)/net fixed assets.

2. Liquidity

- (1) Current ratio = current assets/current liabilities.
- (2) Quick ratio = (current assets - inventory - prepaid expenses)/current liabilities.
- (3) Interest coverage ratio = before income tax expenses and interest expense/current interest expense.

3. Operating Performance

- (1) Receivables (including Account Receivable and Note Receivable from operating) turnover = cost of goods sold/average accounts Receivable (including Account Receivable and Note Receivable from operating).
- (2) Average number days receivables outstanding = 365 days/average receivable turnover.
- (3) Inventory turnover (times) = cost of goods sold/average inventory.
- (4) Payable (including Account Payable and Note Payable from operating) turnover = cost of goods sold/average accounts payable (including Account Payable and Note Payable from operating).
- (5) Average inventory turnover days = 365 days/average inventory turnover.
- (6) Property, plant and equipment turnover (times) = net sales/net fixed assets.
- (7) Total asset turnover = net sales/total assets.

4. Profitability

- (1) Return on assets = [net income after tax + interest expense x (1-tax ratio)]/average total assets.
- (2) Return on equity = shareholders' equity/net income after tax.
- (3) Profit margin = net income after tax/net sales.
- (4) Earnings Per Share = (net income after tax - preferred dividend)/weighted average number of shares.

5. Cash flow

- (1) Cash flow from operations ratio = cash flow from operations/current liabilities.
- (2) Net Cash flow adequacy ratio = cash flow from operations of recent five fiscal years/recent five fiscal years' (capital expenditure + increase in inventory + cash dividend).
- (3) Cash flow re-investment ratio = (cash flow from operations - cash dividend)/(gross fixed assets + long-term investment + other asset + operation capital).

6. Leverage:

- (1) Operating leverage = (net operating revenue - variable operating cost and expense)/operating net income.
- (2) Financial leverage = operating revenue/(operating revenue - interest expense).

## Financial Ratio Analysis complying with IFRS - Consolidated

### 3. Audit Committee's Report

#### Yulon Nissan Motor Co., Ltd.

#### Audit Committee's Report

The Board of Directors submits the 2023 Business Report, Financial Statements (including Consolidated Financial Statement), and Earnings Distribution Proposal. Among them, the Financial Statements (including Consolidated Financial Statement) were audited by accountants Chien-Hsin Hsieh and Jui-Chuan Chih of Deloitte Touche Tohmatsu Ltd., who issued the audit report. The aforementioned Business Report, Financial Statements (including Consolidated Financial Statement) and Earnings Distribution Proposal were inspected by the Audit Commission who affirmed that these reports have complied with Article 14.4 of the Securities Exchange Act and Article 219 of the Company Law.

Submitted to:

2024 Regular Shareholders' Meeting of the Company

Yulon Motor Co., Ltd.

Audit Committee Convenor : Jung-Fang Kuo

郭芳榮

May. 7, 2024

## 4. Recent Annual Financial Statements

### INDEPENDENT AUDITORS' REPORT

The Board of Directors and Stockholders  
Yulon Nissan Motor Company, Ltd.

#### Opinion

We have audited the accompanying financial statements of Yulon Nissan Motor Company, Ltd. (the “Company”), which comprise the balance sheets as of December 31, 2023 and 2022, and the statements of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2023 and 2022, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

#### Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended December 31, 2023. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matter of the Company’s financial statements for the year ended December 31, 2023 is described as follows:

### Depreciation of Molds and Dies

In accordance with IAS 16 “Property, Plant and Equipment”, the depreciable amount of an asset should be allocated on a systematic basis over its useful life. The Company depreciates molds and dies using the unit of production method and reviews the estimated number of vehicles that are expected to be sold in the future for each vehicle model every six months based on market sales. The estimated number of vehicles to be sold is then used to calculate the amount allocated to each mold and die and is used as the basis for the depreciation of molds and dies. The depreciation of molds and dies in 2023 was \$294,099 thousand. Since the amount of depreciation of molds and dies is significant and estimates of the units sold are highly dependent on management’s judgment, the depreciation of molds and dies is considered to be a key audit matter.

The related accounting policies and material accounting judgments are disclosed in Notes 4 and 5 to the financial statements, respectively; the related amounts are disclosed in Note 12 to the financial statements.

We understood the Company’s depreciation process for molds and dies and related control systems, evaluated the design of the controls and tested the operating effectiveness of the controls. We also obtained the information and documents from management, which are used as the basis for the estimated number of units of each model of vehicle to be sold in the future and assessed the rationality and reliability of the supporting information. In addition, we took appropriate samples of the transactions of molds and dies and checked them against the original documents and cash flows, performed inventory counts and sent confirmation requests. We also recalculated the amount of depreciation of molds and dies on the basis of the estimated production volume and assessed the rationality of the calculated depreciation and the accuracy of the carrying amount of the molds and dies. Moreover, we determined that there was no significant difference between the amended estimated number of units of future sales of vehicles in the previous year’s financial statements and the actual number of units sold, and we confirmed the appropriateness of management’s estimation.

### **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including independent directors and the audit committee, are responsible for overseeing the Company’s financial reporting process.

### **Auditors’ Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always

detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

裕隆日產

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the year ended December 31, 2023 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audits resulting in this independent auditors' report are Chien-Hsin Hsieh and Jui-Chuan Chih.

## YULON NISSAN MOTOR COMPANY, LTD.

### NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

(In Thousands of New Taiwan Dollars, Unless Stated Otherwise)

#### 1. GENERAL INFORMATION

Yulon Nissan Motor Company, Ltd. (the “Company”) is mainly engaged in the research and development of vehicles and the sale of vehicles. The Company started its operations in October 2003, after Yulon Motor Co., Ltd. (“Yulon”) transferred its sales and research and development businesses to the Company in October 2003 through a spin-off. The Company’s spin-off from Yulon was intended to increase Yulon’s competitive advantage and participation in the global automobile network and to enhance its professional management. The spin-off date was October 1, 2003.

Yulon initially held 100% equity interest in the Company but then transferred 40% of its equity to Nissan Motor Co., Ltd. (“Nissan”), a Japanese motor company, on October 30, 2003. The Company became listed on December 21, 2004 after the initial public offering application of the Company was accepted by the Taiwan Stock Exchange Corporation on October 6, 2004.

#### 2. APPROVAL OF FINANCIAL STATEMENTS

The accompanying financial statements were approved by the Company’s board of directors on March 12, 2024.

#### 3. APPLICATION OF NEW, AMENDED AND REVISED STANDARDS AND INTERPRETATIONS

- a. Initial application of the amendments to the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) (collectively, the “IFRS Accounting Standards”) endorsed and issued into effect by the Financial Supervisory Commission (FSC)

New, Amended and Revised Standards and Interpretations	Effective Date Announced by IASB
Amendments to IAS 1 “Disclosure of Accounting Policies”	January 1, 2023
Amendments to IAS 8 “Definition of Accounting Estimates”	January 1, 2023
Amendments to IAS 12 “Deferred Tax related to Assets and Liabilities arising from a Single Transaction”	January 1, 2023
Amendments to IAS 12 “International Tax Reform - Pillar Two Model Rules”	January 1, 2023

Except for the following, the initial application of the IFRS Accounting Standards endorsed and issued into effect by the FSC did not have material impact on the Group’s accounting policies.

- b. The IFRS Accounting Standards endorsed by the FSC for application starting from 2024

<b>New, Amended and Revised Standards and Interpretations</b>	<b>Effective Date Announced by IASB (Note 1)</b>
Amendments to IFRS 16 “Leases Liability in a Sale and Leaseback”	January 1, 2024 (Note 2)
Amendments to IAS 1 “Classification of Liabilities as Current or Non-current”	January 1, 2024
Amendments to IAS 1 “Non-current Liabilities with Covenants”	January 1, 2024
Amendments to IAS 7 and IFRS 7 “Supplier Finance Arrangements”	January 1, 2024 (Note 3)

Note 1: Unless stated otherwise, the above IFRS Accounting Standards will be effective for annual reporting periods beginning on or after their respective effective dates.

Note 2: A seller-lessee shall apply the Amendments to IFRS 16 retrospectively to sale and leaseback transactions entered into after the date of initial application of IFRS 16.

Note 3: The amendments provide some transition relief regarding disclosure requirements.

As of the date the financial statements were authorized for issue, the Company is continuously assessing the possible impact of the application of the above standards and interpretations on the Company’s financial position and financial performance and will disclose the relevant impact when the assessment is completed.

- c. The IFRS Accounting Standards in issue but not yet endorsed and issued into effect by the FSC

<b>New, Amended and Revised Standards and Interpretations</b>	<b>Effective Date Announced by IASB (Note 1)</b>
Amendments to IFRS 10 and IAS 28 “Sale or Contribution of Assets between an Investor and its Associate or Joint Venture”	To be determined by IASB
IFRS 17 “Insurance Contracts”	January 1, 2023
Amendments to IFRS 17	January 1, 2023
Amendments to IFRS 17 “Initial Application of IFRS 9 and IFRS 17 - Comparative Information”	January 1, 2023
Amendments to IAS 21 “Lack of Exchangeability”	January 1, 2025 (Note 2)

Note 1: Unless stated otherwise, the above IFRS Accounting Standards are effective for annual reporting periods beginning on or after their respective effective dates.

Note 2: An entity shall apply those amendments for annual reporting periods beginning on or after January 1, 2025. Upon initial application of the amendments, the entity recognizes any effect as an adjustment to the opening balance of retained earnings. When the entity uses a presentation currency other than its functional currency, it shall, at the date of initial application, recognize any effect as an adjustment to the cumulative amount of translation differences in equity.

As of the date the financial statements were authorized for issue, the Company is continuously assessing the possible impact of the application of the above standards and interpretations on the Company's financial position and financial performance and will disclose the relevant impact when the assessment is completed.

#### **4. SUMMARY OF MATERIAL ACCOUNTING POLICY INFORMATION**

##### **Statement of Compliance**

The financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and IFRS Accounting Standards as endorsed and issued into effect by the FSC.

##### **Basis of Preparation**

The financial statements have been prepared on a historical cost basis, except for the financial instruments and net defined benefit liabilities which are measured at the present value of the defined benefit obligation less than fair value of plan assets.

The fair value measurements, which are grouped into Levels 1 to 3 based on the degree to which the fair value measurement inputs are observable and based on the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- a. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities;
- b. Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- c. Level 3 inputs are unobservable inputs for the asset or liability.

When preparing its financial statements, the Company used equity method to account for its investment in subsidiaries. In order for the amounts of the net profit for the year, other comprehensive income for the year and total equity in the financial statements to be the same as the amounts attributable to the owner of the Company in its consolidated financial statements, adjustments arising from the differences in accounting treatment between the parent company only basis and the consolidated basis were made to investments accounted for using the equity method, share of profit or loss of subsidiaries, share of other comprehensive income of subsidiaries, as appropriate, in the financial statements.

##### **Classification of Current and Non-current Assets and Liabilities**

Current assets include:

- a. Assets held primarily for the purpose of trading;
- b. Assets expected to be realized within 12 months after the reporting period; and
- c. Cash and cash equivalents unless the asset is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

Current liabilities include:

- a. Liabilities held primarily for the purpose of trading;
- b. Liabilities due to be settled within 12 months after the reporting period; and
- c. Liabilities for which the Company does not have an unconditional right to defer settlement for at least 12 months after the reporting period.

Assets and liabilities that are not classified as current are classified as non-current.

### **Foreign Currencies**

The functional currency of Company and presentation currency of the financial statements are both New Taiwan dollar (NT\$). The functional currency is the currency of the primary economic environment in which the Company operates.

In preparing the financial statements, transactions in currencies other than the New Taiwan dollar are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Such exchange differences are recognized in profit or loss in the year in which they arise. Non-monetary items that are measured in terms of historical cost in foreign currencies are not retranslated.

The financial statements of foreign subsidiaries accounted for using the equity method which were prepared using foreign currencies are translated into New Taiwan dollars at the following exchange rates: Assets and liabilities - year-end rates; profit and loss - average rates during the year; equity - historical rates. The resulting differences are recorded as other comprehensive income.

### **Inventories**

Inventories are stated at the lower of cost or net realizable value. Inventory write-downs are made by item, except where it may be appropriate to group similar or related items. The net realizable value is the estimated selling price of inventories less all estimated costs of completion and costs necessary to make the sale. Inventories are recorded at the weighted-average cost on the balance sheet date.

### **Investments in Subsidiaries**

The Company uses the equity method to account for its investments in subsidiaries. Subsidiary is an entity that is controlled by the Company.

Under the equity method, the investment is initially recognized at cost and the carrying amount is increased or decreased to recognize the Company's share of the profit or loss and other comprehensive income of the subsidiary after the date of acquisition. Besides, the Company also recognizes the Company's share of the change in other equity of the subsidiaries.

Investments accounted for using the equity method are assessed for indicators of impairment at the end of each reporting period. When there is objective evidence that the investments accounted for using the equity method have been impaired, the impairment losses are recognized in profit or loss.

### **Property, Plant and Equipment**

Property, plant and equipment are initially measured at cost and subsequently measured at cost less accumulated depreciation and accumulated impairment loss.

Other than molds and dies, which are depreciated on the basis of the estimated number of vehicles to be sold in the future, other items of property, plant and equipment are depreciated using the straight-line method. The estimated useful lives, residual values and depreciation method of assets are reviewed at the end of each year, and the estimated sales volume is reviewed every six months, with the effect of any changes in estimate accounted for on a prospective basis.

On derecognition of an item of property, plant and equipment, the difference between the sales proceeds and the carrying amount of the asset is recognized in profit or loss.

### **Computer Software**

Computer software is initially stated at cost and subsequently stated at cost less accumulated amortization. The amortization is recognized on a straight-line basis over 3 years. The estimated useful, residual value and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. The residual value of computer software shall be assumed to be zero unless the Company expects to dispose of the asset before the end of its economic life.

### **Impairment of Property, Plant and Equipment, Right-of-use Assets and Computer Software**

When the carrying amount of property, plant and equipment, right-of-use assets and computer software exceeds its recoverable amount, the excess is recognized as an impairment loss. When the impairment loss is subsequently reversed, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but only to the extent of the carrying amount that would have been determined had no impairment loss been recognized for the asset in prior years. A reversal of an impairment loss is recognized in profit or loss.

### **Financial Instruments**

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issuance of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognized immediately in profit or loss.

#### Financial assets

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis.

#### a. Measurement categories

Financial assets are classified into the following categories: Financial assets at FVTPL and financial assets at amortized cost.

1) Financial assets at FVTPL

Financial assets are classified as at FVTPL when such financial assets are mandatorily classified or designated as at FVTPL. Financial assets mandatorily classified as at FVTPL include investments in equity instruments that are not designated as at FVTOCI and debt instruments that do not meet the amortized cost criteria or the FVTOCI criteria.

Financial assets at FVTPL are subsequently measured at fair value, with any gains or losses arising on remeasurement recognized in profit or loss. The net gain or loss recognized in profit or loss does not incorporate any dividends or interest earned on such a financial asset. Fair value is determined in the manner described in Note 27.

2) Financial assets at amortized cost

Financial assets that meet the following conditions are subsequently measured at amortized cost:

- a) The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Subsequent to initial recognition, financial assets at amortized cost, including cash and cash equivalents, trade receivables at amortized cost and other receivables, are measured at amortized cost, which equals the gross carrying amount determined using the effective interest method less any impairment loss. Exchange differences are recognized in profit or loss.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of such a financial asset, except for:

- a) Purchased or originated credit-impaired financial assets, for which interest income is calculated by applying the credit adjusted effective interest rate to the amortized cost of such financial assets; and
- b) Financial assets that are not credit impaired on purchase or origination but have subsequently become credit impaired, for which interest income is calculated by applying the effective interest rate to the amortized cost of such financial assets in subsequent reporting periods.

Cash equivalents include time deposits and repurchase agreements collateralized by bonds with original maturities within 3 months from the date of acquisition, which are highly liquid, readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value. These cash equivalents are held for the purpose of meeting short-term cash commitments.

b. Impairment of financial assets

The Company recognizes a loss allowance for expected credit losses on financial assets at amortized cost (including trade receivables) and contract assets.

The Company always recognizes lifetime expected credit losses (ECLs) for trade receivables. For all other financial instruments, the Company recognizes lifetime ECLs when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECLs.

Expected credit losses reflect the weighted average of credit losses with the respective risks of a default occurring reflected in the weights. Lifetime ECLs represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECLs represent the portion of lifetime ECLs that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

The Company recognizes an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

c. **Derecognition of financial assets**

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

**Financial liabilities**

a. **Subsequent measurement**

All the financial liabilities are measured at amortized cost using the effective interest method.

b. **Derecognition of financial liabilities**

The Company derecognizes a financial liability only when the obligation specified in the contract is discharged, cancelled, or expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss.

**Provisions**

a. **Inventory purchase commitments**

Where the Company has a commitment for which the unavoidable costs of meeting the obligations exceed the economic benefits expected to be received, the present obligations arising from such commitments are recognized and measured as provisions.

b. **Warranties**

Provisions for the expected cost of warranty obligations are recognized at the date of sale of the relevant products, at the best estimate by the management of the Company of the expenditure required to settle the Company's obligation.

## Revenue Recognition

The Company identifies contracts with the customers, allocates the transaction price to the performance obligations, and recognizes revenue when performance obligations are satisfied.

a. Revenue from the sale of goods

Revenue from the sale of goods comes from sales of vehicles and parts. Revenue from the sale of goods is recognized when the goods are delivered and legal ownership of the goods has been transferred to the customer.

b. Revenue from the rendering of services

Revenue from the rendering of services comes from the provision of design and research and development services for cars. Contract assets and revenue are recognized by reference to the stage of completion of the respective contract, and contract assets are reclassified to trade receivables when the remaining obligation is performed. If the milestone payment exceeds the revenue recognized to date, then the Company recognizes a contract liability for the difference.

## Leases

At the inception of a contract, the Company assesses whether the contract is, or contains, a lease.

### The Company as lessee

The Company recognizes right-of-use assets and lease liabilities for all leases at the commencement date of a lease, except for short-term leases and low-value asset leases accounted for applying a recognition exemption where lease payments are recognized as expenses on a straight-line basis over the lease terms.

Right-of-use assets are initially measured at cost, which comprises the initial measurement of lease liabilities adjusted for lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs needed to restore the underlying assets, and less any lease incentives received. Right-of-use assets are subsequently measured at cost less accumulated depreciation and impairment losses and adjusted for any remeasurement of the lease liabilities. Right-of-use assets are presented on a separate line in the consolidated balance sheets.

Right-of-use assets are depreciated using the straight-line method from the commencement dates to the earlier end of the useful lives of the right-of-use assets or the end of the lease terms.

Lease liabilities are initially measured at the present value of the lease payments, which comprise fixed payments.

The lease payments are discounted using the interest rate implicit in a lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses the lessee's incremental borrowing rate.

Subsequently, lease liabilities are measured at amortized cost using the effective interest method, with interest expense recognized over the lease terms. When there is a change in a lease term, the Company remeasures the lease liabilities with a corresponding adjustment to the right-of-use-assets. However, if the carrying amount of the right-of-use assets is reduced to zero, any remaining amount of the remeasurement is recognized in profit or loss. Lease liabilities are

presented on a separate line in the consolidated balance sheets.

### **Employee Benefits**

#### **a. Short-term employee benefits**

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related services.

#### **b. Retirement benefits**

Payments to defined contribution retirement benefit plans are recognized as expenses when employees have rendered service entitling them to the contributions.

Defined benefit costs (including service cost, net interest and remeasurement) under the defined benefit retirement benefit plans are determined using the projected unit credit method. Service cost and net interest on the net defined benefit liabilities are recognized as employee benefits expense in the period in which they occur. Remeasurement, comprising actuarial gains and losses and the return on plan assets (excluding interest), is recognized in other comprehensive income in the period in which it occurs. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss.

Net defined benefit liabilities represent the actual deficit in the Company's defined benefit plans.

### **Taxation**

Income tax expense represents the sum of the tax currently payable and deferred tax.

#### **a. Current tax**

Current tax payable is dependent on current taxable income. Taxable income is different from the net income before tax on the consolidated statement of comprehensive income for the reason that some revenue and expenses are taxable or deductible items in other periods, or not taxable or deductible items according to the Income Tax Act. The Company's current tax liabilities are calculated using the legislated tax rate on the balance sheet date.

According to the Income Tax Act in the ROC, an additional tax on unappropriated earnings is provided for in the year the shareholders approve to retain earnings.

Adjustments of prior years' tax liabilities are added to or deducted from the current year's tax provision.

#### **b. Deferred tax**

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

Deferred tax liabilities are recognized for taxable temporary differences associated with investments in subsidiaries, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. A previously unrecognized deferred tax asset is also reviewed at the end of each reporting period and recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liabilities are settled or the assets are realized.

c. Current and deferred tax for the year

Current and deferred taxes are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income, in which case, the current and deferred taxes are also recognized in other comprehensive income.

## **5. MATERIAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY**

In the application of the Company's accounting policies, management is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the key assumptions and other key sources of estimation uncertainty at the end of the reporting period.

a. Property, plant and equipment - allocation of depreciation of molds and dies

The Company depreciates molds and dies on the basis of the unit production method and reviews the estimated number of vehicles that are expected to be sold in the future for each vehicle model every six months based on market sales. The estimated number of vehicles to be sold is then used to calculate the amount allocated to each mold and die, and is used as the basis for the depreciation of molds and dies.

b. Provisions for the expected cost of warranties

The provisions for warranties are calculated on the basis of the estimate of quarterly warranty expenditure per car and the estimated units subject to warranty during the future warranty period. The estimate of quarterly warranty expenditure per car is calculated based on the average of actual warranty expenses in the past and the estimated number of units of cars

subject to warranty at the end of every quarter. As of December 31, 2023 and 2022, the carrying amounts of provisions for warranties were \$149,772 thousand and \$148,479 thousand, respectively.

## 6. CASH AND CASH EQUIVALENTS

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Checking accounts and demand deposits	\$ 482,027	\$ 468,512
Foreign currency demand deposits	2,584,627	48,773
Cash equivalents		
Foreign currency time deposits	292,923	210,763
Time deposits	6,900	342,840
Repurchase agreements collateralized by bonds	<u>467,414</u>	<u>445,341</u>
	<u>\$ 3,833,891</u>	<u>\$ 1,516,229</u>

Cash equivalents include time deposits and repurchase agreements collateralized by bonds with original maturities within 3 months from the date of acquisition, which are highly liquid, readily convertible to a known amount of cash and are subject to an insignificant risk of change in value. These cash equivalents are held for the purpose of meeting short-term cash commitments.

The market interest rate intervals of demand deposits, time deposits and repurchase agreements collateralized by bonds at the end of the reporting period were as follows:

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Demand deposits and time deposits	0.001%-5.52%	0.001%-4.50%
Repurchase agreements collateralized by bonds	5.50%	3.80%-4.35%

## 7. FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
<u>Financial assets mandatorily classified as at FVTPL</u>		
Non-derivative financial assets		
Mutual funds	<u>\$ 900,959</u>	<u>\$ 2,342,779</u>

## 8. FINANCIAL ASSETS AT AMORTIZED COST

	December 31	
	2023	2022
<u>Current</u>		
Time deposits with original maturity of more than 3 months		
(a)	\$ 43,509	\$ -
Time deposit-restricted (b)	<u>2,145</u>	<u>-</u>
	<u>\$ 45,654</u>	<u>\$ -</u>
<u>Non-current</u>		
Time deposit-restricted (b)	<u>\$ -</u>	<u>\$ 2,120</u>

- a. As of December 31, 2023, the interest rates of time deposits with original maturity of more than 3 months were 5.52%.
- b. Financial assets at amortized cost pledged as collateral for the maintenance of military vehicles are set out in Note 29.

## 9. NOTES RECEIVABLE, TRADE RECEIVABLES AND OTHER RECEIVABLES

	December 31	
	2023	2022
<u>Notes receivable</u>		
At amortized cost	<u>\$ 855</u>	<u>\$ 930</u>
<u>Trade receivables</u>		
At amortized cost	<u>\$ 26,827</u>	<u>\$ 23,800</u>
<u>Other receivables</u>		
Interest receivables	\$ 5,670	\$ 3,432
Others	<u>7,416</u>	<u>6,304</u>
	<u>\$ 13,086</u>	<u>\$ 9,736</u>

- a. Notes receivable

In order to minimize credit risk, the sales department monitors payment collection regularly to ensure that follow-up action is taken to recover overdue debts. In addition, the Company reviews the recoverable amount of each individual trade debt at the end of the reporting period to ensure that adequate allowance is made for possible irrecoverable amounts. In this regard, the management believes the Company's credit risk was significantly reduced.

The Company applies the simplified approach to provisions for expected credit losses prescribed by IFRS 9, which permits the use of a lifetime expected losses provision for all notes receivable. The expected credit losses on notes receivable are estimated using a provision matrix by reference to past default experience with the respective debtor and an analysis of the debtor's current financial position, adjusted for the general economic conditions of the industry in which the debtor operates and an assessment of both the current as well as the forecasted direction of economic conditions at the reporting date. The provision for losses based on the past due status of receivables is further distinguished by domestic customers and foreign customers. Nevertheless, the Company did not recognize an expected losses provision for notes receivable due to the estimation performed by the Company at the end of the reporting period, which shows that there was no significant change in the credit quality of the receivables and the amounts were still considered recoverable.

The following table details the loss allowance of notes receivable based on the Company's provision matrix.

December 31, 2023

	Not Past Due	Up to 60 Days	61 to 120 Days	121 to 180 Days	Over 180 Days	Total
Expected credit loss rate	-	-	-	-	-	
Gross carrying amount	\$ 855	\$ -	\$ -	\$ -	\$ -	\$ 855
Loss allowance (Lifetime ECL)	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>
Amortized cost	<u>\$ 855</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 855</u>

December 31, 2022

	Not Past Due	Up to 60 Days	61 to 120 Days	121 to 180 Days	Over 180 Days	Total
Expected credit loss rate	-	-	-	-	-	
Gross carrying amount	\$ 930	\$ -	\$ -	\$ -	\$ -	\$ 930
Loss allowance (Lifetime ECL)	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>
Amortized cost	<u>\$ 930</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 930</u>

b. Trade receivables

In order to minimize credit risk, the sales department monitors payment collection regularly to ensure that follow-up action is taken to recover overdue debts. In addition, the Company reviews the recoverable amount of each individual trade debt at the end of the reporting period to ensure that adequate allowance is made for possible irrecoverable amounts. In this regard, the management believes the Company's credit risk was significantly reduced.

The Company applies the simplified approach to provisions for expected credit losses prescribed by IFRS 9, which permits the use of a lifetime expected losses provision for all trade receivables. The expected credit losses on trade receivables are estimated using a

provision matrix by reference to past default experience with the respective debtor and an analysis of the debtor's current financial position, adjusted for the general economic conditions of the industry in which the debtor operates and an assessment of both the current as well as the forecasted direction of economic conditions at the reporting date. The provision for losses based on the past due status of receivables is further distinguished by domestic customers and foreign customers. Nevertheless, the Company did not recognize an expected losses provision for trade receivables due to the estimation performed by the Company at the end of the reporting period, which shows that there was no significant change in the credit quality of the receivables and the amounts were still considered recoverable.

The following table details the loss allowance of trade receivables based on the Company's provision matrix.

#### December 31, 2023

	Not Past Due	Up to 60 Days	61 to 120 Days	121 to 180 Days	Over 180 Days	Total
Expected credit loss rate	-	-	-	-	-	
Gross carrying amount	\$ 26,827	\$ -	\$ -	\$ -	\$ -	\$ 26,827
Loss allowance (Lifetime ECL)	-	-	-	-	-	-
Amortized cost	<u>\$ 26,827</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 26,827</u>

#### December 31, 2022

	Not Past Due	Up to 60 Days	61 to 120 Days	121 to 180 Days	Over 180 Days	Total
Expected credit loss rate	-	-	-	-	-	
Gross carrying amount	\$ 23,800	\$ -	\$ -	\$ -	\$ -	\$ 23,800
Loss allowance (Lifetime ECL)	-	-	-	-	-	-
Amortized cost	<u>\$ 23,800</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,800</u>

#### c. Other receivables

When there is objective evidence that other receivables are impaired, the Company assesses impairment loss on other receivables individually.

There were no past due other receivables for which the Company had not recognized an allowance for impairment loss.

## 10. INVENTORIES

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Parts	\$ <u>-</u>	\$ <u>-</u>

The cost of inventories recognized as cost of goods sold for the year ended December 31, 2023 was \$23,081,037 thousand, which included warranty costs of \$124,961 thousand and a loss on inventory purchase commitments of \$4,457 thousand. The cost of inventories recognized as cost of goods sold for the year ended December 31, 2022 was \$20,666,547 thousand, which included warranty costs of \$136,926 thousand and a reversal of loss on inventory purchase commitments of \$3,528 thousand.

## 11. INVESTMENTS ACCOUNTED FOR USING THE EQUITY METHOD

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
<u>Investment in subsidiary</u>		
Yi-Jan Overseas Investment Co., Ltd.	\$ <u>15,614,296</u>	\$ <u>17,707,374</u>

At the end of the reporting period, the proportion of ownership and voting rights in the subsidiary was as follows:

	<b>Proportion of Ownership and Voting Rights</b>	
	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Yi-Jan Overseas Investment Co., Ltd.	100%	100%

Refer to Table 3 for the details of the subsidiaries indirectly held by the Company.

The investments in subsidiaries accounted for using the equity method and the share of profit or loss and other comprehensive income of those investments for the years ended December 31, 2023 and 2022 was based on the subsidiaries' financial statements which have been audited for the same years.

裕隆日產

## 12. PROPERTY, PLANT AND EQUIPMENT - USED BY THE COMPANY

No impairment loss or reversal of impairment loss was recognized for the years ended December 31, 2023 and 2022.

Except for molds and dies which are depreciated on the basis of the estimated number of vehicles to be sold, other property, plant and equipment are depreciated on a straight-line basis over their estimated useful lives as follows:

Computer equipment	3 to 5 years
Other equipment	
Powered equipment	15 years
Experimental equipment	3 to 8 years
Office and communication equipment	3 to 5 years
Other equipment	1 to 10 years
Transportation equipment	4 to 5 years
Machinery and equipment	3 to 10 years
Leasehold improvements	5 years
Tools	2 to 10 years

### 13. LEASE ARRANGEMENTS

#### a. Right-of-use assets

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
<u>Carrying amount</u>		
Buildings	\$ 596,118	\$ 643,796
Transportation equipment	<u>2,439</u>	<u>8,768</u>
	<u>\$ 598,557</u>	<u>\$ 652,564</u>
	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Additions to right-of-use assets	<u>\$ 4,417</u>	<u>\$ 25,390</u>
Depreciation charge for right-of-use assets		
Buildings	\$ 52,095	\$ 51,495
Transportation equipment	<u>5,485</u>	<u>7,859</u>
	<u>\$ 57,580</u>	<u>\$ 59,354</u>

Except for the aforementioned addition and recognized depreciation, the Company did not have significant sublease or impairment of right-of-use assets during the years ended December 31, 2023 and 2022. In addition, the Company early terminated part of the lease contract during the year ended December 31, 2023, which resulted in a decrease of \$844 thousand in right-of-use assets and recognition of a lease modification benefit of \$6 thousand. The Company early terminated part of the lease contract during the year ended December 31, 2022, which resulted in a decrease of \$506 thousand in right-of-use assets and recognition of a lease modification benefit of \$4 thousand.

#### b. Lease liabilities

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
<u>Carrying amount</u>		
Current	<u>\$ 48,885</u>	<u>\$ 53,434</u>
Non-current	<u>\$ 558,212</u>	<u>\$ 604,590</u>

The discount rates for lease liabilities were as follows:

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Buildings	0.91%	0.91%
Transportation equipment	0.91%	0.91%

c. Material leasing activities and terms

The Company leases certain cars for the use of its executives with lease terms of 3 to 4 years. The Company does not have bargain purchase options to acquire the leasehold cars at the end of the lease terms.

The Company also leases buildings for the use of plants, offices and dormitory with lease terms of 2 to 39 years. If the lease term is not specified in the lease contract with the related party, lease term is based on the useful lives of the right-of-use assets, please refer to Note 28. The Company does not have bargain purchase options to acquire the leasehold buildings at the end of the lease terms.

d. Other lease information

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Expenses relating to short-term leases	\$ 3,288	\$ 3,204
Total cash outflow for leases	\$ (63,593)	\$ (65,298)

The Company's leases of certain transportation equipment qualify as short-term leases. The Company has elected to apply the recognition exemption and thus, did not recognize right-of-use assets and lease liabilities for these leases.

## 19. RETIREMENT BENEFIT PLANS

### a. Defined contribution plan

The Company adopted a pension plan under the Labor Pension Act (LPA), which is a state-managed defined contribution plan. Under the LPA, an entity makes monthly contributions to employees' individual pension accounts at 6% of monthly salaries and wages.

The total expense recognized in profit or loss for the years ended December 31, 2023 and 2022 was \$15,514 thousand and \$14,777 thousand, respectively, represents contributions payable to these plans by the Company at rates specified in the rules of the plans.

An analysis by function of the amounts recognized in profit or loss in respect of the defined contribution plan is as follows:

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Selling and marketing expenses	\$ 4,976	\$ 4,657
General and administrative expenses	3,086	3,022
Research and development expenses	7,452	7,069
Non-operating expenses	<u>-</u>	<u>29</u>
	<u><b>\$ 15,514</b></u>	<u><b>\$ 14,777</b></u>

### b. Defined benefit plan

The defined benefit plan adopted by the Company in accordance with the Labor Standards Act is operated by the government. Pension benefits are calculated on the basis of the length of service and average monthly salaries of the 6 months before retirement. The Company contributes amounts equal to 2% of total monthly salaries and wages to a pension fund administered by the pension fund monitoring committee. Pension contributions are deposited in the Bank of Taiwan in the committee's name. Before the end of each year, the Company assesses the balance in the pension fund. If the amount of the balance in the pension fund is inadequate to pay retirement benefits for employees who conform to retirement requirements in the next year, the Company is required to fund the difference in one appropriation that should be made before the end of March of the next year. The pension fund is managed by the Bureau of Labor Funds, Ministry of Labor ("the Bureau"); the Company has no right to influence the investment policy and strategy.

The amounts included in the balance sheets in respect of the Company's defined benefit plans were as follows:

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Present value of funded defined benefit obligation	\$ 330,283	\$ 314,666
Fair value of plan assets	<u>(285,901)</u>	<u>(283,237)</u>
Deficit	<u><b>\$ 44,382</b></u>	<u><b>\$ 31,429</b></u>
Net defined benefit liabilities	<u><b>\$ 44,382</b></u>	<u><b>\$ 31,429</b></u>

Movements in net defined benefit liabilities were as follows:

	<b>Present Value of the Defined Benefit Obligation</b>	<b>Fair Value of the Plan Assets</b>	<b>Net Defined Benefit Liabilities (Assets)</b>
Balance at January 1, 2022	\$ 349,137	\$ (261,651)	\$ 87,486
Service cost			
Current service cost	2,116	-	2,116
Net interest expense (income)	1,746	(1,323)	423
Recognized in profit or loss	3,862	(1,323)	2,539
Remeasurement			
Return on plan assets (excluding amounts included in net interest)	-	(21,100)	(21,100)
Actuarial gain - changes in financial assumptions	(28,258)	-	(28,258)
Actuarial loss - experience adjustments	7,667	-	7,667
Recognized in other comprehensive income	(20,591)	(21,100)	(41,691)
Contributions from the employer	-	(6,172)	(6,172)
Benefits paid	(7,009)	7,009	-
Payment from the employer	(10,733)	-	(10,733)
Balance at December 31, 2022	\$ 314,666	\$ (283,237)	\$ 31,429
Balance at January 1, 2023	\$ 314,666	\$ (283,237)	\$ 31,429
Service cost			
Current service cost	1,460	-	1,460
Net interest expense (income)	4,720	(4,297)	423
Recognized in profit or loss	6,180	(4,297)	1,883
Remeasurement			
Return on plan assets (excluding amounts included in net interest)	-	(1,715)	(1,715)
Actuarial loss - changes in financial assumptions	6,488	-	6,488
Actuarial loss - experience adjustments	12,644	-	12,644
Recognized in other comprehensive income	19,132	(1,715)	17,417
Contributions from the employer	-	(6,347)	(6,347)
Benefits paid	(9,695)	9,695	-
Balance at December 31, 2023	\$ 330,283	\$ (285,901)	\$ 44,382

An analysis by function of the amounts recognized in profit or loss in respect of the defined benefit plans is as follows:

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Selling and marketing expenses	\$ 675	\$ 691
General and administrative expenses	120	661
Research and development expenses	1,068	1,117
Non-operating expenses	<u>20</u>	<u>70</u>
	<u>\$ 1,883</u>	<u>\$ 2,539</u>

Through the defined benefit plans under the Labor Standards Act, the Company is exposed to the following risks:

- 1) Investment risk: The plan assets are invested in domestic and foreign equity and debt securities, bank deposits, etc. The investment is conducted at the discretion of the Bureau or under the mandated management. However, in accordance with relevant regulations, the return generated by plan assets should not be below the interest rate for a 2-year time deposit with local banks.
- 2) Interest risk: A decrease in the government/corporate bond interest rate will increase the present value of the defined benefit obligation; however, this will be partially offset by an increase in the return on the plan's debt investments.
- 3) Salary risk: The present value of the defined benefit obligation is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the present value of the defined benefit obligation.

The actuarial valuations of the present value of the defined benefit obligation were carried out by qualified actuaries. The principal assumptions used for the purposes of the actuarial valuations were as follows:

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Discount rate(s)	1.25%	1.50%
Expected rate(s) of salary increase	2.50%	2.50%

If possible reasonable change in each of the significant actuarial assumptions occurs and all other assumptions remain constant, the present value of the defined benefit obligation will increase (decrease) as follows:

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Discount rate(s)		
0.25% increase	\$ (6,489)	\$ (6,537)
0.25% decrease	<u>\$ 6,682</u>	<u>\$ 6,740</u>

(Continued)

	December 31	
	2023	2022
Expected rate(s) of salary increase		
0.25% increase	\$ 6,482	\$ 6,553
0.25% decrease	\$ (6,327)	\$ (6,388)
		(Concluded)

The sensitivity analysis presented above may not be representative of the actual change in the present value of the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

	December 31	
	2023	2022
The expected contributions to the plan for the next year	\$ 6,615	\$ 6,383
The average duration of the defined benefit obligation	8 years	8.5 years

## 20. EQUITY

### a. Capital surplus

	December 31	
	2023	2022
Excess from spin-off	\$ 5,986,507	\$ 5,986,507
Generated from investments accounted for using the equity method	2,461	2,461
	<u>\$ 5,988,968</u>	<u>\$ 5,988,968</u>

The capital surplus arising from shares issued in excess of par (including excess from spin-off) may be used to offset a deficit; in addition, when the Company has no deficit, such capital surplus may be distributed as cash dividends or transferred to capital stock (limited to a certain percentage of the Company's capital surplus and to once a year).

The capital surplus from investments accounted for using the equity method may not be used for any purpose.

### b. Retained earnings and dividend policy

Under the dividend policy as set forth in the amended Articles, where the Company made a profit in a fiscal year, the profit shall be first utilized for paying taxes, offsetting losses of previous years, setting aside as legal reserve 10% of the remaining profit, setting aside or reversing special reserve in accordance with the laws and regulations, and then any remaining profit together with any undistributed retained earnings shall be used by the Company's board of directors as the basis for proposing a distribution plan, which should be resolved in the stockholders' meeting for the distribution of dividends and bonuses to stockholders. For the policies on the distribution of compensation of employees after the amendment, refer to Note

22-e. on compensation of employees.

The Company operates in a mature and stable industry. In determining the distribution of dividends, the Company considers factors such as the impact of dividends on reported profitability, cash required for future operations, any potential changes in the industry, interest of the stockholders and the effect on the of Company's financial ratios. The amount of dividends, which can be cash dividends or stock dividends, is formulated to be less than 90% of net income, though the final issued ratios would be proposed and approved by the board of directors. Cash dividends should be at least 20% of total dividends to be distributed to the stockholders.

Appropriation of earnings to the legal reserve shall be made until the legal reserve equals the Company's capital surplus. The legal reserve may be used to offset deficit. If the Company has no deficit and the legal reserve has exceeded 25% of the Company's capital surplus, the excess may be transferred to capital or distributed in cash.

When a special reserve is appropriated for cumulative net debit balance reserves from prior period, the special reserve is only appropriated from the prior unappropriated earnings.

The appropriations of earnings for 2022 and 2021 approved in the stockholders' meetings on June 30, 2023 and June 24, 2022, respectively, were as follows:

	<b>Appropriation of Earnings</b>		<b>Dividends Per Share (NT\$)</b>	
	<b>For the Year Ended</b>		<b>For the Year Ended</b>	
	<b>December 31</b>		<b>December 31</b>	
	<b>2022</b>	<b>2021</b>	<b>2022</b>	<b>2021</b>
Legal reserve	\$ 244,396	\$ 302,725		
Special reserve	-	142,095		
Cash dividends	2,166,000	2,718,000	\$7.22	\$9.06

## 21. REVENUE

### a. Contract balances

	<b>December 31, 2023</b>	<b>December 31, 2022</b>	<b>January 1, 2022</b>
Notes receivable (Note 9)	\$ 855	\$ 930	\$ 235
Notes receivable - related parties (Note 28)	\$ -	\$ -	\$ 21
Trade receivables (Note 9)	\$ 26,827	\$ 23,800	\$ 23,567
Trade receivables - related parties (Note 28)	\$ 150,101	\$ 356,964	\$ 287,324
Contract liabilities			
Designing and performing R&D of cars	\$ 2,022	\$ 70,028	\$ -

The changes in the contract liability balances primarily result from the timing difference between the Company's satisfaction of performance obligations and the customer's payment.

Revenue recognized in the current year from the satisfaction of performance obligations of contract liabilities at the beginning of the year is as follows:

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
From contract liabilities at the beginning of the year		
Designing and performing R&D of cars	<u>\$ 65,873</u>	<u>\$ -</u>

b. Disaggregation of revenue

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Vehicles	\$ 22,270,551	\$ 19,706,047
Parts	3,491,040	3,500,331
Others	<u>374,606</u>	<u>400,813</u>
	<u>\$ 26,136,197</u>	<u>\$ 23,607,191</u>

c. Partially completed contracts

The performance obligations that are not fully satisfied and the expected timing for recognition of revenue are as follows.

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Designing and performing R&D of cars		
January 2023 to December 2023	\$ -	\$ 65,873
January 2024 to December 2024	<u>2,022</u>	<u>4,155</u>
	<u>\$ 2,022</u>	<u>\$ 70,028</u>

## 22. NET PROFIT

a. Other operating income and expenses

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Loss on disposal of property, plant and equipment	<u>\$ 2,712</u>	<u>\$ 2,811</u>

b. Depreciation and amortization

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
An analysis of depreciation by function		
Operating costs	\$ 294,099	\$ 505,100
Operating expenses	<u>91,686</u>	<u>94,488</u>
	<u>\$ 385,785</u>	<u>\$ 599,588</u>
An analysis of amortization by function		
Operating costs	\$ 8,751	\$ 4,157
Operating expenses	<u>6,144</u>	<u>4,297</u>
	<u>\$ 14,895</u>	<u>\$ 8,454</u>

c. Remuneration for technical services

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Operating costs (Note 28)	<u>\$ 344,482</u>	<u>\$ 343,830</u>

Remuneration for technical services is the payment for technical services.

d. Employee benefits expense

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Post-employment benefits (Note 19)		
Defined contribution plans	\$ 15,514	\$ 14,777
Defined benefit plans	<u>1,883</u>	<u>2,539</u>
	<u>17,397</u>	<u>17,316</u>
Labor and health insurance	38,123	36,743
Salary	443,797	467,065
Remuneration of directors	13,200	13,200
Other employee benefits	<u>41,209</u>	<u>33,598</u>
	<u>536,329</u>	<u>550,606</u>
Total employee benefits expense	<u>\$ 553,726</u>	<u>\$ 567,922</u>
An analysis of employee benefits expense by function		
Operating expenses	\$ 553,706	\$ 567,822
Non-operating expenses	<u>20</u>	<u>100</u>
	<u>\$ 553,726</u>	<u>\$ 567,922</u>

e. Compensation of employees

The Company accrued compensation of employees at the rates no less than 0.1% of net profit before income tax, and compensation of employees. The compensation of employees for the years ended December 31, 2023 and 2022, which have been approved by the Company's board of directors on March 12, 2024 and March 14, 2023, respectively, were as follows:

Accrual rate

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Compensation of employees	0.20%	0.10%

Amount

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
	<b>Cash</b>	<b>Cash</b>
Compensation of employees	\$ 2,934	\$ 3,056

If there is a change in amounts after the annual financial statements were authorized for issue, the differences are recorded as a change in accounting estimate.

There was no difference between the actual amounts of compensation of employees paid and the amounts recognized in the financial statements for the years ended December 31, 2022 and 2021.

Information on the compensation of employees resolved by the Company's board of directors in 2024 and 2023 is available at the Market Observation Post System website of the Taiwan Stock Exchange.

f. Gain or loss on foreign currency exchange, net

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Foreign exchange gains	\$ 27,843	\$ 162,696
Foreign exchange losses	<u>(26,071)</u>	<u>(42,824)</u>
Net profit (loss)	<u>\$ 1,772</u>	<u>\$ 119,872</u>

g. Loss on disposal of investments, net

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Gain on disposal of investments	\$ 23,350	\$ 1,843
Loss on disposal of investments	<u>(286)</u>	<u>(10,649)</u>
Net loss	<u>\$ 23,064</u>	<u>\$ (8,806)</u>

## 23. INCOME TAXES

### a. Income tax recognized in profit or loss

The major components of tax expense were as follows:

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Current tax		
In respect of the current year	\$ 612,520	\$ 722,196
Income tax on unappropriated earnings	26,419	-
Adjustments for prior years	(4,294)	2,935
Deferred tax		
In respect of the current year	<u>(324,503)</u>	<u>(110,085)</u>
Income tax expense recognized in profit or loss	<u>\$ 310,142</u>	<u>\$ 615,046</u>

A reconciliation of accounting profit and income tax expenses is as follows:

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Profit before tax	<u>\$ 1,471,167</u>	<u>\$ 3,025,627</u>
Income tax expense calculated at the statutory rate	\$ 294,233	\$ 605,125
Adjustments of expenses in determining taxable income	1,634	6,986
Tax-exempt income	(7,850)	-
Income tax on unappropriated earnings	26,419	-
Adjustments for prior years' tax	<u>(4,294)</u>	<u>2,935</u>
Income tax expense recognized in profit or loss	<u>\$ 310,142</u>	<u>\$ 615,046</u>

### b. Income tax recognized in other comprehensive income

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
<u>Deferred tax</u>		
In respect of the current year		
Share of other comprehensive income of subsidiary accounted for using the equity method	\$ (18)	\$ 7
Remeasurement of defined benefit plans	<u>(3,484)</u>	<u>8,338</u>
Recognized in other comprehensive income (loss)	<u>\$ (3,502)</u>	<u>\$ 8,345</u>

### c. Installment payments of income tax

Due to impact of the COVID-19 pandemic, the Company applied to the National Taxation Bureau for the payment of its income tax for the year 2019 in 36 equal installments on a

monthly basis starting from July 2020 in accordance with Rule No. 10904533690 issued by the Ministry of Finance (MOF) of the Republic of China. As of December 31, 2023, the payments have been settled.

d. Current tax assets and liabilities

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Current tax liabilities		
Income tax payable	<u>\$ 350,149</u>	<u>\$ 516,410</u>

e. Deferred tax assets and liabilities

The movements of deferred tax assets and deferred tax liabilities were as follows:

For the year ended December 31, 2022

	<b>Opening Balance</b>	<b>Recognized in Profit or Loss</b>	<b>Recognized in Other Comprehensiv e Income</b>	<b>Closing Balance</b>
<u>Deferred tax assets</u>				
Temporary differences				
Defined benefit obligation	\$ 17,830	\$ (2,874)	\$ (8,338)	\$ 6,618

Share of other comprehensive loss of subsidiaries accounted for using the equity method	<u>119</u>	<u>-</u>	<u>18</u>	<u>137</u>
	<u>\$ 60,158</u>	<u>\$ 257</u>	<u>\$ 3,502</u>	<u>\$ 63,917</u>
<u>Deferred tax liabilities</u>				
Temporary differences				
Shares of profit of subsidiaries	\$ 2,302,860	\$ (324,440)	\$ -	\$ 1,978,420
Unrealized exchange gain, net	<u>846</u>	<u>194</u>	<u>-</u>	<u>1,040</u>
	<u>\$ 2,303,706</u>	<u>\$ (324,246)</u>	<u>\$ -</u>	<u>\$ 1,979,460</u>

f. Income tax assessments

The Company's tax returns through 2021 have been assessed by the tax authorities.

## 24. EARNINGS PER SHARE

The earnings and weighted-average number of common stock outstanding used in the computation of earnings per share were as follows:

### Net Profit for the Year

	<u>For the Year Ended December 31</u>	
	<b>2023</b>	<b>2022</b>
Earnings used in the computation of basic and diluted earnings per share	<u>\$ 1,161,025</u>	<u>\$ 2,410,581</u>

# Weighted-average Number of Common Stock Outstanding (In Thousands of Shares)

	<u>For the Year Ended December 31</u>	
	2023	2022
Weighted average number of common stock used in the computation of basic earnings per share	300,000	300,000
Effect of potential dilutive common stock:		
Compensation of employees	<u>15</u>	<u>11</u>
Weighted average number of common stock used in the computation of diluted earnings per share	<u>300,015</u>	<u>300,011</u>

The Company may settle the compensation of employees in cash or stocks; therefore, the Company assumes the entire amount of the compensation will be settled in stocks and the resulting potential stocks will be included in the weighted average number of stocks outstanding used in the computation of diluted earnings per share, as the effect is dilutive. Such dilutive effect of the potential stocks is included in the computation of diluted earnings per share until the number of stocks to be distributed to employees is resolved in the following year.

## 25. CASH FLOW INFORMATION

### a. Non-cash transactions

For the years ended December 31, 2023 and 2022, the Company entered into the following non-cash investing activities:

	<u>For the Year Ended December 31</u>	
	2023	2022
<u>Investing activities affecting both cash and non-cash transactions</u>		
Increase in property, plant and equipment	\$ 68,030	\$ 59,757
Net changes of prepayment for equipment	(24,014)	64,273
Net changes of trade payables	<u>(2,811)</u>	<u>80,221</u>
Cash paid for acquisition of property, plant and equipment	<u>\$ 41,205</u>	<u>\$ 204,251</u>

### b. Changes in liabilities arising from financing activities

#### 2023

	Opening Balance	Cash Flows	New Leases	Leases Terminated	December 31, 2023
Lease liabilities	<u>\$ 658,024</u>	<u>\$ (54,494)</u>	<u>\$ 4,417</u>	<u>\$ (850)</u>	<u>\$ 607,097</u>

2022

	<b>Opening Balance</b>	<b>Cash Flows</b>	<b>New Leases</b>	<b>Leases Terminated</b>	<b>December 31, 2022</b>
Lease liabilities	<u>\$ 689,014</u>	<u>\$ (55,870)</u>	<u>\$ 25,390</u>	<u>\$ (510)</u>	<u>\$ 658,024</u>

## 26. CAPITAL MANAGEMENT

The Company manages its capital to ensure that the Company will be able to continue as a going concern while maximizing the return to stockholders through the optimization of the debt and equity balance.

## 27. FINANCIAL INSTRUMENTS

- a. Fair value of financial instruments that are not measured at fair value

The carrying amounts of the financial assets and financial liabilities that are not measured at fair value are approximately equal to their fair values.

- b. Fair value of financial instruments that are measured at fair value on a recurring basis

- 1) Fair value hierarchy

December 31, 2023

	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
<u>Financial assets at FVTPL</u>				
Mutual funds	<u>\$ 900,959</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 900,959</u>

December 31, 2022

	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
<u>Financial assets at FVTPL</u>				
Mutual funds	<u>\$2,342,779</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$2,342,779</u>

There were no transfers between Levels 1 and 2 in the current and prior periods.

- 2) Valuation techniques and assumptions applied for the purpose of fair value measurement

The fair value of mutual funds traded on active market is the net asset value on the balance sheet date. If there is no market price, the fair value is determined by the redemption value. The estimates and assumptions used by the Company were consistent with those that market participants would use in setting a price for the financial instrument.

c. Categories of financial instruments

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
<u>Financial assets</u>		
Fair value through profit or loss (FVTPL)		
Mandatorily at FVTPL	\$ 900,959	\$ 2,342,779
Financial assets at amortized cost (Note 1)	4,170,582	2,025,389
<u>Financial liabilities</u>		
Financial liabilities at amortized cost (Note 2)	1,426,857	1,229,893

Note 1: The balances included financial assets measured at amortized cost, which comprise cash and cash equivalents, within 3 months from the date of acquisition time deposits, notes receivable, trade receivables, other receivables and restricted deposit.

Note 2: The balances included financial liabilities measured at amortized cost, which comprise trade payables and part of other payables.

d. Financial risk management objectives and policies

The Company's major financial instruments include financial assets at fair value through profit or loss, trade receivables, trade payables, and lease liabilities. The Company's corporate treasury function coordinates access to domestic and international financial markets, manages the financial risks relating to the operations of the Company through internal risk reports which analyze exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

1) Market risk

The Company's activities exposed it primarily to the financial risks of changes in foreign currency exchange rates, interest rates and other prices.

There had been no change to the Company's exposure to market risks or the manner in which these risks were managed and measured. Sensitivity analysis evaluates the impact of a reasonably possible change in interest or foreign currency rates over a year. Details of the sensitivity analysis for foreign currency risk and for interest rate risk are set out in (a) and (b) below.

a) Foreign currency risk

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are set out in Note 31.

Sensitivity analysis

The Company is mainly exposed to the RMB, U.S. dollar and Japanese yen.

The following table details the Company's sensitivity to a 5% increase and decrease in the functional currency against the relevant foreign currencies. 5% is the sensitivity

rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis included only outstanding foreign currency denominated monetary items, and adjusts their translation at the end of the reporting period for a 5% change in foreign currency rates. A negative number below indicates a decrease in pre-tax profit associated with the functional currency weakening 5% against the relevant currency. For a 5% strengthening of the functional currency against the relevant currency, there would be an equal and opposite impact on pre-tax profit and the balances below would be positive.

	<b>RMB</b>		<b>U.S. Dollar</b>		<b>Japanese Yen</b>	
	<b>For the Year Ended December 31</b>		<b>For the Year Ended December 31</b>		<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>	<b>2023</b>	<b>2022</b>	<b>2023</b>	<b>2022</b>
Loss	\$ (128,976)	\$ (1,723)	\$ (25,255)	\$ (23,785)	\$ (1,114)	\$ (948)

These were mainly attributable to the exposure on outstanding RMB, U.S. dollar and Japanese yen denominated cash in bank, repurchase agreements collateralized by bonds, receivables and payables, which were not hedged at the end of the reporting period.

b) Interest rate risk

The carrying amounts of the Company's financial assets and financial liabilities with exposure to interest rates at the end of the reporting period were as follows:

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Fair value interest rate risk		
Financial assets	\$ 809,686	\$ 659,842
Financial liabilities	607,097	658,024
Cash flows interest rate risk		
Financial assets	3,069,859	856,387

Sensitivity analysis

The sensitivity analyses below were determined based on the Company's exposure to interest rates for non-derivative instruments at the end of the reporting period. A 25 basis point increase or decrease was used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 25 basis points higher/lower and all other variables were held constant, the Company's pre-tax profit for the years ended December 31, 2023 would increase/decrease by \$7,675 thousand, which was mainly attributable to the Company's exposure to interest rates on its demand deposits and time deposits.

If interest rates had been 25 basis points higher/lower and all other variables were held constant, the Company's pre-tax profit for the years ended December 31, 2022 would increase/decrease by \$2,180 thousand, which was mainly attributable to the Company's exposure to interest rates on its demand deposits and time deposits.

### c) Other price risk

The Company was exposed to price risk through its investments in funds. The Company manages this exposure by investing in a diversified a portfolio of investments with different risks.

#### Sensitivity analysis

The sensitivity analysis below was determined based on the exposure to equity price risks at the end of the reporting period.

If the fund's value had been 1% higher/lower, pre-tax profit for the years ended December 31, 2023 and 2022 would have been higher/lower by \$9,010 thousand and \$23,428 thousand, respectively, as a result of the changes in fair value of financial assets at FVTPL.

### 2) Credit risk

The Company's concentration of credit risk of 40% and 65% in total trade receivables as of December 31, 2023 and 2022, respectively, was related to the Company's largest customer within the vehicle department and the five largest customers within the parts department.

### 3) Liquidity risk

The Company manages liquidity risk by monitoring and maintaining a level of cash and cash equivalents deemed adequate to finance the Company's operations and mitigate the effects of fluctuations in cash flows. In addition, management monitors the utilization of bank borrowings and ensures compliance with loan covenants.

The Company relies on bank borrowings as a significant source of liquidity. As of December 31, 2023 and 2022, the available unutilized borrowings facilities were both \$5,700,000 thousand.

The following tables detail the Company's remaining contractual maturities for its non-derivative financial liabilities with agreed repayment periods. The tables had been drawn up based on the undiscounted cash flows of financial liabilities from the earliest date on which the Company can be required to pay.

#### December 31, 2023

	<b>On Demand or Less than 1 Month</b>	<b>1-3 Months</b>	<b>3 Months to 1 Year</b>	<b>1-5 Years</b>	<b>5+ Years</b>
<u>Non-derivative financial liabilities</u>					
Non-interest bearing	\$ 1,384,480	\$ 29,408	\$ 12,969	\$ -	\$ -

b. Related party transaction details

Balances and transactions between the Company and related parties are based on agreements. Details of transactions between the Company and its related parties were disclosed below:

## 1) Operating transactions

Line Item	Related Party Category/Name	For the Year Ended December 31	
		2023	2022
Sales	Taiwan Acceptance Corporation	\$ 21,933,002	\$ 19,691,641
	Investors that have significant influence	2,493	2,248
	Other related parties	<u>3,541,630</u>	<u>3,214,967</u>
		<u>\$ 25,477,125</u>	<u>\$ 22,908,856</u>
Service revenue	Nissan	<u>\$ 263,544</u>	<u>\$ 294,470</u>

The Company designs and performs R&D of cars mainly for Nissan. Service revenue is recognized according to the related contracts.

For the Year Ended December 31		
	2023	2022
<u>Other operating revenue</u>		
Nissan Trading Co., Ltd.	\$ 15,587	\$ 12,072
Yu Chang Motor Co., Ltd.	12,718	12,030
Investors that have significant influence	2,458	1,299
Other related parties	<u>59,316</u>	<u>65,143</u>
	<u>\$ 90,079</u>	<u>\$ 90,544</u>

Other operating revenue mainly arose from the sale of steel plates, steel and aluminum parts and the extended warranty services.

For the Year Ended December 31		
	2023	2022
<u>Operating costs - purchases</u>		
Yulon	\$ 22,057,244	\$ 19,362,749
Investors that have significant influence	17,340	16,796
Other related parties	<u>55,604</u>	<u>87,565</u>
	<u>\$ 22,130,188</u>	<u>\$ 19,467,110</u>

Operating costs - remuneration for technical services

Nissan	\$ 344,331	\$ 343,672
Nissan Motorsports & Customizing Co., Ltd.	<u>151</u>	<u>158</u>
	<u>\$ 344,482</u>	<u>\$ 343,830</u>

The remuneration for technical services is the payment for technical services provided by Nissan and Nissan Motorsports & Customizing Co., Ltd., which was established through the merger of Autech Japan, Inc. and Nissan Motorsports International Co., Ltd. in April 2022, based on the Company's technical cooperation agreements with the two companies. The remuneration for technical services provided by Nissan is calculated based on the purchase costs less the commodity tax of each vehicle model, while the remuneration for technical services provided by Nissan Motorsports & Customizing Co., Ltd. is calculated based on the R&D fees of each vehicle model plus the royalty fees of each vehicle sold.

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
<u><b>Selling and marketing expenses</b></u>		
Investors that have significant influence	\$ 25,476	\$ 30,112
Other related parties	<u>874,910</u>	<u>983,471</u>
	<u>\$ 900,386</u>	<u>\$ 1,013,583</u>
<u><b>General and administrative expenses</b></u>		
Yulon Management Co., Ltd.	\$ 233,048	\$ 233,052
Investors that have significant influence	13,728	15,134
Other related parties	<u>7,966</u>	<u>9,607</u>
	<u>\$ 254,742</u>	<u>\$ 257,793</u>
<u><b>Research and development expenses</b></u>		
Yulon	\$ 109,468	\$ 110,209
Investors that have significant influence	11,178	8,642
Other related parties	<u>8,851</u>	<u>8,712</u>
	<u>\$ 129,497</u>	<u>\$ 127,563</u>

Selling and marketing expenses are payments to other related parties for advertisement and promotion.

General and administrative expenses are payments to Yulon Management Co., Ltd. for consulting, labor dispatch and IT services.

Research and development expenses are payments for prototype fees, sample fees and services related to the provision of system platform research for each vehicle model.

## 2) Non-operating transactions

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
<u>Overseas business expenses</u>		
Yulon	\$ 5,911	\$ 5,759
Yulon Management Co., Ltd.	<u>-</u>	<u>24</u>
	<u>\$ 5,911</u>	<u>\$ 5,783</u>

## 3) Receivables from related parties

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
<u>Trade receivables</u>		
Taiwan Acceptance Corporation	\$ 50,752	\$ 255,017
Nissan	19,707	7,425
Investors that have significant influence	977	931
Other related parties	<u>78,665</u>	<u>93,591</u>
	<u>\$ 150,101</u>	<u>\$ 356,964</u>
<u>Other receivables</u>		
Yulon	\$ 79,685	\$ 104,311
Subsidiary	4,341	5,025
Other related parties	<u>16,142</u>	<u>6,274</u>
	<u>\$ 100,168</u>	<u>\$ 115,610</u>
		(Concluded)

Other receivables from Yulon are mainly purchase discounts and commodity taxes paid by the Company on behalf of Yulon. Other receivables from subsidiary and other related parties are the allocated general and administrative expenses and the allocated advertising and promotion fees, respectively.

Trade receivables from related parties are unsecured. For the years ended December 31, 2023 and 2022, no impairment loss was recognized on trade receivables from related parties.

4) Refundable deposits

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Yulon	\$ 203,013	\$ 365,831
Other related parties	<u>-</u>	<u>132</u>
	<u>\$ 203,013</u>	<u>\$ 365,963</u>

Refundable deposits are mainly the deposits paid by the Company to Yulon for materials and paid to other related parties for warehouse lease.

5) Payables to related parties

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
<u>Trade payables</u>		
Yulon	\$ 222,524	\$ 273,646
Nissan	65,415	93,036
Dongfeng Nissan Passenger Vehicle Co.	-	69,398
Other related parties	<u>13,593</u>	<u>5,876</u>
	<u>\$ 301,532</u>	<u>\$ 441,956</u>
<u>Other payables</u>		
Yulon	\$ 18,870	\$ 32,558
Other related parties	<u>94,038</u>	<u>108,882</u>
	<u>\$ 112,908</u>	<u>\$ 141,440</u>

Trade payables to related parties are unsecured. As of December 31, 2023 and 2022, the balances of purchases of equipment from other payables were \$74 thousand and \$1,746 thousand, respectively.

6) Acquisition of property, plant and equipment

<b>Related Party Category/Name</b>	<b>Acquisition Price</b>	
	<b>2023</b>	<b>2022</b>
Yulon	\$ 959	\$ 8,652
Uni Calsonic Corporation	-	1,979
Uni Auto Parts Co., Ltd.	90	-
Other related parties	<u>-</u>	<u>757</u>
	<u>\$ 1,049</u>	<u>\$ 11,388</u>

## 7) Lease arrangements - the Company is lessee

Related Party Category/Name	For the Year Ended December 31	
	2023	2022
<u>Acquisition of right-of-use assets</u>		
Yulon	\$ 1,563	\$ 22,851
Ka-Plus Automobile Leasing Co., Ltd.	<u>-</u>	<u>1,670</u>
	<u>\$ 1,563</u>	<u>\$ 24,521</u>

The Company's rental expenses paid monthly are comprised of an activity center for its executives for the year ended December 31, 2023. The lease term of the contract was 5 years; the Company's rental expenses paid monthly are primarily comprised of office space and cars for its executives for the year ended December 31, 2022. The lease term of the contracts was 3-5 years.

Line Item	Related Party Category/Name	For the Year Ended December 31	
		2023	2022
Lease liabilities	Yulon	\$ 602,437	\$ 647,337
	Other related parties	<u>2,466</u>	<u>8,827</u>
		<u>\$ 604,903</u>	<u>\$ 656,164</u>

If the lease term is not specified in the lease contract with Yulon, the lease term is until the date of lease termination as agreed by both parties.

<u>Interest expense</u>		
Yulon	\$ 5,725	\$ 6,089
Other related parties	<u>52</u>	<u>115</u>
	<u>\$ 5,777</u>	<u>\$ 6,204</u>

Interest expense is for lease liabilities.

Related Party Category/Name	For the Year Ended December 31	
	2023	2022
<u>Lease expense</u>		
Yulon	\$ 2,551	\$ 2,546
Other related parties	<u>737</u>	<u>657</u>
	<u>\$ 3,288</u>	<u>\$ 3,203</u>

Lease expenses included expenses relating to short-term leases.

Future lease payables related to short-term leases; low-value asset leases are as follows:

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Future lease payables	\$ <u>2,433</u>	\$ <u>3,279</u>

c. Remuneration of key management personnel

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Short-term employee benefits	\$ 35,323	\$ 34,375
Post-employment benefits	<u>1,990</u>	<u>2,015</u>
	\$ <u>37,313</u>	\$ <u>36,390</u>

The remuneration of directors and key executives was determined by the remuneration committee based on the performance of individuals and market trends.

d. Other transactions with related parties

1) Trade receivables sold to Taiwan Acceptance Corporation

The Company sold to Taiwan Acceptance Corporation trade receivables which amounted to \$2,004,961 thousand and \$2,005,429 thousand for the years ended December 31, 2023 and 2022, respectively. As of December 31, 2023 and 2022, the Company had received cash payments of \$1,974,678 thousand and \$1,971,706 thousand, respectively. Based on the contract, the amount of receivables sold is limited to the amount of guarantee provided by the original debtor to Taiwan Acceptance Corporation. Interest rate intervals of the Company's trade receivables sold to Taiwan Acceptance Corporation for the years ended December 31, 2023 and 2022 were 3.03%-3.12% and 2.31%-2.86%; and the interest expenses recognized were \$1,402 thousand and \$1,218 thousand, respectively.

As of December 31, 2023 and 2022, the Company sold trade receivables to Taiwan Acceptance Corporation without recourse. The sale resulted in the derecognition of these trade receivables because the Company transferred the significant risks and rewards relating to the accounts to the buyer.

2) Molds contract signed with Diamond Leasing Service Co., Ltd.

The contract is valid from the date of signing of the contract to the production end date of the car model. As of December 31, 2023, the contract amount of molds still under production, which was paid in installments based on the progress of the contract, was \$370,088 thousand (excluding business tax including the molds contract, which amounted to \$69,360 thousand with Chan Yun Technology Co., Ltd. which was undertaken by Diamond Leasing Service Co., Ltd.), and had been paid in full and recognized as property, plant and equipment. In addition, within the contract period, before the end of January every year, the Company should pay Diamond Leasing Service Co., Ltd., the amount of \$2.6 for every ten thousand dollars of the accumulated amount paid for molds in the prior year.

3) Molds contract signed with Shinshin Credit Corporation

The contract is valid from the date of signing of the contract to the production end date of the car model. As of December 31, 2023, the contract amount of molds still under production, which was paid in installments based on the progress of the contract, was \$488,226 thousand (excluding business tax), and had been paid in full and recognized as property, plant and equipment. In addition, within the contract period, before the end of January every year, the Company should pay Shinshin Credit Corporation the amount of \$2.6 for every ten thousand dollars of the accumulated amount paid for molds in the prior year.

4) Molds contract signed with Sinjang Co., Ltd.

The contract is valid from the date of signing of the contract to the production end date of the car model. As of December 31, 2023, the contract amount of molds still under production, which was paid in installments based on the progress of the contract, was \$485,303 thousand (excluding business tax), and had been paid in full and recognized as property, plant and equipment. In addition, within the contract period, before the end of January every year, the Company should pay Sinjang Co., Ltd. the amount of \$2.6 for every ten thousand dollars of the accumulated amount paid for molds in the prior year.

## 29. ASSETS PLEDGED AS COLLATERAL OR FOR SECURITY

The following assets were provided as the deposits for the maintenance of military vehicles:

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Pledged deposits (classified as financial assets at amortized cost)	\$ <u>2,145</u>	\$ <u>2,120</u>

## 30. SIGNIFICANT CONTINGENCIES AND UNRECOGNIZED COMMITMENTS

In addition to those disclosed in other notes, significant commitments and contingencies of the Company as of December 31, 2023 were as follows:

- a. The Company re-signed a manufacturing contract with Yulon, effective on or after May 1, 2015, for 5 years. This contract, for which the first expiry date was on April 30, 2020, is automatically extended annually unless either party issues a termination notice at least three months before expiry. The contract states that the Company authorizes Yulon to manufacture Nissan automobiles and parts, and the Company is responsible for the subsequent development of new automobile parts. The manufacturing volume of Yulon under the contract should correspond to the Company's sales projection for the year. In addition, the Company has authorized Yulon as the original equipment manufacturer (OEM) of automobile parts and after-sales service.

The Company is responsible for developing new car models, refining designs, and providing the sales projection to Yulon. Yulon is responsible for transforming the sales projections into manufacturing plans, making the related materials orders and purchases, providing product quality assurance, delivering cars, and shouldering warranty expenses due to any defects in products made by Yulon.

- b. The Company has a contract with Taiwan Acceptance Corporation for sale and purchase of vehicles. Besides, Taiwan Acceptance Corporation separately signed with dealers contracts for display of vehicles. If any dealer violates the display contract, resulting in the need for Taiwan Acceptance Corporation to recover the display vehicles, the Company must assist in the settlement or buy-back the vehicles at the original price. From the date of signing the sale and purchase contract to December 31, 2023, no buy-back of vehicles has occurred.
- c. Unrecognized commitments

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Acquisition of property, plant, and equipment	<u>\$ 1,396</u>	<u>\$ 65,088</u>

### 31. SIGNIFICANT ASSETS AND LIABILITIES DENOMINATED IN FOREIGN CURRENCIES

The Company's significant financial assets and liabilities denominated in foreign currencies aggregated by the foreign currencies other than functional currencies and the related exchange rates between the foreign currencies and the respective functional currencies were as follows:

**(In Thousands of New Taiwan Dollars and Foreign Currencies)**

December 31, 2023

	<b>Foreign Currency</b>	<b>Exchange Rate</b>	<b>Carrying Amount</b>
<u>Financial assets</u>			
Monetary items			
RMB	\$ 596,146	4.3270 (RMB:NTD)	\$ 2,579,524

The share capital recorded in the Company's consolidated financial report and the actual number of non-physical securities delivered may be different or different due to the basis of preparation and calculation.

## 5. The Audited Consolidated Financial Statements of the Parent Company and Subsidiaries in Recent Year

### INDEPENDENT AUDITORS' REPORT

The Board of Directors and Stockholders  
Yulon Nissan Motor Company, Ltd.

#### Opinion

We have audited the accompanying consolidated financial statements of Yulon Nissan Motor Company, Ltd. and its subsidiaries (the Group), which comprise the consolidated balance sheets as of December 31, 2023 and 2022, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2023 and 2022, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

#### Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended December 31, 2023. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matter of the Group's consolidated financial statements for the year ended December 31, 2023 is described as follows:

#### Depreciation of Molds and Dies

In accordance with IAS 16 "Property, Plant and Equipment", the depreciable amount of an asset should be allocated on a systematic basis over its useful life. The Group depreciates molds and dies using the unit production method and reviews the estimated number of vehicles that are expected to be sold in the future for each vehicle model every six months based on market sales. The estimated

number of vehicles to be sold is then used to calculate the amount allocated to each mold and die and is used as the basis for the depreciation of molds and dies. The depreciation of molds and dies in 2023 was \$294,099 thousand. Since the amount of depreciation of molds and dies is significant and estimates of the units sold are highly dependent on management's judgment. Therefore, the depreciation of molds and dies is considered to be a key audit matter.

The related accounting policies and material accounting judgments are disclosed in Notes 4 and 5 to the consolidated financial statements, respectively; the related amounts are disclosed in Note 13 to the consolidated financial statements.

We understood the Company's depreciation process for molds and dies and related control systems, evaluated the design of the controls and tested the operating effectiveness of the controls. We also obtained the information and documents from management, which are used as the basis for the estimated number of units of each model of vehicle to be sold in the future and assessed the rationality and reliability of the supporting information. In addition, we took appropriate samples of the transactions of molds and dies and checked them against the original documents and cash flows, performed inventory counts and sent confirmation requests. We also recalculated the amount of depreciation of molds and dies on the basis of the estimated production volume and assessed the rationality of the calculated depreciation and the accuracy of the carrying amount of the molds and dies. Moreover, we determined that there was no significant difference between the amended estimated number of units of future sales of vehicles in the previous year's consolidated financial statements and the actual number of units sold, and we confirmed the appropriateness of management's estimation.

### **Other Matter**

We have also audited the parent company only financial statements of Yulon Nissan Motor Company, Ltd., as of and for the years ended December 31, 2023 and 2022 on which we have issued an unmodified opinion.

### **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including independent directors and the audit committee, are responsible for overseeing the Group's financial reporting process.

## Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2023 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audits resulting in this independent auditors' report are Chien-Hsin Hsieh and Jui-Chuan Chih.

Deloitte & Touche  
Taipei, Taiwan

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022 (In Thousands of New Taiwan Dollars, Unless Stated Otherwise)

### 1. GENERAL INFORMATION

Yulon Nissan Motor Company, Ltd. (the “Company”) and its subsidiaries (collectively referred to as the “Group”) are mainly engaged in the research and development of vehicles and the sale of vehicles. The Company started its operations in October 2003. Then Yulon Motor Co., Ltd. (“Yulon”) transferred its sales and research and development businesses to the Company through a spin-off. The Company’s spin-off from Yulon was intended to increase Yulon’s competitive advantage and participation in the global automobile network and to enhance its professional management. The spin-off date was October 1, 2003.

Yulon initially held 100% equity interest in the Company but then transferred 40% of its equity to Nissan Motor Co., Ltd. (“Nissan”), a Japanese motor company, on October 30, 2003. The Company became listed on December 21, 2004 after its initial public offering application was approved by the Taiwan Stock Exchange Corporation on October 6, 2004.

### 2. APPROVAL OF FINANCIAL STATEMENTS

The consolidated financial statements were approved by the Company’s board of directors on March 12, 2024.

### 3. APPLICATION OF NEW, AMENDED AND REVISED STANDARDS AND INTERPRETATIONS

- a. Initial application of the amendments to the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) (collectively, the “IFRS Accounting Standards”) endorsed and issued into effect by the Financial Supervisory Commission (FSC)

New, Amended and Revised Standards and Interpretations	Effective Date Announced by IASB
Amendments to IAS 1 “Disclosure of Accounting Policies”	January 1, 2023
Amendments to IAS 8 “Definition of Accounting Estimates”	January 1, 2023
Amendments to IAS 12 “Deferred Tax related to Assets and Liabilities arising from a Single Transaction”	January 1, 2023
Amendments to IAS 12 “International Tax Reform - Pillar Two Model Rules”	January 1, 2023

Except for the following, the initial application of the IFRS Accounting Standards endorsed and issued into effect by the FSC did not have a material impact on the Group’s accounting policies.

- b. The IFRS Accounting Standards endorsed by the FSC for application starting from 2024

<b>New, Amended and Revised Standards and Interpretations</b>	<b>Effective Date Announced by IASB (Note 1)</b>
Amendments to IFRS 16 “Leases Liability in a Sale and Leaseback”	January 1, 2024 (Note 2)
Amendments to IAS 1 “Classification of Liabilities as Current or Non-current”	January 1, 2024
Amendments to IAS 1 “Non-current Liabilities with Covenants”	January 1, 2024
Amendments to IAS 7 and IFRS 7 “Supplier Finance Arrangements”	January 1, 2024 (Note 3)

Note 1: Unless stated otherwise, the above IFRS Accounting Standards will be effective for annual reporting periods beginning on or after their respective effective dates.

Note 2: A seller-lessee shall apply the Amendments to IFRS 16 retrospectively to sale and leaseback transactions entered into after the date of initial application of IFRS 16.

Note 3: The amendments provide some transition relief regarding disclosure requirements.

As of the date the consolidated financial statements were authorized for issue, the Group is continuously assessing the possible impact of the application of the above standards and interpretations on the Group’s financial position and financial performance and will disclose the relevant impact when the assessment is completed.

- c. The IFRS Accounting Standards in issue but not yet endorsed and issued into effect by the FSC

<b>New, Amended and Revised Standards and Interpretations</b>	<b>Effective Date Announced by IASB (Note 1)</b>
Amendments to IFRS 10 and IAS 28 “Sale or Contribution of Assets between an Investor and its Associate or Joint Venture”	To be determined by IASB
IFRS 17 “Insurance Contracts”	January 1, 2023
Amendments to IFRS 17	January 1, 2023
Amendments to IFRS 17 “Initial Application of IFRS 9 and IFRS 17 - Comparative Information”	January 1, 2023
Amendments to IAS 21 “Lack of Exchangeability”	January 1, 2025 (Note 2)

Note 1: Unless stated otherwise, the above IFRS Accounting Standards are effective for annual reporting periods beginning on or after their respective effective dates.

Note 2: An entity shall apply those amendments for annual reporting periods beginning on or after January 1, 2025. Upon initial application of the amendments, the entity recognizes any effect as an adjustment to the opening balance of retained earnings. When the entity uses a presentation currency other than its functional currency, it shall, at the date of initial application, recognize any effect as an adjustment to the cumulative amount of translation differences in equity.

As of the date the consolidated financial statements were authorized for issue, the Group is continuously assessing the possible impact of the application of the above standards and interpretations on the Group's financial position and financial performance and will disclose the relevant impact when the assessment is completed.

#### **4. SUMMARY OF MATERIAL ACCOUNTING POLICY INFORMATION**

##### **a. Statement of compliance**

The consolidated financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and IFRS Accounting Standards as endorsed and issued into effect by the FSC.

##### **b. Basis of preparation**

The consolidated financial statements have been prepared on a historical cost basis, except for the financial instruments and net defined benefit liabilities, which are measured at the present value of the defined benefit obligation less than the fair value of plan assets.

The fair value measurements, which are grouped into Levels 1 to 3 based on the degree to which the fair value measurement inputs are observable and based on the significance of the inputs to the fair value measurement in its entirety, are described as follows:

- 1) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities;
- 2) Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- 3) Level 3 inputs are unobservable inputs for the asset or liability

##### **c. Classification of current and non-current assets and liabilities**

Current assets include:

- 1) Assets held primarily for the purpose of trading;
- 2) Assets expected to be realized within 12 months after the reporting period; and
- 3) Cash and cash equivalents unless the asset is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

Current liabilities include:

- 1) Liabilities held primarily for the purpose of trading;
- 2) Liabilities due to be settled within 12 months after the reporting period, even if an agreement to refinance, or to reschedule payments, on a long-term basis is completed after the reporting period and before the consolidated financial statements are authorized for issue; and

- 3) Liabilities for which the Group does not have an unconditional right to defer settlement for at least 12 months after the reporting period.

Assets and liabilities that are not classified as current are classified as non-current.

d. Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and the entities controlled by the Company (i.e. its subsidiaries).

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by the Group.

All intra-group transactions, balances, income and expenses are eliminated in full upon consolidation.

See Note 11 and Table 3 for detailed information on subsidiaries (including percentages of ownership and main businesses).

e. Foreign currencies

The financial statements of each individual group entity in the Group are presented in its functional currency, which is the currency of the primary economic environment in which the entity operates. The consolidated financial statements are presented in the Company's functional currency, New Taiwan dollars (NT\$). Upon preparing the consolidated financial statements, the operations and financial positions of each individual entity are translated into New Taiwan dollars.

In preparing the financial statements of each individual entity in the Group, transactions in currencies other than the entity's functional currency (i.e., foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Exchange differences on monetary items arising from settlement or translation are recognized in profit or loss in the period in which they arise. Non-monetary items that are measured at historical cost in foreign currencies are not retranslated.

When preparing the consolidated financial statements, the financial statements of the Group's foreign operations that are prepared using functional currencies that are different from the currency of the Company are translated into the presentation currency, the New Taiwan dollar, as follows: Assets and liabilities - period-end rates; profit and loss - average rates for the period; equity - historical rate. Any exchange differences are recognized in other comprehensive income.

f. Inventories

Inventories are stated at the lower of cost or net realizable value. Inventory write-downs are made by item, except where it may be appropriate to group similar or related items. The net realizable value is the estimated selling price of inventories less all estimated costs of completion and costs necessary to make the sale. Inventories are recorded at the weighted-average cost on the balance sheet date.

g. Investment in associates

An associate is an entity over which the Group has significant influence and that is neither a subsidiary nor a joint venture.

The Group uses the equity method to account for its investments in associates. Under the equity method, an investment in an associate is initially recognized at cost and adjusted thereafter to recognize the Group's share of the profit or loss and other comprehensive income of the associate. The Group also recognizes the change in the Group's share of equity of associates.

When the Group's share of losses from an associate equals its interest in that associate, the Group discontinues recognizing its share of further losses. Additional losses and liabilities are recognized only to the extent that the Group has incurred legal obligations, or constructive obligations, or made payments on behalf of that associate.

Investments accounted for using the equity method are assessed for indicators of impairment at the end of each reporting period. When there is objective evidence that the investments accounted for using the equity method have been impaired, the impairment losses are recognized in profit or loss.

h. Property, plant and equipment

Property, plant and equipment are initially measured at cost and subsequently measured at cost less accumulated depreciation and accumulated impairment loss.

Other than molds and dies, which are depreciated on the basis of the estimated number of vehicles to be sold in the future, other items of property, plant and equipment are depreciated using the straight-line method. The estimated useful lives, residual values and depreciation method of assets are reviewed at the end of each year, and the estimated sales volume is reviewed every six months, with the effect of any changes in estimate accounted for on a prospective basis.

On derecognition of an item of property, plant and equipment, the difference between the sales proceeds and the carrying amount of the asset is recognized in profit or loss.

i. Computer software

Computer software is initially stated at cost and subsequently stated at cost less accumulated amortization. The amortization is recognized on a straight-line basis over 3 years. The estimated useful, residual value and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. The residual value of computer software shall be assumed to be zero unless the Group expects to dispose of the asset before the end of its economic life.

j. Impairment of property, plant and equipment, right-of-use assets, and computer software

When the carrying amount of property, plant and equipment, right-of-use assets and computer software exceeds its recoverable amount, the excess is recognized as an impairment loss. When the impairment loss is subsequently reversed, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but only to the extent of the carrying amount that would have been determined had no impairment loss been recognized for the asset in prior years. A reversal of an impairment loss is recognized in profit or loss.

k. Financial instruments

Financial assets and financial liabilities are recognized when the Group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issuance of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognized immediately in profit or loss.

Financial assets

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis.

1) Measurement categories

Financial assets are classified into the following categories: Financial assets at FVTPL and financial assets at amortized cost.

a) Financial assets at FVTPL

Financial assets are classified as at FVTPL when such a financial asset, are mandatorily classified or designated as at FVTPL. Financial assets mandatorily classified as at FVTPL include investments in equity instruments that are not designated as at FVTOCI and debt instruments that do not meet the amortized cost criteria or the FVTOCI criteria.

Financial assets at FVTPL are subsequently measured at fair value, with any gains or losses arising on remeasurement recognized in profit or loss. The net gain or loss recognized in profit or loss does not incorporate any dividends or interest earned on such financial asset. Fair value is determined in the manner described in Note 28.

b) Financial assets at amortized cost

Financial assets that meet the following conditions are subsequently measured at amortized cost:

- i. The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- ii. The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Subsequent to initial recognition, financial assets at amortized cost, including cash and cash equivalents, trade receivables at amortized cost and other receivables, are measured at amortized cost, which equals the gross carrying amount determined using the effective interest method less any impairment loss. Exchange differences are recognized in profit or loss.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of such a financial asset, except for:

- i. Purchased or originated credit-impaired financial assets, for which interest income is calculated by applying the credit-adjusted effective interest rate to the amortized cost of such financial assets; and
- ii. Financial assets that are not credit-impaired on purchase or origination but have subsequently become credit impaired, for which interest income is calculated by applying the effective interest rate to the amortized cost of such financial assets in subsequent reporting periods.

Cash equivalents include time deposits and repurchase agreements collateralized by bonds with original maturities within 3 months from the date of acquisition, which are highly liquid, readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value. These cash equivalents are held for the purpose of meeting short-term cash commitments.

## 2) Impairment of financial assets

The Group recognizes a loss allowance for expected credit losses on financial assets at amortized cost (including trade receivables) and contract assets.

The Group always recognizes lifetime expected credit losses (ECLs) for trade receivables. For all other financial instruments, the Group recognizes lifetime ECLs when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on a financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month ECLs.

Expected credit losses reflect the weighted average of credit losses with the respective risks of a default occurring reflected in the weights. Lifetime ECLs represent the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECLs represent the portion of lifetime ECLs that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

The Group recognizes an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

## 3) Derecognition of financial assets

The Group derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

## Financial liabilities

### 1) Subsequent measurement

All the financial liabilities are measured at amortized cost using the effective interest

method.

## 2) Derecognition of financial liabilities

The Group derecognizes a financial liability only when the obligation specified in the contract is discharged, cancelled, or expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss.

## 1. Provisions

### 1) Inventory purchase commitments

Where the Group has a commitment for which the unavoidable costs of meeting the obligations exceed the economic benefits expected to be received, the present obligations arising from such commitments are recognized and measured as provisions.

### 2) Warranties

Provisions for the expected cost of warranty obligations are recognized at the date of sale of the relevant products, at the best estimate by the management of the Group of the expenditure required to settle the Group's obligation.

## m. Revenue recognition

The Group identifies contracts with the customers, allocates the transaction price to the performance obligations, and recognizes revenue when performance obligations are satisfied.

### 1) Revenue from the sale of goods

Revenue from the sale of goods comes from the sale of vehicles and parts. Revenue from the sale of goods is recognized when the goods are delivered and legal ownership of the goods has been transferred to the customer.

### 2) Revenue from the rendering of services

Revenue from the rendering of services comes from the provision of design and research and development services for cars. Contract assets and revenue are recognized by reference to the stage of completion of the respective contract, and contract assets are reclassified to trade receivables when the remaining obligation is performed. If the milestone payment exceeds the revenue recognized to date, then the Group recognizes a contract liability for the difference.

## n. Leases

At the inception of a contract, the Group assesses whether the contract is, or contains, a lease.

### The Group as lessee

The Group recognizes right-of-use assets and lease liabilities for all leases at the commencement date of a lease, except for short-term leases and low-value asset leases accounted for by applying a recognition exemption where lease payments are recognized as expenses on a straight-line basis over the lease terms.

Right-of-use assets are initially measured at cost, which comprises the initial measurement of lease liabilities adjusted for lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs needed to restore the underlying assets, and less any lease incentives received. Right-of-use assets are subsequently measured at cost less accumulated depreciation and impairment losses and adjusted for any remeasurement of the lease liabilities. Right-of-use assets are presented on a separate line in the consolidated balance sheets.

Right-of-use assets are depreciated using the straight-line method from the commencement dates to the earlier end of the useful lives of the right-of-use assets or the end of the lease terms.

Lease liabilities are initially measured at the present value of the lease payments, which comprise fixed payments.

The lease payments are discounted using the interest rate implicit in a lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses the lessee's incremental borrowing rate.

Subsequently, lease liabilities are measured at amortized cost using the effective interest method, with interest expense recognized over the lease terms. When there is a change in a lease term, the Group remeasures the lease liabilities with a corresponding adjustment to the right-of-use-assets. However, if the carrying amount of the right-of-use assets is reduced to zero, any remaining amount of the remeasurement is recognized in profit or loss. Lease liabilities are presented on a separate line in the consolidated balance sheets.

o. Employee benefits

1) Short-term employee benefits

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related services.

2) Retirement benefits

Payments to defined contribution retirement benefit plans are recognized as expenses when employees have rendered services, entitling them to the contributions.

Defined benefit costs (including service costs, net interest and remeasurement) under the defined benefit retirement benefit plans are determined using the projected unit credit method. Service costs and net interest on the net defined benefit liabilities are recognized as employee benefits expenses in the period in which they occur. Remeasurement, comprising actuarial gains and losses and the return on plan assets (excluding interest), is recognized in other comprehensive income in the period in which it occurs. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss.

Net defined benefit liabilities represent the actual deficit in the Group's defined benefit plans.

Pension cost for an interim period is calculated on a year-to-date basis by using the actuarially determined pension cost rate at the end of the prior financial year, adjusted for significant market fluctuations since that time and for significant plan amendments, settlements, or other significant one-off events.

p. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

1) Current tax

Current tax payable is dependent on current taxable income. Taxable income is different from the net income before tax on the consolidated statement of comprehensive income for the reason that some revenue and expenses are taxable or deductible items in other periods, or not taxable or deductible items according to the Income Tax Act. The Group's current tax liabilities are calculated using the legislated tax rate on the balance sheet date.

According to the Income Tax Act in the ROC, an additional tax on unappropriated earnings is provided for in the year the stockholders approve to retain earnings.

Adjustments of prior years' tax liabilities are added to or deducted from the current year's tax provision.

2) Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

Deferred tax liabilities are recognized for taxable temporary differences associated with investments in associates, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. A previously unrecognized deferred tax asset is also reviewed at the end of each reporting period and recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liabilities are settled or the assets are realized.

3) Current and deferred tax for the year

Current and deferred taxes are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income, in which case, the current and deferred taxes are also recognized in other comprehensive income.

## 5. MATERIAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, management is required to make judgments, estimates and assumptions on the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the key assumptions and other key sources of estimation uncertainty at the end of the reporting period.

### a. Property, plant and equipment molds and dies

The Group depreciates molds and dies on the basis of units of production and examines the estimated units sold of each model according to the changes in the market semiannually as a basis to calculate amounts allocated to each mold and die.

### b. Provisions for the expected cost of warranties

The provisions for warranties are calculated on the basis of the estimate of quarterly warranty expenditure per car and the estimated units subject to warranty during the future warranty period. The estimate of quarterly warranty expenditure per car is calculated based on the average of actual warranty expenses in the past and the estimated number of units of cars subject to warranty at the end of every quarter. As of December 31, 2023 and 2022, the carrying amounts of provisions for warranties were \$149,772 thousand and \$148,479 thousand, respectively.

## 6. CASH AND CASH EQUIVALENTS

	December 31	
	2023	2022
Checking accounts and demand deposits	\$ 493,362	\$ 480,148
Foreign currency demand deposits	3,891,317	56,145
Cash equivalents		
Foreign currency time deposits	2,733,382	1,288,865
Time deposits	6,900	342,840
Repurchase agreements collateralized by bonds	<u>467,414</u>	<u>445,341</u>
	<u>\$ 7,592,375</u>	<u>\$ 2,613,339</u>

Cash equivalents include time deposits and repurchase agreements collateralized by bonds with original maturities of 3 months or less from the date of acquisition. The Group considers its cash equivalents to be highly liquid, readily convertible to a known amount of cash and are subject to an insignificant risk of change in value. These cash equivalents are held for the purpose of meeting short-term cash commitments.

The market interest rate intervals of demand deposits, time deposits and repurchase agreements collateralized by bonds at the end of the reporting period were as follows:

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Demand deposits and time deposits	0.001%-5.52%	0.001%-4.50%
Repurchase agreements collateralized by bonds	5.50%	3.80%-4.35%

## 7. FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
<u>Financial assets mandatorily classified as at FVTPL</u>		
Non-derivative financial assets		
Mutual funds	\$ <u>900,959</u>	\$ <u>2,342,779</u>

## 8. FINANCIAL ASSETS AT AMORTIZED COST

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
<u>Current</u>		
Time deposits with original maturities of more than 3 months (a)	\$ 102,238	\$ -
Time deposit - restricted (b)	<u>2,145</u>	<u>-</u>
	<u>\$ 104,383</u>	<u>\$ -</u>
<u>Non-current</u>		
Time deposit - restricted (b)	<u>\$ -</u>	<u>\$ 2,120</u>

- As of December 31, 2023, the interest rates of time deposits with original maturity of more than 3 months ranged from 2.45%-5.22%.
- Financial assets at amortized cost pledged as collateral for the maintenance of military vehicles are set out in Note 30.

## 9. NOTES RECEIVABLE, TRADE RECEIVABLES AND OTHER RECEIVABLES

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Notes receivable		
At amortized cost	\$ <u>855</u>	\$ <u>930</u>
Trade receivables		
At amortized cost	\$ <u>26,827</u>	\$ <u>23,800</u>
Other receivables		
Interest receivables	\$ 8,885	\$ 5,542
Others	<u>7,416</u>	<u>6,304</u>
	<u>\$ 16,301</u>	<u>\$ 11,846</u>

### a. Notes receivable

In order to minimize credit risk, the sales department monitors payment collection regularly to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of each individual trade debt at the end of the reporting period to ensure that adequate allowance is made for possible irrecoverable amounts. In this regard, the management believes the Group's credit risk was significantly reduced.

The Group applies the simplified approach to provisions for expected credit losses prescribed by IFRS 9, which permits the use of a lifetime expected losses provision for all notes receivables. The expected credit losses on notes receivables are estimated using a provision matrix by reference to past default experience with the respective debtor and an analysis of the debtor's current financial position, adjusted for the general economic conditions of the industry in which the debtor operates and an assessment of both the current as well as the forecasted direction of economic conditions at the reporting date. The provision for losses based on the past due status of receivables is further distinguished by domestic customers and foreign customers. Nevertheless, the Group did not recognize an expected losses provision for notes receivables due to the estimation performed by the Group at the end of the reporting period, which shows that there was not a significant change in the credit quality of the receivables and the amounts were still considered recoverable.

The following table details the loss allowance of notes receivable based on the Group's provision matrix.

### December 31, 2023

	<b>Not Past Due</b>	<b>Up to 60 Days</b>	<b>61 to 120 Days</b>	<b>121 to 180 Days</b>	<b>Over 180 Days</b>	<b>Total</b>
Expected credit loss rate	-	-	-	-	-	
Gross carrying amount	\$ 855	\$ -	\$ -	\$ -	\$ -	\$ 855
Loss allowance (Lifetime ECL)	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>
Amortized cost	<u>\$ 855</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 855</u>

December 31, 2022

	Not Past Due	Up to 60 Days	61 to 120 Days	121 to 180 Days	Over 180 Days	Total
Expected credit loss rate	-	-	-	-	-	
Gross carrying amount	\$ 930	\$ -	\$ -	\$ -	\$ -	\$ 930
Loss allowance (Lifetime ECL)	-	-	-	-	-	-
Amortized cost	<u>\$ 930</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 930</u>

## b. Trade receivables

In order to minimize credit risk, the sales department traces payment collection regularly to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of each individual trade debt at the end of the reporting period to ensure that adequate allowance is made for possible irrecoverable amounts. In this regard, the management believes the Group's credit risk was significantly reduced.

The Group applies the simplified approach to provisions for expected credit losses prescribed by IFRS 9, which permits the use of a lifetime expected losses provision for all trade receivables. The expected credit losses on trade receivables are estimated using a provision matrix by reference to past default experience with the respective debtor and an analysis of the debtor's current financial position, adjusted for the general economic conditions of the industry in which the debtor operates and an assessment of both the current as well as the forecasted direction of economic conditions at the reporting date. The provision for losses based on the past due status of receivables is further distinguished by domestic customers and foreign customers. Nevertheless, the Group did not recognize an expected losses provision for trade receivables due to the estimation performed by the Group at the end of the reporting period, which shows that there was not a significant change in the credit quality of the receivables and the amounts were still considered recoverable.

The following table details the loss allowance of accounts receivable based on the Group's provision matrix.

December 31, 2023

	Not Past Due	Up to 60 Days	61 to 120 Days	121 to 180 Days	Over 180 Days	Total
Expected credit loss rate	-	-	-	-	-	
Gross carrying amount	\$ 26,827	\$ -	\$ -	\$ -	\$ -	\$ 26,827
Loss allowance (Lifetime ECL)	-	-	-	-	-	-
Amortized cost	<u>\$ 26,827</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 26,827</u>

### December 31, 2022

	<b>Not Past Due</b>	<b>Up to 60 Days</b>	<b>61 to 120 Days</b>	<b>121 to 180 Days</b>	<b>Over 180 Days</b>	<b>Total</b>
Expected credit loss rate	-	-	-	-	-	
Gross carrying amount	\$ 23,800	\$ -	\$ 2-	\$ -	\$ -	\$ 23,800
Loss allowance (Lifetime ECL)	-	-	-	-	-	-
Amortized cost	<u>\$ 23,800</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,800</u>

#### c. Other receivables

When there is objective evidence that other receivables were impaired, the Group assesses impairment losses on other receivables individually.

There were no past due other receivables balances at the end of the reporting period, and the Group did not recognize an allowance for impairment loss.

## 10. INVENTORIES

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Parts	<u>\$ -</u>	<u>\$ -</u>

The cost of inventories recognized as cost of goods sold for the year ended December 31, 2023 was \$23,081,037 thousand, which included warranty costs of \$124,961 thousand and a loss on inventory purchase commitment of \$4,457 thousand. The cost of inventories recognized as cost of goods sold for the year ended December 31, 2022 was \$20,666,547 thousand, which included warranty costs of \$136,926 thousand and a reversal of loss on inventory purchase commitments of \$3,528 thousand.

## 11. SUBSIDIARIES

### **Subsidiaries Included in the Consolidated Financial Statements**

<b>Investor</b>	<b>Investee</b>	<b>Main Business</b>	<b>% of Ownership</b>	
			<b>December 31</b>	
			<b>2023</b>	<b>2022</b>

	<b>2023</b>	<b>2022</b>
<u>Material associate</u>		
Guangzhou Aeolus Automobile Co., Ltd.	\$ 10,446,810	\$ 15,234,393
<u>Associates that are not individually material</u>		
Aeolus Xiangyang Automobile Co., Ltd.	977,295	1,299,418
	<u>\$ 11,424,105</u>	<u>\$ 16,533,811</u>

### a. Material associate

Company Name	Main Business	Location	<b>Proportion of Ownership and Voting Rights</b>	
			<b>December 31</b>	
			<b>2023</b>	<b>2022</b>
Guangzhou Aeolus Automobile Co., Ltd.	Developing and manufacturing of parts and vehicles and related services	Guangdong Province	42.69%	42.69%

The summarized financial information below represents amounts shown in the associate's financial statements prepared in accordance with IFRS Accounting Standards purposes.

### Guangzhou Aeolus Automobile Co., Ltd.

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Current assets	\$ 7,852,319	\$ 7,145,151
Non-current assets	30,584,073	33,929,159
Current liabilities	(12,779,630)	(4,081,361)
Non-current liabilities	<u>(1,070,452)</u>	<u>(1,191,856)</u>
Equity	<u>\$ 24,586,310</u>	<u>\$ 35,801,093</u>
Equity attributable to the Group	\$ 10,495,896	\$ 15,283,487
Deferred gain on disposal of investment	<u>(49,086)</u>	<u>(49,094)</u>
Carrying amount	<u>\$ 10,446,810</u>	<u>\$ 15,234,393</u>

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Revenue	\$ 15,911,048	\$ 17,352,368
Net profit for the period	\$ 2,575,198	\$ 6,502,332
Dividends received from Guangzhou Aeolus Automobile Co., Ltd.	\$ 5,550,655	\$ 2,963,821

b. Aggregate information of associates that are not individually material

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
The Group's share of:		
Net profit for the period	\$ 6,265	\$ 276,378
Other comprehensive income	(91)	35
Total comprehensive income for the period	\$ 6,174	\$ 276,413

c. Other information

The investments accounted for using the equity method and the share of profit of those investments at 2023 and 2022 were based on the associates' financial statements reviewed by the auditors for the same periods.

### 13. PROPERTY, PLANT AND EQUIPMENT - USED BY THE GROUP

(Concluded)

No impairment loss or reversal of impairment loss was recognized for the years ended December 31, 2023 and 2022.

Except for molds and dies which are depreciated on the basis of the estimated number of vehicles to be sold, other property, plant and equipment are depreciated on a straight-line basis over their estimated useful lives as follows:

Computer equipment	3 to 5 years
Other equipment	
Powered equipment	15 years
Experimental equipment	3 to 8 years
Office and communication equipment	3 to 5 years
Other equipment	1 to 10 years
Transportation equipment	4 to 5 years
Machinery and equipment	3 to 10 years
Leasehold improvements	5 years
Tools	2 to 10 years

## 14. LEASE ARRANGEMENTS

### a. Right-of-use assets

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
<u>Carrying amount</u>		
Buildings	\$ 596,118	\$ 643,796
Transportation equipment	<u>2,439</u>	<u>8,768</u>
	<u>\$ 598,557</u>	<u>\$ 652,564</u>
	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Additions to right-of-use assets	<u>\$ 4,417</u>	<u>\$ 25,390</u>

(Continued)

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Depreciation charge for right-of-use assets		
Buildings	\$ 52,095	\$ 51,495
Transportation equipment	<u>5,485</u>	<u>7,859</u>
	<u>\$ 57,580</u>	<u>\$ 59,354</u>
		(Concluded)

Except for the aforementioned addition and recognized depreciation, the Group did not have significant sublease or impairment of right-of-use assets during the years ended December 31, 2023 and 2022.

In addition, the Group early terminated part of the lease contract during the year ended December 31, 2023, which resulted in a decrease of \$844 thousand in right-of-use assets and recognition of a lease modification benefit of \$6 thousand. The Group early terminated part of the lease contract during the year ended December 31, 2022, which resulted in a decrease of \$506 thousand in right-of-use assets and recognition of a lease modification benefit of \$4 thousand.

b. Lease liabilities

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
<u>Carrying amount</u>		
Current	\$ 48,885	\$ 53,434
Non-current	<u>\$ 558,212</u>	<u>\$ 604,590</u>

The discount rates for lease liabilities were as follows:

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Buildings	0.91%	0.91%
Transportation equipment	0.91%	0.91%

c. Material leasing activities and terms

The Group leases certain cars for the use of its executives with lease terms of 3 to 4 years. The Group does not have bargain purchase options to acquire the leasehold cars at the end of the lease terms.

The Group also leases buildings for the use of plants, offices and dormitory with lease terms of 2 to 39 years. If the lease term is not specified in the lease contract with the related party, lease term is based on the useful lives of the right-of-use assets, please refer to Note 29. The Group does not have bargain purchase options to acquire the leasehold buildings at the end of the lease terms.

## d. Other lease information

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Expenses relating to short-term leases	<u>\$ 3,288</u>	<u>\$ 3,204</u>
Total cash outflow for leases	<u>\$ (63,593)</u>	<u>\$ (65,298)</u>

The Group's leases of certain transportation equipment qualify as short-term leases. The Group has elected to apply the recognition exemption and thus, did not recognize right-of-use assets and lease liabilities for these leases.

	<u>\$ 197,858</u>	<u>\$ 208,904</u>
Non-current		
Warranties	<u>\$ 74,987</u>	<u>\$ 58,191</u>

	<b>Inventory Purchase Commitments</b>	<b>Warranties</b>	<b>Total</b>
Balance at January 1, 2022	\$ 122,144	\$ 160,588	\$ 282,732
Additional provisions recognized (reversed)	(3,528)	136,926	133,398
Paid	<u>-</u>	<u>(149,035)</u>	<u>(149,035)</u>

(Continued)

	<b>Inventory Purchase Commitments</b>	<b>Warranties</b>	<b>Total</b>
Balance at December 31, 2022	<u>\$ 118,616</u>	<u>\$ 148,479</u>	<u>\$ 267,095</u>
Balance at January 1, 2023	\$ 118,616	\$ 148,479	\$ 267,095
Additional provisions recognized (reversed)	4,457	124,961	129,418
Paid	<u>-</u>	<u>(123,668)</u>	<u>(123,668)</u>
Balance at December 31, 2023	<u>\$ 123,073</u>	<u>\$ 149,772</u>	<u>\$ 272,845</u> (Concluded)

The provisions for losses on inventory purchase commitments represent the present obligations of which the unavoidable costs for meeting the obligations under the commitments exceed the economic benefits expected to be received from the commitments.

The provisions for warranty claims represent the present value of management's best estimate of the future outflow of economic benefits that will be required under the Group's obligations for warranties under the local sale of goods legislation. The estimate had been made on the basis of historical warranty trends.

## 19. OTHER LIABILITIES

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>

Withholding	\$ 3,403	\$ 3,217
Others	<u>4,437</u>	<u>3,778</u>
	<u>\$ 7,840</u>	<u>\$ 6,995</u>

## 20. RETIREMENT BENEFIT PLANS

### a. Defined contribution plan

The Company adopted a pension plan under the Labor Pension Act (LPA), which is a state-managed defined contribution plan. Under the LPA, an entity makes monthly contributions to employees' individual pension accounts at 6% of monthly salaries and wages.

The total expense recognized in profit or loss for the years ended December 31, 2023 and 2022 was \$15,514 thousand and \$14,777 thousand, respectively, represents contributions payable to these plans by the Company at rates specified in the rules of the plans.

An analysis by function of the amounts recognized in profit or loss in respect of the defined contribution plan is as follows:

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Selling and marketing expenses	\$ 4,976	\$ 4,657
General and administrative expenses	3,086	3,022
Research and development expenses	7,452	7,069
Non-operating expenses	<u>-</u>	<u>29</u>
	<u><b>\$ 15,514</b></u>	<u><b>\$ 14,777</b></u>

There were no regular employees for Yi-Jan Overseas Investment Co., Ltd. and Jetford Inc. as of December 31, 2023; therefore, the subsidiaries had no pension plan for employees.

b. Defined benefit plan

The defined benefit plan adopted by the Company in accordance with the Labor Standards Act is operated by the government. Pension benefits are calculated on the basis of the length of service and average monthly salaries of the 6 months before retirement. The Company contributes amounts equal to 2% of total monthly salaries and wages to a pension fund administered by the pension fund monitoring committee. Pension contributions are deposited in the Bank of Taiwan in the committee's name. Before the end of each year, the Company assesses the balance in the pension fund. If the amount of the balance in the pension fund is inadequate to pay retirement benefits for employees who conform to retirement requirements in the next year, the Company is required to fund the difference in one appropriation that should be made before the end of March of the next year. The pension fund is managed by the Bureau of Labor Funds, Ministry of Labor ("the Bureau"); the Company has no right to influence the investment policy and strategy.

The amounts included in the consolidated balance sheets in respect of the Group's defined benefit plans were as follows:

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Present value of funded defined benefit obligation	\$ 330,283	\$ 314,666
Fair value of plan assets	<u>(285,901)</u>	<u>(283,237)</u>
Deficit	<u><b>\$ 44,382</b></u>	<u><b>\$ 31,429</b></u>
Net defined benefit liabilities	<u><b>\$ 44,382</b></u>	<u><b>\$ 31,429</b></u>

Movements in net defined benefit liabilities were as follows:

	<b>Present Value of the Defined Benefit Obligation</b>	<b>Fair Value of the Plan Assets</b>	<b>Net Defined Benefit Liabilities (Assets)</b>
Balance at January 1, 2022	<u>\$ 349,137</u>	<u>\$ (261,651)</u>	<u>\$ 87,486</u>
Service cost			
Current service cost	2,116	-	2,116
Net interest expense (income)	<u>1,746</u>	<u>(1,323)</u>	<u>423</u>
Recognized in profit or loss	<u>3,862</u>	<u>(1,323)</u>	<u>2,539</u>

Payment from the employer	<u>(10,733)</u>	<u>-</u>	<u>(10,733)</u>
Balance at December 31, 2022	<u>\$ 314,666</u>	<u>\$ (283,237)</u>	<u>\$ 31,429</u>
Balance at January 1, 2023	<u>\$ 314,666</u>	<u>\$ (283,237)</u>	<u>\$ 31,429</u>
Service cost			
Current service cost	1,460	-	1,460
Net interest expense (income)	<u>4,720</u>	<u>(4,297)</u>	<u>423</u>
Recognized in profit or loss	<u>6,180</u>	<u>(4,297)</u>	<u>1,883</u>
Remeasurement			
Return on plan assets (excluding amounts included in net interest)	-	(1,715)	(1,715)
Actuarial loss - changes in financial assumptions	6,488	-	6,488
Actuarial loss - experience adjustments	<u>12,644</u>	<u>-</u>	<u>12,644</u>
Recognized in other comprehensive income	<u>19,132</u>	<u>(1,715)</u>	<u>17,417</u>
Contributions from the employer	<u>-</u>	<u>(6,347)</u>	<u>(6,347)</u>
Benefits paid	<u>(9,695)</u>	<u>9,695</u>	<u>-</u>
Balance at December 31, 2023	<u>\$ 330,283</u>	<u>\$ (285,901)</u>	<u>\$ 44,382</u>

An analysis by function of the amounts recognized in profit or loss in respect of the defined benefit plans is as follows:

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Selling and marketing expenses	\$ 675	\$ 691
General and administrative expenses	120	661
Research and development expenses	1,068	1,117
Non-operating expenses	<u>20</u>	<u>70</u>
	<u>\$ 1,883</u>	<u>\$ 2,539</u>

Through the defined benefit plans under the Labor Standards Act, the Company is exposed to the following risks:

- 1) Investment risk: The plan assets are invested in domestic and foreign equity and debt securities, bank deposits, etc. The investment is conducted at the discretion of the Bureau or under the mandated management. However, in accordance with relevant regulations, the return generated by plan assets should not be below the interest rate for a 2-year time deposit with local banks.
- 2) Interest risk: A decrease in the government/corporate bond interest rate will increase the present value of the defined benefit obligation; however, this will be partially offset by an increase in the return on the plan's debt investments.
- 3) Salary risk: The present value of the defined benefit obligation is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the present value of the defined benefit obligation.

The actuarial valuations of the present value of the defined benefit obligation were carried out by qualified actuaries. The principal assumptions used for the purposes of the actuarial valuations were as follows:

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Discount rate(s)	1.25%	1.50%
Expected rate(s) of salary increase	2.50%	2.50%

If possible reasonable change in each of the significant actuarial assumptions occurs and all other assumptions will remain constant, the present value of the defined benefit obligation will increase (decrease) as follows:

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Discount rate(s)		
0.25% increase	\$ (6,489)	\$ (6,537)
0.25% decrease	<u>\$ 6,682</u>	<u>\$ 6,740</u>

(Continued)

	December 31	
	2023	2022
Expected rate(s) of salary increase		
0.25% increase	\$ <u>6,482</u>	\$ <u>6,553</u>
0.25% decrease	\$ <u>(6,327)</u>	\$ <u>(6,388)</u>
		(Concluded)

The sensitivity analysis presented above may not be representative of the actual change in the present value of the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

	December 31	
	2023	2022
The expected contributions to the plan for the next year	\$ <u>6,615</u>	\$ <u>6,383</u>
The average duration of the defined benefit obligation	8 years	8.5 years

## 21. EQUITY

### a. Capital surplus

	December 31	
	2023	2022
Excess from spin-off	\$ 5,986,507	\$ 5,986,507
Generated from investments accounted for using the equity method	<u>2,461</u>	<u>2,461</u>
	\$ <u>5,988,968</u>	\$ <u>5,988,968</u>

The capital surplus arising from shares issued in excess of par (including excess from spin-off) may be used to offset a deficit; in addition, when the Company has no deficit, such capital surplus may be distributed as cash dividends or transferred to capital stock (limited to a certain percentage of the Company's capital surplus and to once a year).

The capital surplus from investments accounted for using the equity method may not be used for any purpose.

### b. Retained earnings and dividend policy

Under the dividend policy as set forth in the amended Articles, where the Company made a profit in a fiscal year, the profit shall be first utilized for paying taxes, offsetting losses of previous years, setting aside as legal reserve 10% of the remaining profit, setting aside or reversing special reserve in accordance with the laws and regulations, and then any remaining profit together with any undistributed retained earnings shall be used by the Company's board of directors as the basis for proposing a distribution plan, which should be resolved in the stockholders' meeting for the distribution of dividends and bonuses to stockholders. For the

policies on the distribution of compensation of employees after the amendment, refer to Note 23-e. on compensation of employees.

The Company operates in a mature and stable industry. In determining the distribution of dividends, the Company considers factors such as the impact of dividends on reported profitability, cash required for future operations, any potential changes in the industry, interest of the stockholders and the effect on the of Company's financial ratios. The amount of dividends, which can be cash dividends or stock dividends, is formulated to be less than 90% of net income, though the final issued ratios would be proposed and approved by the board of directors. Cash dividends should be at least 20% of total dividends to be distributed to the stockholders.

Appropriation of earnings to the legal reserve shall be made until the legal reserve equals the Company's capital surplus. The legal reserve may be used to offset deficit. If the Company has no deficit and the legal reserve has exceeded 25% of the Company's capital surplus, the excess may be transferred to capital or distributed in cash.

When a special reserve is appropriated for cumulative net debit balance reserves from prior period, the special reserve is only appropriated from the prior unappropriated earnings.

The appropriations of earnings for 2022 and 2021 approved in the stockholders' meetings on June 30, 2023 and June 24, 2022, respectively, were as follows:

	<b>Appropriation of Earnings</b>		<b>Dividends Per Share (NT\$)</b>	
	<b>For the Year Ended</b>		<b>For the Year Ended</b>	
	<b>December 31</b>		<b>December 31</b>	
	<b>2022</b>	<b>2021</b>	<b>2022</b>	<b>2021</b>
Legal reserve	\$ 244,396	\$ 302,725		
Special reserve	-	142,095		
Cash dividends	2,166,000	2,718,000	\$7.22	\$9.06

## 22. REVENUE

### a. Contract balances

	<b>December 31, 2023</b>	<b>December 31, 2022</b>	<b>January 1, 2022</b>
Notes receivable (Note 9)	<u>\$ 855</u>	<u>\$ 930</u>	<u>\$ 235</u>
Notes receivable - related parties (Note 29)	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 21</u>
Trade receivables (Note 9)	<u>\$ 26,827</u>	<u>\$ 23,800</u>	<u>\$ 23,567</u>
Trade receivables - related parties (Note 29)	<u>\$ 150,101</u>	<u>\$ 356,964</u>	<u>\$ 287,324</u>
Contract liabilities			
Designing and performing R&D of cars	<u>\$ 2,022</u>	<u>\$ 70,028</u>	<u>\$ -</u>

The changes in the contract liability balances primarily result from the timing difference between the Group's satisfaction of performance obligations and the customer's payment.

Revenue recognized in the current year from the satisfaction of performance obligations of contract liabilities at the beginning of the year is as follows:

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
From contract liabilities at the beginning of the year		
Designing and performing R&D of cars	<u>\$ 65,873</u>	<u>\$ -</u>

b. Disaggregation of revenue

Refer to Note 34 for information about disaggregation of revenue.

c. Partially completed contracts

The performance obligations that are not fully satisfied and the expected timing for recognition of revenue are as follows.

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Designing and performing R&D of cars		
January 2023 to December 2023	\$ -	\$ 65,873

## 23. NET PROFIT

a. Other operating income and expenses

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Loss on disposal of property, plant and equipment	<u>\$ 2,712</u>	<u>\$ 2,811</u>

b. Depreciation and amortization

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
An analysis of depreciation by function		
Operating costs	\$ 294,099	\$ 505,100
Operating expenses	<u>91,686</u>	<u>94,488</u>
	<u>\$ 385,785</u>	<u>\$ 599,588</u>

(Continued)

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
An analysis of amortization by function		
Operating costs	\$ 8,751	\$ 4,157
Operating expenses	<u>6,144</u>	<u>4,297</u>
	<u>\$ 14,895</u>	<u>\$ 8,454</u>
		(Concluded)

c. Remuneration for technical services

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Operating costs (Note 29)	<u>\$ 344,482</u>	<u>\$ 343,830</u>

Remuneration for technical services is the payment for technical services.

d. Employee benefits expense

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Post-employment benefits (Note 20)		
Defined contribution plans	\$ 15,514	\$ 14,777
Defined benefit plans	<u>1,883</u>	<u>2,539</u>
	<u>17,397</u>	<u>17,316</u>
Labor and health insurance	38,123	36,743
Salary	443,797	467,065
Remuneration of directors	13,200	13,200
Other employee benefits	<u>41,209</u>	<u>33,598</u>
	<u>536,329</u>	<u>550,606</u>
Total employee benefits expense	<u>\$ 553,726</u>	<u>\$ 567,922</u>
An analysis of employee benefits expense by function		
Operating expenses	\$ 553,706	\$ 567,822
Non-operating expenses	<u>20</u>	<u>100</u>
	<u>\$ 553,726</u>	<u>\$ 567,922</u>

e. Compensation of employees

The Company accrued compensation of employees at the rates no less than 0.1% of net profit before income tax, and compensation of employees. The compensation of employees for the years ended December 31, 2023 and 2022, which have been approved by the Company's board of directors on March 12, 2024 and March 14, 2023, respectively, were as follows:

Accrual rate

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Compensation of employees	0.20%	0.10%

Amount

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
	<b>Cash</b>	<b>Cash</b>
Compensation of employees	\$ 2,934	\$ 3,056

If there is a change in amounts after the annual consolidated financial statements were authorized for issue, the differences are recorded as a change in accounting estimate.

There was no difference between the actual amounts of compensation of employees paid and the amounts recognized in the consolidated financial statements for the years ended December 31, 2022 and 2021.

Information on the compensation of employees resolved by the Company's board of directors is available at the Market Observation Post System website of the Taiwan Stock Exchange.

## f. (Loss) gain on foreign currency exchange, net

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Foreign exchange gains	\$ 202,891	\$ 165,914
Foreign exchange losses	<u>(79,949)</u>	<u>(317,537)</u>
Net (loss) gain	<u>\$ 122,942</u>	<u>\$ (151,623)</u>

## g. (Loss) gain on disposal of investments, net

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Gains on disposal of investments	\$ 23,350	\$ 1,843
Losses on disposal of investments	<u>(286)</u>	<u>(10,649)</u>
Net (loss) gain	<u>\$ 23,064</u>	<u>\$ (8,806)</u>

## 24. INCOME TAXES

### a. Income tax recognized in profit or loss

The major components of tax expense were as follows:

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Current tax		
In respect of the current year	\$ 612,520	\$ 722,196
Income tax on unappropriated earnings	26,419	-
Adjustments for prior years	(4,294)	2,935
Deferred tax		
In respect of the current year	<u>(324,503)</u>	<u>(110,085)</u>
Income tax expense recognized in profit or loss	<u>\$ 310,142</u>	<u>\$ 615,046</u>

A reconciliation of accounting profit and income tax expenses is as follows:

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Profit before tax	<u>\$ 1,471,167</u>	<u>\$ 3,025,627</u>
Income tax expense calculated at the statutory rate	\$ 294,233	\$ 605,125
Adjustments of expenses in determining taxable income	1,634	6,986
Tax-exempt income	(7,850)	-
Income tax on unappropriated earnings	26,419	-
Adjustments for prior years' tax	<u>(4,294)</u>	<u>2,935</u>
Income tax expense recognized in profit or loss	<u>\$ 310,142</u>	<u>\$ 615,046</u>

Under the laws of the Cayman Islands and the British Virgin Islands, Yi-Jan Overseas Investment Co., Ltd. and Jetford Inc., respectively, are tax-exempt.

### b. Income tax recognized in other comprehensive income

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
<u>Deferred tax</u>		
In respect of the current year		
Share of other comprehensive income of subsidiary accounted for using the equity method	\$ (18)	\$ 7
Remeasurement of defined benefit plans	<u>(3,484)</u>	<u>8,338</u>
Recognized in other comprehensive income (loss)	<u>\$ (3,502)</u>	<u>\$ 8,345</u>

c. Installment payments of income tax

Due to the impact of the COVID-19 pandemic, the Group applied to the National Taxation Bureau for the payment of its income tax for the year 2019 in 36 equal installments on a monthly basis starting in July 2020 in accordance with Rule No. 10904533690 issued by the Ministry of Finance (MOF) of the Republic of China. As of December 31, 2023, the payments have been settled.

d. Current tax assets and liabilities

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Current tax liabilities		
Income tax payable	\$ <u>350,149</u>	\$ <u>516,410</u>

e. Deferred tax assets and liabilities

The movements of deferred tax assets and deferred tax liabilities were as follows:

For the year ended December 31, 2022

	<b>Opening Balance</b>	<b>Recognized in Profit or Loss</b>	<b>Recognized in Other Compre- hensive Income</b>	<b>Closing Balance</b>
<u>Deferred tax assets</u>				
Temporary differences				
Defined benefit obligation	\$ 17,830	\$ (2,874)	\$ (8,338)	\$ 6,618
Provisions for warranties	32,118	(2,421)	-	29,697
Provisions for loss on inventory purchase commitments	24,429	(705)	-	23,724
Unrealized exchange loss, net	5,652	(5,652)	-	-
Share of other comprehensive loss of associates accounted for using the equity method	<u>126</u>	<u>-</u>	<u>(7)</u>	<u>119</u>
	<u>\$ 80,155</u>	<u>\$ (11,652)</u>	<u>\$ (8,345)</u>	<u>\$ 60,158</u>

Deferred tax liabilities

Temporary differences				
Shares of profit of subsidiaries	\$ 2,425,443	\$ (122,583)	\$ -	\$ 2,302,860
Unrealized exchange gain, net	<u>-</u>	<u>846</u>	<u>-</u>	<u>846</u>
	<u>\$ 2,425,443</u>	<u>\$ (121,737)</u>	<u>\$ -</u>	<u>\$ 2,303,706</u>

For the year ended December 31, 2023

	<b>Opening Balance</b>	<b>Recognized in Profit or Loss</b>	<b>Recognized in Other Compre- hensive Income</b>	<b>Closing Balance</b>
<u>Deferred tax assets</u>				
Temporary differences				
Defined benefit obligation	\$ 6,618	\$ (893)	\$ 3,484	\$ 9,209
Provisions for warranties	29,697	259	-	29,956
Provisions for loss on inventory purchase commitments	23,724	891	-	24,615
Share of other comprehensive loss of associates accounted for using the equity method	<u>119</u>	<u>-</u>	<u>18</u>	<u>137</u>
	<u>\$ 60,158</u>	<u>\$ 257</u>	<u>\$ 3,502</u>	<u>\$ 63,917</u>
<u>Deferred tax liabilities</u>				
Temporary differences				
Shares of profit of subsidiaries	\$ 2,302,860	\$ (324,440)	\$ -	\$ 1,978,420
Unrealized exchange gain, net	<u>846</u>	<u>194</u>	<u>-</u>	<u>1,040</u>
	<u>\$ 2,303,706</u>	<u>\$ (324,246)</u>	<u>\$ -</u>	<u>\$ 1,979,460</u>

f. Income tax assessments

The Company's tax returns through 2021 have been assessed by the tax authorities.

## 25. EARNINGS PER SHARE

The earnings and weighted-average number of common stock outstanding used in the computation of earnings per share were as follows:

### Net Profit for the Year

	<u>For the Year Ended December 31</u>	
	<b>2023</b>	<b>2022</b>
Earnings used in the computation of basic and diluted earnings per share	<u>\$ 1,161,025</u>	<u>\$ 2,410,581</u>

## Weighted-average Number of Common Stock Outstanding (In Thousands of Shares)

	<u>For the Year Ended December 31</u>	
	<u>2023</u>	<u>2022</u>
Weighted-average number of common stock used in the computation of basic earnings per share	300,000	300,000
Effect of potential dilutive common stock:		
Compensation of employees	<u>15</u>	<u>11</u>
Weighted average number of common stock used in the computation of diluted earnings per share	<u>300,015</u>	<u>300,011</u>

The Group may settle compensation paid to employees in cash or stocks; therefore, the Group assumes that the entire amount of the compensation will be settled in stocks and the resulting potential stocks will be included in the weighted average number of stocks outstanding used in the computation of diluted earnings per share, if the effect is dilutive. Such dilutive effect of the potential stocks is included in the computation of diluted earnings per share until the number of stocks to be distributed to employees is resolved in the following year.

## 26. CASH FLOW INFORMATION

### a. Non-cash transactions

For the years ended December 31, 2023 and 2022, the Group entered into the following non-cash investing activities:

	<u>For the Year Ended December 31</u>	
	<u>2023</u>	<u>2022</u>
<u>Investing activities affecting both cash and non-cash transactions</u>		
Increase in property, plant and equipment	\$ 68,030	\$ 59,757
Net changes of prepayment for equipment	(24,014)	64,273
Net changes of trade payables	<u>(2,811)</u>	<u>80,221</u>
Cash paid for acquisition of property, plant and equipment	<u>\$ 41,205</u>	<u>\$ 204,251</u>

### b. Changes in liabilities arising from financing activities

#### 2023

	<b>Opening Balance</b>	<b>Cash Flows</b>	<b>New Leases</b>	<b>Leases Terminated</b>	<b>December 31, 2023</b>
Lease liabilities	<u>\$ 658,024</u>	<u>\$ (54,494)</u>	<u>\$ 4,417</u>	<u>\$ (850)</u>	<u>\$ 607,097</u>

2022

	<b>Opening Balance</b>	<b>Cash Flows</b>	<b>New Leases</b>	<b>Leases Terminated</b>	<b>December 31, 2022</b>
Lease liabilities	<u>\$ 689,014</u>	<u>\$ (55,870)</u>	<u>\$ 25,390</u>	<u>\$ (510)</u>	<u>\$ 658,024</u>

## 27. CAPITAL MANAGEMENT

The Group manages its capital to ensure that entities in the Group will be able to continue as going concerns while maximizing the return to stakeholders through the optimization of the debt and equity balance.

## 28. FINANCIAL INSTRUMENTS

- a. Fair value of financial instruments that are not measured at fair value

The carrying amounts of the financial assets and financial liabilities that are not measured at fair value are approximately equal to their fair values.

- b. Fair value of financial instruments that are measured at fair value on a recurring basis

- 1) Fair value hierarchy

December 31, 2023

	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
<u>Financial assets at FVTPL</u>				
Mutual funds	<u>\$ 900,959</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 900,959</u>

December 31, 2022

	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
<u>Financial assets at FVTPL</u>				
Mutual funds	<u>\$ 2,342,779</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,342,779</u>

There were no transfers between Levels 1 and 2 in the current and prior periods.

- 2) Valuation techniques and assumptions applied for the purpose of fair value measurement

The fair value of mutual funds traded on active market is the net asset value on the balance sheet date. If there is no market price, the fair value is determined by the redemption value. The estimates and assumptions used by the Group were consistent with those that market participants would use in setting a price for the financial instrument.

c. Categories of financial instruments

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
<u>Financial assets</u>		
Fair value through profit or loss (FVTPL)		
Mandatorily at FVTPL	\$ 900,959	\$ 2,342,779
Loans and receivables (Note 1)	7,986,669	3,119,584
<u>Financial liabilities</u>		
Financial liabilities at amortized cost (Note 2)	1,426,857	1,229,893

Note 1: The balances included financial assets measured at amortized cost, which comprise cash and cash equivalents, within 3 months from the date of acquisition time deposits, notes receivable, trade receivables, other receivables and restricted deposits.

Note 2: The balances included financial liabilities measured at amortized cost, which comprise trade payables and part of other payables.

d. Financial risk management objectives and policies

The Group's major financial instruments include financial assets at fair value through profit or loss, trade receivables, trade payables, and lease liabilities. The Group's corporate treasury function coordinates access to domestic and international financial markets, and manages the financial risks relating to the operations of the Group through internal risk reports which analyze exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

1) Market risk

The Group's activities exposed it primarily to the financial risks of changes in foreign currency exchange rates, interest rates and other prices.

There had been no change to the Group's exposure to market risks or the manner in which these risks were managed and measured. Sensitivity analysis evaluates the impact of a reasonably possible change in interest or foreign currency rates over a year. Details of the sensitivity analysis for foreign currency risk and for interest rate risk are set out in (a) and (b) below.

a) Foreign currency risk

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are set out in Note 32.

Sensitivity analysis

The Group is mainly exposed to the RMB, U.S. dollar and Japanese yen.

The following table details the Group's sensitivity to a 5% increase and decrease in the functional currency against the relevant foreign currencies. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis included only outstanding foreign currency denominated monetary items, and adjusts their translation at the end of the reporting period for a 5% change in foreign currency rates. A negative number below indicates a decrease in pre-tax profit associated with the functional currency weakening 5% against the relevant currency. For a 5% strengthening of the functional currency against the relevant currency, there would be an equal and opposite impact on pre-tax profit and the balances below would be positive.

	<b>RMB</b>		<b>U.S. Dollar</b>		<b>Japan Yen</b>	
	<b>For the Year Ended December 31</b>		<b>For the Year Ended December 31</b>		<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>	<b>2023</b>	<b>2022</b>	<b>2023</b>	<b>2022</b>
Loss	\$ (539,390)	\$ (71,903)	\$ (25,255)	\$ (23,785)	\$ (1,114)	\$ (948)

These were mainly attributable to the exposure on outstanding RMB, U.S. dollar and Japanese yen denominated cash in bank, repurchase agreements collateralized by bonds, receivables and payables, which were not hedged at the end of the reporting period.

b) Interest rate risk

The carrying amounts of the Group's financial assets and financial liabilities with exposure to interest rates at the end of the reporting period were as follows:

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Fair value interest rate risk		
Financial assets	\$ 3,308,875	\$ 1,740,065
Financial liabilities	607,097	658,024
Cash flows interest rate risk		
Financial assets	4,387,883	875,394

Sensitivity analysis

The sensitivity analyses below were determined based on the Group's exposure to interest rates for non-derivative instruments at the end of the reporting period. A 25 basis point increase or decrease was used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 25 basis points higher/lower and all other variables were held constant, the Group's pre-tax profit for the year ended December 31, 2023 would increase/decrease by \$10,970 thousand which were mainly attributable to the Group's exposure to interest rates on its demand deposits and time deposits.

If interest rates had been 25 basis points higher/lower and all other variables were held constant, the Group's pre-tax profit for the year ended December 31, 2022 would increase/decrease by \$2,188 thousand which were mainly attributable to the Group's

exposure to interest rates on its demand deposits and time deposits.

c) Other price risk

The Group was exposed to price risk through its investments in funds. The Group manages this exposure by investing in a diversified portfolio of investments with different risks.

Sensitivity analysis

The sensitivity analysis below was determined based on the exposure to equity price risks at the end of the reporting period.

If the fund's value had been 1% higher/lower, pre-tax profit for the years ended December 31, 2023 and 2022 would have been higher/lower by \$9,010 thousand and \$23,428 thousand, respectively, as a result of the changes in fair value of financial assets at FVTPL.

2) Credit risk

The Group's concentration of credit risk of 40% and 65% in total trade receivables as of December 31, 2023 and 2022, respectively, was related to the Group's largest customer within the vehicle department and the five largest customers within the parts department.

3) Liquidity risk

The Group manages liquidity risk by monitoring and maintaining a level of cash and cash equivalents deemed adequate to finance the Group's operations and mitigate the effects of fluctuations in cash flows. In addition, management monitors the utilization of bank borrowings and ensures compliance with loan covenants.

The Group relies on bank borrowings as a significant source of liquidity. As of December 31, 2023 and 2022, the available unutilized borrowings facilities were both \$5,700,000 thousand.

The following tables detail the Group's remaining contractual maturities for its non-derivative financial liabilities with agreed repayment periods. The tables had been drawn up based on the undiscounted cash flows of financial liabilities from the earliest date on which the Group can be required to pay.

December 31, 2023

	On Demand or Less than 1 Month	1-3 Months	3 Months to 1 Year	1-5 Years	5+ Years
<u>Non-derivative financial liabilities</u>					
Non-interest bearing	\$ 1,384,480	\$ 29,408	\$ 12,969	\$ -	\$ -

(Concluded)

b. Related party transaction details

Balances and transactions between the Company and its subsidiaries, which were related parties of the Company, had been eliminated on consolidation and are not disclosed in this note. Details of transactions between the Group and its related parties were disclosed below:

## 1) Operating transactions

Line Item	Related Party Category/Name	For the Year Ended December 31	
		2023	2022
Sales	Taiwan Acceptance Corporation	\$ 21,933,002	\$ 19,691,641
	Investors that have significant influence	2,493	2,248
	Other related parties	<u>3,541,630</u>	<u>3,214,967</u>
		<u>\$ 25,477,125</u>	<u>\$ 22,908,856</u>
Service revenue	Nissan	<u>\$ 263,544</u>	<u>\$ 294,470</u>

The Company designs and performs R&D of cars mainly for Nissan. Service revenue is recognized according to the related contracts.

For the Year Ended December 31		2023	2022
<u>Other operating revenue</u>			
Nissan Trading Co., Ltd.	\$	15,587	\$ 12,072
Yu Chang Motor Co., Ltd.		12,718	12,030
Investors that have significant influence		2,458	1,299
Other related parties		<u>59,316</u>	<u>65,143</u>
	\$	<u>90,079</u>	<u>\$ 90,544</u>

Other operating revenue mainly arose from the sale of steel plates, steel and aluminum parts and the extended warranty services.

For the Year Ended December 31		2023	2022
<u>Operating costs - purchases</u>			
Yulon	\$	22,057,244	\$ 19,362,749
Investors that have significant influence		17,340	16,796
Other related parties		<u>55,604</u>	<u>87,565</u>
	\$	<u>22,130,188</u>	<u>\$ 19,467,110</u>
<u>Operating costs - remuneration for technical services</u>			
Nissan	\$	344,331	\$ 343,672
Nissan Motorsports & Customizing Co., Ltd		<u>151</u>	<u>158</u>
	\$	<u>344,482</u>	<u>\$ 343,830</u>

The remuneration for technical services is the payment for technical services provided by Nissan and Nissan Motorsports & Customizing Co., Ltd., which was established through the merger of Autech Japan, Inc. and Nissan Motorsports International Co., Ltd. in April 2022, based on the Company's technical cooperation agreements with the two companies. The remuneration for technical services provided by Nissan is calculated based on the purchase costs less the commodity tax of each vehicle model, while the remuneration for technical services provided by Nissan Motorsports & Customizing Co., Ltd. is calculated based on the R&D fees of each vehicle model plus the royalty fees of each vehicle sold.

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
<u><b>Selling and marketing expenses</b></u>		
Investors that have significant influence	\$ 25,476	\$ 30,112
Other related parties	<u>874,910</u>	<u>983,471</u>
	<u>\$ 900,386</u>	<u>\$ 1,013,583</u>
<u><b>General and administrative expenses</b></u>		
Yulon Management Co., Ltd.	\$ 233,048	\$ 233,052
Investors that have significant influence	13,728	15,134
Other related parties	<u>7,966</u>	<u>9,607</u>
	<u>\$ 254,742</u>	<u>\$ 257,793</u>
<u><b>Research and development expenses</b></u>		
Yulon	\$ 109,468	\$ 110,209
Investors that have significant influence	11,178	8,642
Other related parties	<u>8,851</u>	<u>8,712</u>
	<u>\$ 129,497</u>	<u>\$ 127,563</u>

Selling and marketing expenses are payments to other related parties for advertisement and promotion.

General and administrative expenses are payments to Yulon Management Co., Ltd. for consulting, labor dispatch and IT services.

Research and development expenses are payments for prototype fees, sample fees and services related to the provision of system platform research for each vehicle model.

## 2) Non-operating transactions

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
<u>Overseas business expenses</u>		
Yulon	\$ 5,911	\$ 5,759
Yulon Management Co., Ltd.	<u>-</u>	<u>24</u>
	<u>\$ 5,911</u>	<u>\$ 5,783</u>

## 3) Receivables from related parties

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
<u>Trade receivables</u>		
Taiwan Acceptance Corporation	\$ 50,752	\$ 255,017
Nissan	19,707	7,425
Investors that have significant influence	977	931

	2023	2022
<u>Lease expense</u>		
Yulon	\$ 2,551	\$ 2,546
Other related parties	<u>737</u>	<u>657</u>
	<u>\$ 3,288</u>	<u>\$ 3,203</u>

Lease expenses included expenses relating to short-term leases that do not depend on an index or a rate.

Future lease payables related to short-term leases are as follows:

	December 31	
	2023	2022
Future lease payables	<u>\$ 2,433</u>	<u>\$ 3,279</u>

c. Remuneration of key management personnel

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Short-term employee benefits	\$ 35,323	\$ 34,375
Post-employment benefits	<u>1,990</u>	<u>2,015</u>
	<u>\$ 37,313</u>	<u>\$ 36,390</u>

The remuneration of directors and key executives was determined by the remuneration committee, is based on the performance of individuals and market trends.

d. Other transactions with related parties

1) Trade receivables sold to Taiwan Acceptance Corporation

The Company sold to Taiwan Acceptance Corporation trade receivables which amounted to \$2,004,961 thousand and \$2,005,429 thousand for the years ended December 31, 2023 and 2022, respectively. As of December 31, 2023 and 2022, the Company had received cash payments of \$1,974,678 thousand and \$1,971,706 thousand, respectively. Based on the contract, the amount of receivables sold is limited to the amount of guarantee provided by the original debtor to Taiwan Acceptance Corporation. The interest rate intervals of the Company's trade receivables sold to Taiwan Acceptance Corporation for the years ended December 31, 2023 and 2022 were 3.03%-3.12% and 2.31%-2.86%; and the interest expenses recognized were \$1,402 thousand and \$1,218 thousand, respectively.

As of December 31, 2023 and 2022, the Company sold trade receivables to Taiwan Acceptance Corporation without recourse. The sale resulted in the derecognition of these trade receivables because the Company transferred the significant risks and rewards relating to the accounts to the buyer.

2) Molds contract signed with Diamond Leasing Service Co., Ltd.

The contract is valid from the date of signing of the contract to the production end date of the car model. As of December 31, 2023, the contract amount of molds still under production, which was paid in installments based on the progress of the contract, was \$370,088 thousand (excluding business tax ; including the molds contract, which amounted to \$69,360 thousand with Chan Yun Technology Co., Ltd. which was undertaken by Diamond Leasing Service Co., Ltd), and had been paid in full and recognized as property, plant and equipment. In addition, within the contract period, before the end of January every year, the Company should pay Diamond Leasing Service Co., Ltd., the amount of \$2.6 for every ten thousand dollars of the accumulated amount paid for molds in the prior year.

3) Molds contract signed with Shinshin Credit Corporation

The contract is valid from the date of signing of the contract to the production end date of the car model. As of December 31, 2023, the contract amount of molds still under production, which was paid in installments based on the progress of the contract, was \$488,226 thousand (excluding business tax), and had been paid in full and recognized as property, plant and equipment. In addition, within the contract period, before the end of

January every year, the Company should pay Shinshin Credit Corporation the amount of \$2.6 for every ten thousand dollars of the accumulated amount paid for molds in the prior year.

4) Molds contract signed with Sinjang Co., Ltd.

The contract is valid from the date of signing of the contract to the production end date of the car model. As of December 31, 2023, the contract amount of molds still under production, which was paid in installments based on the progress of the contract, was \$485,303 thousand (excluding business tax), and had been paid in full and recognized as property, plant and equipment. In addition, within the contract period, before the end of January every year, the Company should pay Sinjang Co., Ltd. the amount of \$2.6 for every ten thousand dollars of the accumulated amount paid for molds in the prior year.

### 30. ASSETS PLEDGED AS COLLATERAL OR FOR SECURITY

The following assets were provided as the deposits for the maintenance of military vehicles:

	<b>For the Year Ended December 31</b>	
	<b>2023</b>	<b>2022</b>
Pledged deposits (classified as financial assets at amortized cost)	<u>\$ 2,145</u>	<u>\$ 2,120</u>

### 31. SIGNIFICANT CONTINGENCIES AND UNRECOGNIZED COMMITMENTS

In addition to those disclosed in other notes, significant commitments and contingencies of the Group as of December 31, 2023 were as follows:

- a. The Company re-signed a manufacturing contract with Yulon, effective on or after May 1, 2015, for 5 years. This contract, for which the first expiry date was on April 30, 2020, is automatically extended annually unless either party issues a termination notice at least three months before expiry. The contract states that the Company authorizes Yulon to manufacture Nissan automobiles and parts, and the Company is responsible for the subsequent development of new automobile parts. The manufacturing volume of Yulon under the contract should correspond to the Company's sales projection for the year. In addition, the Company has authorized Yulon as the original equipment manufacturer (OEM) of automobile parts and after-sales service.

The Company is responsible for developing new car models, refining designs, and providing the sales projection to Yulon. Yulon is responsible for transforming the sales projections into manufacturing plans, making the related materials orders and purchases, providing product quality assurance, delivering cars, and shouldering warranty expenses due to any defects in products made by Yulon.

- b. The Company has a contract with Taiwan Acceptance Corporation for sale and purchase of vehicles. Besides, Taiwan Acceptance Corporation separately signed with dealers contracts for display of vehicles. If any dealer violates the display contract, resulting in the need for Taiwan Acceptance Corporation to recover the display vehicles, the Company must assist in the settlement or buy-back the vehicles at the original price. From the date of signing the sale and purchase contract to December 31, 2023, no buy-back of vehicles has occurred.

c. Unrecognized commitments

	<b>December 31</b>	
	<b>2023</b>	<b>2022</b>
Acquisition of property, plant, and equipment	<u>\$ 1,396</u>	<u>\$ 65,088</u>

### 32. SIGNIFICANT ASSETS AND LIABILITIES DENOMINATED IN FOREIGN CURRENCIES

The Group's significant financial assets and liabilities denominated in foreign currencies aggregated by the foreign currencies other than functional currencies and the related exchange rates between the foreign currencies and the respective functional currencies were as follows:

(In Thousands of New Taiwan Dollars and Foreign Currencies)

December 31, 2023

### 33. SEPARATELY DISCLOSED ITEMS

a. Information about significant transactions and investees:

- 1) Financing provided to others: None
- 2) Endorsements/guarantees provided: None
- 3) Marketable securities held (excluding investment in subsidiaries and associates) (Table 1)
- 4) Marketable securities acquired or disposed of at costs or prices of at least NT\$300 million or 20% of the paid-in capital: None
- 5) Acquisition of individual real estate at costs of at least NT\$300 million or 20% of the paid-in capital: None

- 6) Disposal of individual real estate at prices of at least NT\$300 million or 20% of the paid-in capital: None
  - 7) Total purchases from or sales to related parties amounting to at least NT\$100 million or 20% of the paid-in capital (Table 2)
  - 8) Receivables from related parties amounting to at least NT\$100 million or 20% of the paid-in capital: None
  - 9) Trading in derivative instruments: None
  - 10) Information on investees (Table 3)
  - 11) Intercompany relationships and significant intercompany transactions (Table 4)
- b. Information on investments in mainland China
- 1) Information on any investee company in mainland China, showing the name, principal business activities, paid-in capital, method of investment, inward and outward remittance of funds, ownership percentage, net income or loss, investment income or loss, carrying amount of the investment at the end of the period, repatriated investment income, and limit on the amount of investments in the mainland China area (Table 5)
  - 2) Any of the following significant transactions with investee companies in mainland China, either directly or indirectly through a third area, and their prices, payment terms, and unrealized gains or losses: None
    - a) The amount and percentage of purchases and the balance and percentage of the related payables at the end of the period.
    - b) The amount and percentage of sales and the balance and percentage of the related receivables at the end of the period.
    - c) The amount of property transactions and the amount of the resultant gains or losses.
    - d) The balance of negotiable instrument endorsements or guarantees or pledges of collateral at the end of the period and the purposes.
    - e) The highest balance, the end of period balance, the interest rate range, and total current period interest with respect to financing of funds.
    - f) Other transactions that have a material effect on the profit or loss for the period or on the financial position, such as the rendering or receiving of services.
- c. Information of major shareholders

List all shareholders with ownership of 5% or greater showing the name of the shareholder, the number of shares owned, and percentage of ownership of each shareholder (Table 6)

### 34. SEGMENTS INFORMATION

Information reported to the chief operating decision maker for the purpose of resource allocation and assessment of segment performance focuses on the types of goods or services delivered or provided. Specifically, the Group's reportable segments were as follows:

Vehicle segment: Vehicle sales

Parts segment: Parts sales

Investment segment: Overseas business activities

Other segment: Other operating activities other than the above segments

#### a. Segment revenues and results

The following was an analysis of the Group's revenue and results from continuing operations by reportable segments.

	Revenue		Profit Before Tax	
	For the Year Ended		For the Year Ended	
	December 31		December 31	
	2023	2022	2023	2022
Vehicle segment	\$ 22,270,551	\$ 19,706,047	\$ (425,898)	\$ (480,690)
Parts segment	3,491,040	3,500,331	643,095	639,768
Investment segment	-	-	1,098,283	3,044,311
Other segment	374,606	400,813	(64,809)	(27,301)
	<u>\$ 26,136,197</u>	<u>\$ 23,607,191</u>	1,250,671	3,176,088
Loss on disposal of property, plant and equipment			(2,712)	(2,811)
Interest income			81,739	52,217
Gain (loss) on financial assets at fair value through profit or loss, net			16,189	(16,576)
Foreign exchange gain (loss), net			122,942	(151,623)
Interest expense			(7,526)	(9,662)
Gain (loss) on disposal of investments, net			23,064	(8,806)
Central administration costs			(13,200)	(13,200)
Profit before tax			<u>\$ 1,471,167</u>	<u>\$ 3,025,627</u>

Segment revenue reported above represents revenue generated from external customers. There were no inter-segment sales for the years ended December 31, 2023 and 2022.

Segment profit represents the profit earned by each segment, excluding the allocation of loss on disposal of property, plant and equipment, interest income, gain (loss) on financial assets at fair value through profit or loss, net, foreign exchange gain (loss), net, interest expense, gain (loss) on disposal of investments, net, central administration costs and remuneration of directors, and income tax expense. The amount is provided to the chief operating decision maker for allocating resources and assessing the performance.

## VII、Review and Analysis of Financial Conditions and Operation Performance and Risk Management

### 1. Financial Conditions

Unit : NTD thousand

Item	Fiscal Year	Fiscal year 2022	Fiscal year 2023	Difference	
				Amount	%
Current Assets		\$5,543,472	\$9,263,161	\$3,719,689	67%
Long-Term Equity Investments		16,533,811	11,424,105	(5,109,706)	-31%
Fixed Assets		1,231,620	968,733	(262,887)	-21%
Other Assets		1,201,963	949,590	(252,373)	-21%
Total Assets		24,510,866	22,605,589	(1,905,277)	-8%
Current Liabilities		2,291,460	2,216,698	(74,762)	-3%
Other Liabilities		2,997,916	2,657,041	(340,875)	-11%
Total Liabilities		5,289,376	4,873,739	(415,637)	-8%
Share Capital		3,000,000	3,000,000	-	-%
Capital Reserves		5,988,968	5,988,968	-	-%
Retained Earnings		11,208,233	10,189,252	(1,018,981)	-9%
Other adjustment items shareholders' equity		(975,711)	(1,446,370)	(470,659)	-48%
Total shareholder equity		19,221,490	17,731,850	(1,489,640)	-8%

#### Variance Analysis

The decrease of other liabilities was because of decrease in investment income, and impact income tax liabilities.

The decrease of other adjustment items shareholders' equity was because of the asset of the mainland investment company of unfavorable unrealized exchange.

## 2. Financial Performance

### (1) Comparison and Analysis of Financial Performance

Unit : NTD thousand

Item	Fiscal Year		Increase (Decrease) Amount	Changes(%)
	Fiscal year 2022	Fiscal year 2023		
Gross Revenue	\$23,615,000	\$26,151,850	2,505,544	11
Less: Sales Returns Sales Allowances	<u>7,809</u>	<u>15,653</u>	7,844	100
Net Operating Revenue	23,607,191	26,136,197	2,529,006	11
Operating Cost	<u>20,666,547</u>	<u>23,081,037</u>	2,414,490	12
Operating margin	2,940,644	3,055,160	114,516	4
Operating Expenses	<u>2,823,873</u>	<u>2,934,035</u>	110,162	4
Operating Profit	113,960	118,413	4,453	4
Non-Operating Revenue and Gain	3,108,137	1,368,355	(1,739,782)	(56)
Non-Operating Expense and Loss	<u>196,470</u>	<u>15,601</u>	(180,869)	(92)
Income Before Income Tax	3,025,627	1,471,167	(1,554,460)	(51)
Income Tax Expense	<u>615,046</u>	<u>310,142</u>	(304,904)	(50)
Net Income	<u>\$ 2,410,581</u>	<u>\$ 1,161,025</u>	(1,249,556)	(52)

Variance Analysis :

- (1) The increase in gross revenue operating margin and operating profit was due to the curbing of the pandemic and recovery of the car market drove the supply of materials and imported cars to stabilize.
- (2) The decrease in non-operating revenue and gain was decline in the income of the reinvested company.

### (2) Gross profit analysis :

Unit : NTD thousand

Item	Variance between two periods	Difference sources			
		Selling Price Difference	Cost Price Difference	Combined Sales Difference	Volume difference
Gross Profit	114,516	506,188	377,303	56,194	(44,355)
Content	1. Favorable selling price variance was caused by the price increase. 2. Favorable cost price variance was caused by the decreased of purchase cost for cars in 2023. 3. Favorable sales mix variance was caused by the increase in sales for cars with higher gross profit in 2023. 4. Unfavorable volume variance was caused by the decrease in sales volume of cars in 2023. 5. The Company accepted the commission from Nissan Motorsports & Customizing Co.,Ltd and NISSAN Motor Corp. to engage in the research and design with service revenue decreased by NTD30,926 thousand in 2023. 6. The company's non-operating income was increased by NTD4,719 thousand in 2023.				

### 3. Cash Flow Analysis

#### (1) Cash Flow Analysis for the Recent 2 years

Fiscal Year Item	Fiscal year 2022	Fiscal year 2023	Increase (Decrease) Ratio (%)
Cash Flow Ratio (%)	(Note2)	68	-
Cash Flow Adequacy Ratio (%)	10	27	170%
Cash Reinvestment Ratio (%)	(Note1)	(Note1)	-
Difference Analysis and Description of Changes in Increase and Decrease Ratio: Increase cash flow adequacy ratio was caused by redeeming investment Funds. Note1. Operating activities are net cash outflows and excluded from calculation. Note2. 2022 and 2023 operational activities were net cash outflow and therefore not included in the calculation.			

#### (2) Cash Flow Analysis for the Next Year

Unit:NTD thousand

Cash balance at the beginning of the year	Expected annual net cash flow from operating activities	Expected annual net cash flow from investment and accommodation activities	Expected cash balance	Expected contingency plan for insufficient cash	
				Investment plan	Financial plan
7,592,375	1,236,294	(1,156,265)	7,672,404	-	-

### 4. Influence on Financial Condition caused by Prominent Capital Expenditures in fiscal year 2023

#### (1) The Use and Capital Source of Prominent Capital Expenditure

Unit : NTD thousand

Program items	Actual and estimated source of capital	Actual or estimated date of completion	Total fund needed	Actual or estimated use of capital					
				Fiscal year 2019	Fiscal year 2020	Fiscal year 2021	Fiscal year 2022	Fiscal year 2023	Fiscal year 2024
Model Clamp Lifting Tool	Self-owned fund	113.12.31	2,514,678	632,505	479,355	366,693	191,706	103,406	100,814
Other equipment	Self-owned fund	113.12.31	129,850	57,763	19,424	2,992	14,231	5,755	4,848
MIS equipment	Self-owned fund	113.12.31	49,082	11,675	6,282	9,392	2,450	9,120	9,603

#### (2) Anticipated benefits

1. Invested in new model mold, increase production line to raise market shares.
2. The investment in information system related hardware and software, updating management information system will increase the managerial efficiency and strengthen market competition capabilities.
3. Increase the degree of automation, reduce the labor costs.

## 5. Investment Policy in Fiscal Year 2023, Major Reasons for Profit and Loss, Its Improvement Plan and Next Year's Investment Plan

Unit : USD thousand \ NTD thousand

Investor Company	Investee Company	Percentage of Ownership on December 31, 2023	Investment Gain (Loss)	Cause of Gain(Loss)	Improvement plan	Investment plan in the currently year
Yulon Nissan Motor Company, Ltd.	Yi-Jan Overseas Investment Co., Ltd.	100	\$1,245,668	Stabilizing Status of China Car Market	Nil	Nil
Yi-Jan Overseas Investment Co., Ltd.	JetFord, Inc.	100	USD39,987	Stabilizing Status of China Car Market	Nil	Nil
JetFord, Inc.	Aeolus Xiangyang Automobile Co., Ltd.	16.55	USD 201	Stabilizing Status of China Car Market	Nil	Nil
JetFord, Inc.	Guangzhou Aeolus Automobile Co., Ltd.	42.69	USD35,287	Stabilizing Status of China Car Market	Nil	Nil

## 6. Risk Management and Evaluation

### (1) Influence of the interest rate, foreign exchange rate and rate of inflation on company's profit/loss and plans to encounter these risks in the future:

#### 1. Influence of interest rate fluctuation on the company's profit/loss and future coping strategies:

The market interest rate is quite low in recent years, so the affect of fluctuation on the company's profit/loss is limited.

#### 2. Influence of foreign exchange rate fluctuation on the company's profit/loss and future coping strategies

To avoid potential risks, the company has not specially manipulated the foreign exchange rate; the exchange rate difference is utilizing the sharing method agreed with Nissan.

#### 3. Influence of inflation on the company's profit/loss and future coping strategies: Nil.

### (2) Policy on High Risk, High Leverage Investment, Capital Loans to Others, Endorsement and Trade on Derivatives, Major Reason for Profit/Loss and plans to encounter these risks in the future:

#### 1. This company has not involved in High Risk, High Leverage Investment.

#### 2. As to the Capital Loans to Others, Endorsement and Trade on Derivatives, these activities are governed by company's 'Procedure of Capital Loans to Others', 'Procedure of Endorsement' and 'Procedure of Trade on Derivatives'. There was no related activity in 2023.

### (3) Future research/development plans and estimated investing R&D expenditure:

Please refer to : V \ Highlights of Operations—1.Business Scope —(3)Technology, Research and Development (R&D)

**(4) Important Changes of Local and Foreign Government Policies and Regulations and Their Influence Over Company's Financial Condition and Plans to Encounter these Risks in the Future:**

After entering the WTO, the company has not enjoyed the favorable tax exemption/deduction of goods since the fiscal year 2005, but the company has reduced the purchasing cost and expenses, therefore the influence on the company's profit/loss is limited.

**(5) Changes on technology and industrial change influence toward the company's finance business and coping strategies:**

The company has the best car research/development team and personnel in the country, to quickly handle the technology changes and industrial change.

**(6) Changes on Corporate Image that Influence Company's Risk Management and Contingency Plans:**

The company has a good corporate reputation, and there has been no negative report in connection with the corporation.

**(7) Benefit anticipated and possible risks of merge and acquisition:**

It's not applicable, because the company was not involved in any merge and acquisition.

**(8) Benefit anticipated and possible risks of plant site expansion: N/A.**

**(9) Risks of having purchase or sales centralization**

1. Purchase: The company incoming shipment is Yulon Motor Company, Ltd., it's a listed company that has an outstanding credibility, excellent production technology and strong finance, so the company has no need of worrying about the interruption of incoming shipment.
2. Sales: Local market is the main selling of the company, selling cars and parts to the consumers through each location dealer. The company has an exclusive department responsible for supervising the sales development of each dealer, after a long period, the dealers' sales are pretty stable, so there is no risk of having sales centralization

**(10)The impact and the risk of having a big Volume of transferring or changes of Shareholders equity of the Directors, or holding more than10% shares shareholders, Except for the releasing of shares : Nil.**

**(11)The impact and risk of changing operating rights of the company: Nil.**

**(12)Litigation/Non-Litigation Events:**

1. The company: Nil.
2. The proportion of shares that the owned by big shareholders like the Company's Board Members, General Manager, Real Owner that exceeds 10% and the belonging company: Nil.

**(13)Other Important Risks and actions to be taken: Nil.**

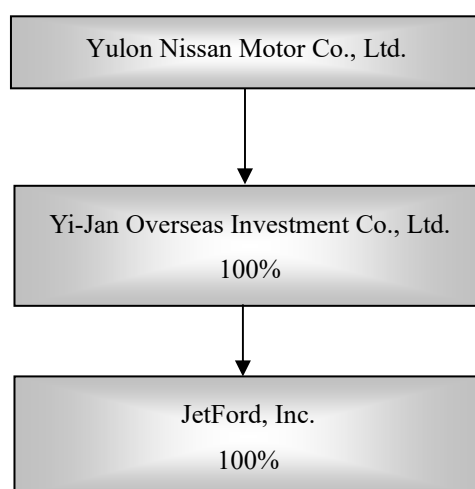

**7. Other Important Items: Nil.**
